Stock Markets At A Glance

CHICAGO, Sept. 14 — (AP) — Continued buying held wheat futures firm today, but other grains mostly were lower with losses in rye reaching more than a cent at times and declines in oats almost as much.

TORONTO, Sept. 14 — (CP) — Base Metals issues showed the only index gains at the close of the Toronto Stock Exchange today. They were up .04, while golds lost .76 and Western Oils .08. Turnover was 945,000.

WINNIPEG, Sept. 14 — (CP) — Eire took 500,000 bushels and the United States 200,000 bushels today in oats export business on the Winnipeg Grain Exchange.

NEW YORK, Sept. 14 — (AP) — The Stock Market suffered its long-expected technical correction today, after eleven successive sessions without a single average stumble but the reaction was far from serious and selling notably timid.

Transfers of 1,020,000 shares compared with 1,170,000 shares the day before and were the smallest for a full stretch since Sept. 5.

The Associated Press 60-stock composite was off .4 of a point at 69.1, first recession since Aug. 29.

MONTREAL, Sept. 14 — (CP) — All pivotal groups were marked down in the indices in trading today on the Stock Exchange and Curb market except golds which were a bit higher. Market students claimed the easier trends on average were a technical correction after industrials had risen to new eight-year highs as a reflection of trading optimism over the manner in which reconversion problems are being solved and papers had moved up as a reaction to increasing sales of newsprint, a shortening supply and the promised lifting of controls in the United States.

Trading box score: Total sales, 97,100 shares; mines 72,400; industrials 24,700; stocks higher 45; lower 62; unchanged 46.

A MEAT EXTENDER

With meat rationing just around the corner, ways to improve tougher cuts—which will require fewer coupons—are the talk of the day. One sure method is to freeze the meat quickly in the freezing pans of the refrigerator just before cooking. Let it thaw out again and pop it into the frying pan. Freezing makes the meat tender by the bursting the tiny shells as the liquid in them expands. The method is best used only with strong-flavored meat. Flavor of mild meats is apt to suffer.
