LIBERAL CONSERVATIVE
—A large number of people were in Summerside on Thursday to attend the Liberal Convention, which was held in the town building, after Dr. John F. McNeill was nominated for to contest the 5th District, the convention was adjourned until next Monday.

SOME HAY—Mr. John C. Dugan, Kensington, recently showed our correspondent there a stalk of clover that measured, in actual length, 7 1/2 in. This giant of the day species was grown on his farm in Spring Valley. But the length of stalk is no indication that the hay this season will be high (in price.)

A BASEBALL GAME between the Champions, and a picked team was held at the School grounds on Thursday evening, and was won by the Champions the score being 10 to 2. The above teams are all local boys, the picked team consisted of the pick from the three leagues, playing the Champions, which recently played Boston.

AT THE CHRISTIAN Church on Sunday Aug 13th, at 11 a. m. Dr. A. N. Simpson of Norwalk, Iowa will preach. The subject will be the Sermon on the Mount. In the evening at 7 p. m. Rev. Stewart Linkletter of Chicago will deliver the sermon. Everyone is cordially invited to these sermons.

RADIO—Radio telephony is getting to be quite a pleasure among the people of Summerside and nearly every day there are one or two new stations being erected by the young boys of the town. Concerts from New York, Pittsburg, Springfield and Newark are being heard every night by the boys and their friends and are thoroughly enjoyed. It is hoped that there will be quite a number of these sets in town this winter as there are agents there that can supply these sets at a reasonable cost.

MOTORED TO BOSTON—A party consisting of Mrs. Dr. Mac Donald and daughter, Gertrude, Mrs. Scullion, Mary J. Fraser, Mrs. Catherine McAulay and Mr. Joseph Kichham, all former Islanders, now residing in Boston, left recently on their return motor trip to Boston, while here they attended the Scottish Memorial celebration and other public gatherings. Mr. Kichham is Supt. of the Intercolonial Club at Boston. Miss Gertrude MacDonald drove their large Premier car both to and from Boston, which is some arduous performance for a young lady. K.

ADDRESS AND PRESENTATION

On Tuesday evening the members of Royal Lodge, I. O. O. F., Kensington, waited upon Ralph Balderson, late proprietor of Kensington Cafe, to emphasize the importance of the change that he has made in his line of business. The members and others realize that Kensington is losing an enterprising and valued citizen, wished to register, in the columns of unparelleled reference, the measure of appreciation which Mr Balderson had won and deserved in Kensington.

ADDRESS

Ralph B. Balderson, Esq., Kensington, P. E. I.
Dear Sir and Brother:

Cognizant of the fact that you have decided to remove from the business and social activities of Kensington, and assume similar responsibilities in a more extended sphere we deem it expedient to take cognizance of the event. During the few years that you have made your residence in Kensington, you have by business ability and strict attention to duty as well as by conformity to social requirements, proved yourself to be a citizen of the class that always arises at advancing the best interests of the town. Your many qualities strengthened by your business prestige have convinced an indifferent public that you can handle business with satisfaction to the public and advantage to yourself. Even under the most trying circumstances and surrounded by engaging activities, you have maintained the smiling countenance, and have won patronage as well by your magnetism of popularity as by prime quality of service.

The personality you take with you will serve you as potent in your new sphere, as it operated powerfully here in Kensington. And the assistants that you associated in your business here in Kensington were persons fully competent to meet the requirements of the office which service enhanced the value of your establishment.

We invoke for you in your new sphere of action a gratifying success and as agreeable advantages as you enjoyed here in Kensington.

Please accept the accompanying gift as an earnest of our sentiments thus expressed.

Signed on behalf of Royal Lodge
C. C. BAKER, N. G.

Mr. Balderson accepted the address and presentation with becoming modesty and evident gratitude, his countenance beaming with good-humored delight, emphasized more than words can depict, the sentiments that Mr. Balderson felt, but found difficult to express. He will make a model host in the office where he will discharge his duties in Charlottetown and his many friends in Kensington do certainly wish him continued popularity.—Y.

GIRL STOWAWAYS QUIT SHIP IN ENGLAND.

SOUTHAMPTON, Aug. 11.—Anna Muller and Katherine Fleming, the two thirteen-year-old New York girls who took passage on the Majestic as stowaways, were turned over to the police matron here amid affectionate farewells from the passengers, who shook hands with them, kissed them and gave them presents.

Anna and Katherine were discovered hiding in a lifeboat shortly after the big liner had put out to sea. They were taken before the captain, who after he had obtained the necessary information sent wireless messages to their parents assuring them that the girls would be sent home safely and then assigned the stowaways to a third class cabin. They soon giggled their way

into the hearts of the passengers and were showered with attentions. Now they are looking forward to their return voyage on the Homeric on Wednesday.

The girls said they had had a wonderful time on the way over and called the captain a "regular old dear". The ships cook, however, "was the most wonderful man of all" according to Anna. Nevertheless Katherine admitted that they would be glad to get

home because after all, the Atlantic Ocean had proved to be much larger than they thought it was.

WANTS ORIENTALS OUSTED FROM B. C. PAPER MILLS

VICTORIA, B. C. Aug. 11.—Steps to have all Orientals ousted from the pulp and paper mills of British Columbia were taken Saturday by Hon. A. M. Manson, Attorney-General and Minister of

Labor. Nearly 4,000 Orientals, a large proportion of them Japanese, are employed in the industry.

Mr. Manson proposes that their places be taken by white men, many of whom have large families and are either out of work altogether or are employed on less profitable jobs.
