SECOND STAGE OF THE LATE EMPEROR'S FUNERAL

The Casket Removed To Aoyama En Route to Monoyama For Burial—Thousands Watch Procession

(Canadian Press)

TOKIO, Sep. 12—The second part of the ceremonies in connection with the funeral of the Emperor Mutsuhita, took place tonight when the casket containing the body of the late ruler was started on the journey to Aoyama, whence it will be taken to Monoyama for burial.

(Canadian Press)

TOKIO, Sep. 13—The procession was headed by police.

Next came the militia and naval guards. The attendants garbed in hemp and carrying torches, drums musical instruments of ancient type playing a funeral dirge. Then came retainers carrying banners and war implements.

Immediately proceeding the funeral car was Count Togo, Master of Ceremonies and Count Watinabe, Minister of the Household.

The car was drawn by oxen with a guard of fifty young farmers.

Then came the Army and Navy Officials, Civic Officials and the Prime Minister.

The procession was concluded by thousands of sailors and soldiers.

Many hours were taken to cover the route of 3 miles to Aoyama.

SIR JAS WHITNEY DECLINED TO BE INTERVIEWED

(Canadian Press)

TORONTO, Sep. 13—Sir Jas Whitney, Premier, was not ready yesterday to be interviewed in regard to the strike declared by the Ottawa separate school board.

The request for an interview was declined on the ground of press of work.

The Minister of Education is away in Northern Ontario studying the educational needs of that district.

THE RACES AT HALIFAX YESTERDAY WERE EXCITING

The 2.17 Pace Won By Minnie In 2.18 1-2. P. E. I. Horses In 2.17 Trot-Vesta Boy In Sensational Finishes-Hooper Wins Watches

(Special to The Guardian)

HALIFAX, N. S., Sep. 13—The second day's racing in connection with the exhibition gave the public their money's worth and some to spare.

One race, the free-for-all, furnished enough excitement to satisfy any sport lover.

The first event called was the finish of the postponed 2.17 pace. It was won by Minnie in 2.18½, Ariel Wood second. There were no Island horses in it.

Next came the 2.17 trot in which there were entered Baby Logan and Devilish Dorothy, both Island horses. The latter was unwell ever since coming over but is expected to be all right for the next start.

Billy C. won the race in straight heats. In every heat he was forced to the limit by Baby Logan whom Jack Irving drove splendidly.

In the final heat Billy C. lowered the Maritime trotting record to 2.15½.

Baby was at his pad, so finished in better than 2.16. Devilish Dorothy won third money.

The free-for-all was the race which set all the nerves of the spectators tingling.

The first heat was won by Laura Merrill, driven by Cameron. Fred drove a great race and had his entry in the pink of condition.

Spooney Boy, from Sydney, won the second heat, the favorite Frank Patch won the third in easy style.

The fourth was a corker. Patch led till within one yard from the wire when Vesta Boy, from Summerside, who had come like a lightning flash from the rear nosed out Patch.

The scene on the grand stand was almost beyond description, men and women stood up and cheered frantically. Steel got the ovation of his life.

The fifth was another victory for Vesta Boy. Every horse in the race beat Patch to the wire. Vesta came in for more applause and Dannie Steele is now the idol of the crowd.

Sundown coming on, the race, was postponed until tomorrow, whose race it will be is a problem.

J. Parker Hooper of the Abegweits won two gold watches for first places in 220 and 440 runs. Parker outclassed his rivals completely. His spirinting won great applause from the spectators.

J. George Carver, the Oyster King, won the Gold Medal and Diploma for best exhibit of lobsters.

The following is the summary of the races:

2.17 TROT PURSE $400.

NORWICH FLOOD DRIVES FARMERS TO CANADA

(Canadian Press)

LONDON, Sep. 13—As far as Canada is concerned the chief result of the floods at Norwich and other districts is that the unfortunate farmers who have had such a terrible visitation are deciding to go to the Dominion.

CROOKED BACKS MADE STRAIGHT

(Canadian Press)

NEW YORK, Sep. 13—That Potts disease, or decay of the spine, which makes its victims hunchbacked, has been conquered at last is confidently believed.

Within the next few days five patients, three boys and two girls, ranging from six to eight years, will be taken back to their homes from Sea Breeze Hospital, Coney Island, well on the way to recovery, if not completely cured.

ONE KILLED AND NINE INJURED

(Canadian Press)

MONTREAL, Sept. 13.—One man was killed, and nine others narrowly escaped death in the Shawinigan Falls this morning, when the water turbine in No. 1 section of the Shawinigan Water and Power Co. plant burst and flooded the building to the depth of ten feet.

Ten men who were at work in the station at the time all managed to struggle out through the flood except Thomas Fitzpatrick, who was knocked unconscious and drowned.

DOUGLAS, Sep. 13—Antonio Rojas encamped within range of Agua Prieta, less than three miles from the American border, last night and defied the warning of the United States military authorities against firing on American territory.

If the Americans insist on helping the federals they must suffer the consequences, was the substance of his reply.

KEEP PUBLIC OPINION ON YOUR SIDE.

THREE RIVERS, Sept. 12.—"Try to keep public opinion on your side," was the advice of Hon. T. W. Crothers, minister of labor to members of the Canadian federation of labor today assembled here in conference. "I am glad," he said, "to find there is so much respect for labor and order in this province that you are not proposing any revolutionary measures such as had been proposed in some parts of Canada. Get public opinion on your side and you will get almost anything you want."

In showing how legislation of a century had bettered the lot of the worker, especially of women and children, the minister said that trades unions had done a great deal, and he asked why should people challenge the right of labor to unite since the legal and medical professions exercised their rights. An employer who had a profitable business and did not give a living wage should be denounced by press, pulpit and platform.

The speaker regarded strikes in the same light as war, as only to be used in the very last resort. He stated that of 104 awards under the Indusrial Disputes act, only one showed the workers' complaint to be groundless.

At the morning session the appointment of permanent chairmen under the Industrial Disputes act was advocated in an amendment proposed by Edouard Pepping.

HOME RULE LEADER'S BROTHER COMING TO CANADA.

DUBLIN, Sept. 12.—William H.K. Redmond, M. P. for Clare East, and brother of John E. Redmond, the Irish nationalist leader, will leave for America on the steamer Baltic sailing tomorrow. Mr. Redmond will be accompanied by his wife. He will attend the United Irish league convention at Philadelphia, September 23, and will deliver speeches at New York, Boston, Atlantic City, Portland, Chicago, Washington, Brooklyn and Montreal. He will leave on his return to this country October 10.

FAITHFUL NURSE WELL REWARDED

(Canadian Press.)

NEW YORK, Sep. 13—Miss Eleanor Peregin, the nurse who attended Walter Daryea during twelve years of helplessness, resulting from his breaking his neck while living, and whom he made his residuary legatee, will receive $15,983.96 as her portion of the estate, including amounts specifically bequeathed her, and the residue.

JOHNSON MAY GO TO AUSTRALIA.

SAN FRANCISCO, Calif., Sept.13—Twelve thousand pounds sterling in purses approximately $60,000 is awaiting in Australia for Jack Johnson, the negro champion heavyweight if he will go after it. The word was brought today on the arrival of W. C. Kelly, agent for Hugh McIntosh, the Australian fight promoter. Kelly is on his way to meet Johnson in Chicago, and until he learned of the death of Mrs. Johnson, was confident of taking on Johnson. Between Johnson and Sam Langford, McIntosh offers $30,000 for a fight with Sam McVey. He will give $15,000 and a like sum for a fight with Joe Jeanette.

THE CHINESE LOAN.

LONDON, Sep. 12—One of the principles concerned in the Chinese loan said in an interview yesterday that Dr. Sun Yatt Sen's railway project had no connection with the loan. He pointed out that plans of such a magnitude could scarcely be entertained by any group of business men at the present time. Referring to the scheme for the establishment of a bank, mentioned in the dispatch from Pekin, she stated that some such an institution would probably be established sooner or later, but that it formed no part of the loan agreement

MILLIONS WILL BE CONTESTED FOR.

NEW YORK, September 12— The fortune of the late John S. Lyle, merchant said to aggregate about $20,000,000, will become a matter of court today with the filing of the relatives of a petition protesting against the probating of the will, whereby the nonogerarian left the bulk of the estate to his widow, a former nurse, who was sixty years his junior. Mrs. Lyle was Julia Gertrude Harmon, who came from the maritime provinces. She was a nurse in the Presbyterian hospital several years ago and was employed to attend Mr. Lyle after his wife died. It is charged that his will was fraudulently obtained thru undue influence on the part of the nurse. Attorneys for the contesting relatives declare they have been unable to find any records of a purported marriage between Mr. Lyle and Miss Harmon in Yonkers, N. Y., September 20th, 1910.

Chauncey G.Parker, of counsel for the Lyle estate, said tonight that the records of the Church of the Immaculate Conception in Yonkers show that the two were married in that city on the date named. It was further said on behalf of the estate that its value had been grossly exaggerated, and that the fact that Mr. Lyle left $300,000 to his first wife's relatives and $4,500,000 to New York charities was a negative of any undue influence.

TRUST SYSTEM IN CANADA.

LONDON, Sept. 12—While we do not anticipate any serious set back in the near future, there are, nevertheless, reason for preaching caution, says the Daily News and Leader, commenting on the Canadian returns published yesterday.

Speculation in land, adds the newspaper, has reached a dangerous point, and in the midst of this rush of prosperity it is well to remember that grave evils are developing which will furnish many difficulties when the country has been further exploited.

The trust system, concludes the Daily News and Leader, has gripped the country to an alarming extent. Railways possess a power which dominates the state, and labor is very disorganized. Canada, politically, is far behind its material development.

CUNARD LINE TO MAKE CONNECTIONS.

LONDON, Sedt. 12.—The Times understands that the appointment of the Cunard company as agents of the P. and O. line in the United States and Canada will be followed by an issue of through tickets for the services of both lines. For a considerable time past many travelers from North America to India and the Far East and Australia have been using the Cunard and the P. and O. service, though it has not been possible to book through on a single ticket.

NEW GLASGOW MAN KILLED.

MONTREAL, Sept. 12—James Higg, of New Glasgow, N. S., was found dead with his skull crushed beside the street railway tracks at Longue Pointe yesterday, he met death by accident, according to the Coroner's Jury this morning. Higg leaves a widow and five young children in New Glasgow. He was fifty-two years of age.

WILL CREATE NEW STATE

SAVANNAH, Sept. 12—There has been started here a movement to have the next session of the Legislature memorialize Congress for a constitutional amendment creating a new State to be known at South Georgia and making at the same time the State of North Georgia.

Farmers are active in the movement, contending that information furnished to South Georgia from North Georgia institutions is often of no value owing to the difference in soils, while South Georgians are required to pay for maintenance of North Georgia institutions.

The proposed boundary would be drawn across the State from east to west on a line from Macon.

14 DEATHS DUE TO WHOOPING COUGH.

TORONTO, Sept. 13—A prevalence of whooping cough in the city which amounted almost to an epidemic, and is still quite serious, is the comment of Mr. Mills, statistician in the Health Department, in his report for August.

The report shows that there were 39 deaths from acute reportable disease, as compared with 30 in August, 1911, or a rise of 15 per cent. in the death rate per 100,000 population per annum.

The excess of deaths from contagious diseases was made up from diphtheria and whooping cough. Fifteen deaths are reported from the former disease, of which the St. Vincent's Infant Home is responsible for 9 while there were 14 deaths from whooping cough, as compared with only 10 from scarlet fever, typhoid fever and measles combined, serving again to demonstrate the extreme importance of this disease, which is so often treated with contempt by the public.

WANT DENTAL INSPECTION

(Canadian Press)

WASHINGTON, Sep. 13—Dr. Harvey W. Wiley, speaking before the National Dental Association said "we have medical inspection of the schools and I believe we should have dental inspection."

"Tooth hood is the time to start this inspection and you cannot give the child a better asset as a start in life than a good set of teeth."

"One thousand children die daily in this country," said Dr. Wiley, "and the deaths are due more to bad teeth than to any other trouble."

ASK NATION TO PAY CANDIDATES' WAY.

WASHINGTON, Sept. 12— One of the questions which the Clapp committee investigation the financing of recent political campaigns will consider will be the proposal to have the government defray the expenses of candidates for office.

Strong sentiment for this reform exists in the committee, and it is sure to be regarded with favor by some members of Congress, who find that the incidental expenses of candidacy make a big inroad on their salary. Under such conditions contributions from individuals would probably be prohibited as contributions from corporations now are prohibited.

The third term candidate in his letter to Senator Clapp last Monday declared that so long as the expenses of primaries and elections were borne by individuals instead of by the government no limit should be placed on the amount which an individual might contribute.

Some of the States now limit the expenditures of candidates and others defray a part of the cost of printing. In Oregon delegates to national conventions are paid $600.

GERM THAT KILLS HORSES.

LINCOLN, Neb., Sep. 12— State Bacteriologist H.H. Whaite, of the University of Nebraska, has discovered the germ which causes the mysterious disease that has been killing horses in Kansas and this State. The germ is said to enter the horse's head through the mouth or nostrils, and thence find its way to the brain. The germ is supposed to diffuse itself through the atmosphere as well as hay or other provender.

INFANTS DYING BY THE SCORE.

BUFFALO, Sep. 12—Latest reports on the infantile paralysis situation show that there have been a total of 220 cases since the epidemic started a few months ago. Twenty-six deaths have resulted, and 60 per cent of the survivors are permanently crippled. Four new cases were reported to the Health Department.

In the August number of the Public Health Report, printed by the United States Government, it is shown that other cities have been troubled more or less by this disease, but Buffalo and Los Angeles, Cal., lead all in number of cases and fatal results. From June 8 to August 17, 226 cases of the disease were reported in Los Angeles and 43 deaths resulted. In Los Angeles day and night guards have been established to enforce the quarantine.

HAIL STORM DOES MUCH DAMAGE.

NEW YORK, Sept. 12—From all parts of eastern New York and western Connecticut, there came to-day, reports of the heavy damage caused by lightning and hail, during a brief but violent storm, last night. The loss to the Connecticut tobacco crop from the hail, is estimated at $100,000. The hail stones in some sections were so large that they went through the roofs of barns and outhouses, while hundreds of windows were shattered.

HON. H. ASQUITH 60.

LONDON, Sept. 12—The Rt. Hon. Herbert H. Asquith, premier of Great Britain, quietly celebrated his sixtieth birthday anniversary today. During the day he was the recipient of a flood of congratulatory messages from friends and admirers in all parts of the United Kingdom and from Canada, Australia and other of the oversea dominions.

A PRESENTATION

Yesterday evening at five o'clock by a preconcerted arrangement the whole Guardian staff, including the Managing, business, writing, mailing and mechanical departments, with one solitary exception, Lorne Young, News Editor of the Morning Guardian who joined the group a few minutes later by a carefully veiled request to attend to some matters of business assembled in the Editor's sanctum. Immediately on his appearance and to his complete surprise the editor proceeded to read an address expressive of the deep regret of the whole fraternity over Mr. Young's departure, making suitable reference to his excellent character as a citizen, his genial companionship and the happy relations that had at all times existed between him and his fellow employees. The address concluded with the presentation of a "bag full of good wishes from one and all," the article in question being a handsome and valuable solid leather and leather lined club bag of the latest design and imported especially for the occasion.

Mr. Young responded feelingly thanking the donors for their kindness and assuring them that whatever the future had in store for him he would value to the end the friendship and kindness of his associates on the Guardian staff.

Mr. Young, who has been for three years on the news staff of the Guardian, in which capacity he has earned for himself the sincere friendship and good wishes of the management and his fellow employees, leaves Monday morning for Ottawa, where he has accepted a desirable position in the Customs Department. In his departure Charlottetown loses a respected citizen and he carries with him the best wishes of his many friends.

H. W. Yeo, Charlottetown, succeeds Mr. Young as News Editor and the Guardian bespeaks for him the unvarying courtesy extended to his predecessor. Mr. Yeo is well and favorably known and not altogether new to newspaper work.

THE AVIATOR COMING TO CHARLOTTETOWN

It has been definitely arranged that Peoli, the celebrated aviator, who gave such thrillingly interesting ascensions at the St. John exhibition, and whose performances were the great attraction there, is to make flights at the Charlottetown Exhibition on Wednesday and Thursday 25th and 26th, the two race days. He will start from in front of the grand stand and after the flight will alight there. There will be two flights each day. An ascension of 1,200 feet was made at St. John, and it is expected that a similar altitude will be attained at Charlottetown. This is by far, the biggest attraction that ever came to the province and no one should miss the opportunity of seeing this, one of the wonders of the modern world and possibly one of the coming methods of travel in the near future.
