

A TRULY IDEAL WIFE
HER HUSBAND'S BEST HELPER

Vigorous Health is the Great Source of Power to Inspire and Encourage—All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Mrs. Bessie Ansley

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study. If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:
Dear Mrs. Pinkham:
"Ever since my child was born I have suffered, as I hope few women have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed.
Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."
—Mrs. Bessie Ansley, 611 South 10th Street, Tacoma, Wash.
What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ansley it will do for every sick and ailing woman. If you have symptoms you don't understand write to Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

TWO CENT FARE
ON U. S. RAILWAYS

HARRISBURG, Pa., Sept. 16.—S. M. Williams, secretary of the Pennsylvania State Board of Trade, today made public copies of letters received from the governors of several states on the movement to obtain uniform legislation throughout the United States for a two cent maximum fare on all steam railroads. Mr. Williams recently communicated with the governors of all the states with a view of obtaining their sentiments on this question.
Governors of some western states say that because of the sparsely settled condition of their states the fare is not yet ripe for a radical reduction of fares, but that such a reform will come about when the population increases to give the railroad enough business to justify a cut.
That Toronto with her wide streets, lack of crowding and bright moral tone is probably the most beautiful residential city in the world and that all Canadians may well feel proud of her.
That the construction of the C. P. R. was a great piece of work considering the lack of mechanical means compared with today.
That brains muscle and money will accomplish almost anything.
That Winnipeg is a great city and destined to become greater.
That the young people from the old country seem to occupy a great many positions there.
That the population there has grown from 28,000 to 100,000 in the past five years.
That the eight-seer there misses something if he does not get on the roof of the Union Bank, 210 feet high.
That Winnipeg may feel proud of her police force.
That St. Paul and Chicago are tremendous railway centres.
That the late Max O'Reil was right about the grandeur of American express trains in "Jona'han and his continent."

MOORE & McLEOD'S
AUTUMN MILLINERY

Told of in Advance—Fashionable, Elegant, Distinctive, Nobby.

Dear Angela—
I haven't forgotten you, but I've been busy. And now just a line to tell you Moore & McLeod's "opening" takes place tonight and I just wish you could come. I lingered long and lovingly among the beautiful things yesterday, and wished—lots of impossible things. It seems to me Dame Fashion is going mad in fancy shapes this season: Le Sapho and the Skideau—Yvese Tilly and McMill being the ultra fashionable selections. Among the imported hats I noticed a quite pretty, small toque, which shows that while large hats are the rage, small ones hold their own. The one in question, made of myrtle green velvet had the rim formed of peacock breasts, peacock feathers made the side trimming, the back and bandeau composed of liberty satin roses. Moderately priced too, only \$7.75.

velvet edged with shirred olive green liberty silk ribbon. Two pair of mercury wings in olive green, and the bandeau banded in olive green tinted velvet roses complete a very lovely hat, and one that shows Miss Sloan's skill to a nicety. Price \$7.00.

I have chosen these hats at random Angela, it seems to me that were you to commission me to buy there are so many to choose from I would never know where to begin.

And if I only had time to tell you of the wealth of beauty there is in millinery materials! Exquisite shades, rich textures, drooping ostrich tips, flowers exotic in their gorgeous coloring and fruits in tropical luxuriance.

I said "Just a line" but I have written many, and could write many more except that I want to go to the opening tonight and must make my work "catch up." Its horrid to be so busy, but you deserve it for being such a poor correspondent.

I'll write again after the opening is over, and if I see what I know you'll want I'll put it aside for you, that's tantamount to saying you'll have a new hat for next Sunday, for there's sure to be something there, the variety seems endless.

An Revolt, Ma chere,
With love,
Your Friend,
"PHILO."

A Gainsboro hat in white moire antique silk is perfectly exquisite. The wide rim is bound with a wide fold of black paven velvet, the high crown finished with folds of black velvet and jet buckles. Two handsome plumes, one white and one black complete it, the price in this instance being \$15.00.

But I mustn't forget to tell you about Miss Sloan's work, for you (to put it mildly) rather roasted me last spring for not putting her's first. It deserves its anyway. The only reason I mentioned the imported hats first being the courtesy due to strangers, eh?

One of her small hats is in two shades of prune panne velvet, prune rosettes and foliage, enamel buckles and prune net on bandeau compose the trimming. Price, \$8.50.

Another, the Skideau, is a medium sized hat, the shape rolling high at sides and back. It is covered with olive green

That the great American continent has been built with so little help from us. That our tight little Island, for climate, soil surface and production will compare favourably with any other place.

That we should drop the terms P. E. Island, Nova Scotia, New Brunswick, English, Irish and Scotch and simply call ourselves Canadians.

FOR YOUR STOMACH.

When you eat your dinner tonight take a thought about your little stomach. First you fill it with soups, then fish, meats, salads, a dozen and one other things, and wind up with ice cream, coffee and perhaps wine. You see you are pretty hard on your stomach to make it bear all these cultivated tastes of yours, eating and drinking, morning, noon and night. Is it any wonder that it is sore, tired, painful and tired? How can it help burning, pain, giving off fermented gases? Why don't you try Hutch tablets? Get them at any drug store give your stomach some assistance. Take it a day or two and you will have to confess that Hutch is the greatest preparation for pains in the stomach you ever came across in your life. Don't forget! Take one after each meal. This makes Hutch do the most good. A big bottle 200 for \$1.00. For sale by all druggists.

YOU CAN BANK ON MISS BAIN'S SELECTIONS.
She has returned from the Fall opening at Toronto. Bought the largest stock of untrimmed hats and trimmings that we have ever stocked. Leave her your order early this coming week if you want it for Saturday. James Paton & Co. 9-17d H.

Prominent among the good features of the millinery opening this evening will be the generous range of extremely handsome hats of very moderate price. You will be surprised to see how graceful, how stylish, and altogether attractive hats can be made for very tempting prices.—MOORE & McLEOD

NEW RAILROAD TO BE RUN BY ELECTRICITY.

Windsor, Kingsville, Leamington and Chatham will soon be linked by one of the most complete inter-urban roads on the continent. The Windsor, Essex & Lake Shore Rapid Railway Company declared that the cost and operating expenses would be less than cars could be run at higher speed by the Westinghouse single phase alternating system, than by either steam or direct current electricity. The Westinghouse Company have long made a specialty of electric traction apparatus, having supplied the equipment in Montreal and other large cities.
This new line will be equipped with the same type of apparatus as that designed by the Westinghouse Company for the Grand Trunk Railway as well as for the New York, New Haven & Hartford Road running out of New York City.

A CASE IN WEST ARICHAT.

Mrs. A. P. Ferguson a well known Cape Bretoner has cured asthma by "Catarthozone." Her statement is convincing: "Although I was troubled for years it was only recently I tried Catarthozone. When an attack started I got out my inhaler and invariably got quick relief. Feeling satisfied Catarthozone would cure, I continued the treatment till one bottle was finished. I didn't use more because I was cured and the asthma has never returned." Catarthozone is safe death to asthma and bronchitis. Try it and be convinced. Two sizes, 25c and \$1.00 at all dealers.
