THE WEATHER THE TEMPERATURE TIDE, MOON E C

(Special to The Guardian) TORONTO, Sept. 6.—Light to moderate winds, fine, not much change in temperature.

THE WEATHER.—Yesterday was clear with light northerly winds; clear at night.

The highest temperature recorded yesterday was fifty-eight degrees above zero and the lowest was forty-five above. The lowest the previous night was forty-three above. At nine a. m. it was forty-three above and at nine p. m. forty-five above.

The tide will be high this afternoon at 3.12, tomorrow at 4.11 and Monday at 5.17; it will be high tomorrow morning at 2.30, Monday at 3.19 and Tuesday at 4.06.

The sun sets this evening at 6.30, tomorrow at 6.28 and Monday at 6.25; it rises tomorrow morning at 5.29 and Tuesday at 5.30.

The moon sets tonight at 9.22 and Saturday at 10.09.

There was a new moon on Sunday, August 31st, at 3.38 p. m.

The first quarter of the new moon will be on Sunday, Sept. 7th, at 9.06 a. m.

The length of today will be thirteen hours and four minutes and of tomorrow thirteen hours and one minute.

Guard Baby's Health In The Summer

The summer months are the most dangerous to little ones. The complaints of that season, which are cholera, infantum, colic, diarrhoea and dysentery, come on so quickly that often a little one is beyond aid before the mother realizes he is ill. The mother must be on her guard to prevent these troubles, or if they do come on suddenly to cure them. No other medicine is of such aid to mothers during hot weather as is Baby's Own Tablets. They regulate the stomach and bowels and are absolutely safe. Sold by medicine dealers or by mail at 25cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

IN MEMORIAM

MRS. CHARLES McDONALD MR. RODERICK GILLIS

Hartsville has lost one of its good citizens in the passing away on Friday, August 29th of Roderick Gillis. The deceased had been in failing health for almost a year but bore his long trial with quietness and patience until the happy release from suffering came and his spirit entered what we believe to be the perfect rest.

Mr. Gillis, who had reached his sixty-seventh year, had spent all but a very few years of his life in the neighborhood in which he was born and died. He was a kind and obliging neighbor, a friend who appreciated friendship and who found delight in exercising it. Always ready to give a hand in every good work he will be missed in his community.

He is survived by a sorrowing widow and two sons, one at home and the other in the railway service in British Columbia. The respect and sympathy of a large circle of friends and acquaintances was shown by the large attendance at the funeral on Monday, Sept. 1st. The services were conducted by the pastor of the Strathgalloway Congregation, Rev. A. D. MacKenzie. He looked for the inheritance incorruptible and undefiled.

MISS MARY E. EASTON

The death of Miss Mary Emma Easton occurred suddenly at the home of Mr. and Mrs. Miller Mathieson, Mt. Edward Road, about five o'clock yesterday morning. The deceased was about fifty years of age, and lived with her sister, Mrs. Mathieson. She had been up to the time of her illness, in her usual health, and retired last night apparently as well as ever. Her death under these circumstances is peculiarly sad and her three surviving sisters, namely, Mrs. Mathieson, Miss Jessie in the United States, and Miss Matilda, at home, have the sincere sympathy of a wide circle of friends.

(From Yesterday's Evening Guardian) Died at Flat River on the night of August 30, 1913, Mrs. Charles McDonald in the 78th year of her age. She had been long ailing and suffering so that death was a happy relief to her, as far as men's judgment goes and she was fully prepared for the great and solemn change. Deceased was a member of the Presbyterian Church of Wood Island and a good worker in the church. She carried out the principles of her profession by a life and conversation becoming it and was highly respected in the community in which she lived. There are left to mourn, three married daughters and five sons. The only son at home is Albert; the rest are abroad. Her funeral took place on Monday, September 1st, and was very largely attended. Stores were closed and harvest fields were at a stand-still while people paid the last tribute of respect to the memory of a good woman. Her remains were laid to rest alongside those of her husband who had predeceased her long ago, in the Belfast Cemetery. The funeral service was conducted at the house by Rev. John Gillis.

MR. WM. RUSSELL BIRT.

(From Yesterday's Evening Guardian) Seldom has such a gloom been cast over a community as when the Angel of death suddenly called William Russell Birt to his Eternal home on the afternoon of Monday, August 18th. He had called to the home of his uncle Jonathan about 1.30 p. m., seemingly in his usual health and spirits. After half an hour's conversation he left with the intention of attending to his farm duties. He was accompanied by his uncle, who was going to the pump, it being in the direction of where the young man was going to work. They had only gone part of the way when he suddenly fell forward and expired without even a struggle, death being due to heart failure. Mr. Birt was a young man of exemplary habits, honest and upright in all his dealings with others. He will be sorely missed, not only in the home where he was a loving and dutiful son and a kind and affectionate brother, but also by his friends who admired his many principles and high standard of morality characteristic of one who aimed for the higher things in life. The deceased was born in Pisiquid thirty-seven years ago, the son of John Birt and Isabel Beer and the eldest of a family of twelve, all of whom survive him—Mrs. Geo. Birt, Mrs. Frank, Cyrus and Mrs. Geo. Birt, in Saskatchewan; Mrs. Frank Wormwell and Miss Selina in Boston; Mrs. Robert Docherty and Miss Margaret, teacher in Cardigan and Welland, Wallace and Miss Alice at home. The esteem in which the deceased was held was clearly evidenced by the large number who called at the home during the hours of bereavement, to offer their sympathy to the grief-stricken parents, brothers and sisters, and also by the large concourse that followed the remains to Mt. Stewart cemetery on Wednesday afternoon, there being about seventy carriages.

GOLF.

The qualifying round in the men's championships will be played this afternoon, the best eight scores to qualify. In conjunction with the above match a sweep-stake handicaps match will also be played. Entrance fee 25c. All men players are requested to play. Players will be at the club house at 2.30, or phone their entry to the green's committee. The second round in the Longworth Cup (Ladies), is also scheduled for this afternoon.

SIR WILFRID TO VISIT HIS OLD HOME.

OTTAWA, Sept. 4.—Sir Wilfrid Laurier returned to the Capital this morning after a fortnight's holidays as a guest of Sir William Mulock, at the latter's summer home at Newmarket. The Liberal leader will spend a week or so in Ottawa, and will then probably go to his old home in Arthabaskaville for a few days. His first public meeting in the projected series of autumn meetings in Ontario and Quebec will probably be held in the latter Province during the first week in October.

CONSERVATIVE OPTIMISM

Optimism is good, healthy optimism is better, conservative optimism is best. For the pessimist, the croaker, the knocker and people in general who view things through "blue spectacles" the world has little sympathy or use. They are the "bears" who are always endeavoring to cut down values and precipitate panics. "Conservative optimism" always gets at the bottom facts and then, if the outlook warrants it, indulges in an optimistic attitude that is not likely to cause disappointment.

That is the sort of optimism with which the new milling industry may be regarded. This industry will not make everybody rich. It will not pay a hundred per cent., as some black fox farms have done, nor the half of it, nor the quarter of it. It will, however, be paying good healthy dividends long after the present fancy profits in fox ranching have become a matter of history.

These safe, solid and sensible propositions, are, after all, the basis of all enduring prosperity. Big dividends don't last long, as a rule. Competition in course of time brings them down to the common level. Probably the only real chance to make large profits out of the Prince Edward Island Cereal Co. will be to get in on the ground floor, that is to say buying the prepared shares now and receiving therewith a bonus of 50 per cent. of common stock. These common shares should, some day be worth their face value, which would mean a return of \$150 for a present investment of \$100, besides all the intervening dividends. 1329Mell.

FOX NOTES.

Messrs. William K. Gross, Frank C. Robinson, Fred C. Jones, John S. Magee, Watson Lutz, William Humphrey, Richard F. Kinnear, all of Moncton, are applying for incorporation as the Mapleton Fox and Fur Company, Limited, in the Royal Gazette this week. The capital of the company is to be \$24,950, with head office at Moncton.

The Boston American says:—A large box manufacturing concern in Boston last year invested \$20,000 in a silver fox ranch. They received a dividend of 100 per cent. this year, while their original holdings have appreciated tremendously.

A high official in the Boston Elevated Railway Company purchased a pair of silver foxes this month and is having them ranch in Charlottetown, P. E. I.

The president of one of the largest automobile manufacturing plants who has an office in Boston invested \$20,000 in a silver fox ranch at Charlottetown less than ten days ago. A Boston business man who is starting a fox ranch on P. E. Island brought on his last trip \$180,000 from Boston and vicinity, the money coming from many of his friends who wanted a share in the business.

There is \$250,000 worth of fox wire netting in use on the ranches at P. E. I. today. The largest dealers in this product are Brace, McKay & Co. Ltd., of Summerside, P. E. I. The meeting which is of superior quality is made especially to the order of this concern in England by one of the world's largest manufacturers.

The big secret in successful fox rearing is in the securing of the keeper or ranch superintendent. It would almost seem that many ranchers possess a sixth sense in respect to fox knowledge.

Mr. Jno. A. Lea of Summerside, P. E. I., superintendent of Holman's Ltd. Park Farm Silver Fox Company, the first company to secure foxes from the combine, has had wonderful success. Besides possessing a rare knowledge of the animals Mr. Lea is a business man of ability.

For the information and assistance extended in search of fur-farming knowledge thanks are due to Consul Westley Frost, Premier Mathieson, Minister of Agriculture, McKinnon, Hon. J. E. Wyatt, Editor Nash of the Island Patriot, Mr. Fenton Newson of the Guardian, Editor Brennan of the Summerside Journal, J. Walter Jones, government expert, John R. Dinnis, Fred Rogers, B. I. Raynor, James C. Tuplin, Harry Lewis, Hon. Chas. Dalton, Wm. H. Kinsman, J. S. Hinton, J. E. Newson, James D. Henderson, Frank F. Tuplin, W. E. Irowse, J. R. Barr, and many others.

Two valuable books on fur-farming are obtainable. "Silver Fox Ranching on P. E. I.," by U. S. Consul Westley Frost, issued by the U. S. Dept. of Commerce and Labor, "Fur Farming" by J. Walter Jones, Commissioner of Conservation, Ottawa, Canada. They are sent free upon request.

HORSE NOTES

The Island horses apparently are holding their own at the Halifax Exhibition, Devilish Dorothy, Hilda S. Oakley H., Baby Logan and Vesta Boy, have so far stepped within the money.

Danny McKinnon's horses are all well and working soundly again after their seige of sickness. Bottom work in 22 1/2, Iona Girl in 24, Alfred K. 24 1/2. The latter horse promises to be a sensational trotter, finding a mile round 25 easy and quarters in 34.

Alfred H. showed the Halifax folks that he had the speed of the bunch in his class, but the big son of Oakley Baron 22 1/2 is somewhat of a puller, and hard to control on a break.

Dongola, 2.20, didn't make much out of his first start at Halifax, he went to the first half of the first mile, in 1.04 but this burst of speed sapped out his finishing qualities, that he has been so noted for and he didn't get in better than 4th place.

Hammond Kelley's stallion Mayor Todd, recently worked a mile in 2.24. Mayor Todd is now taking in the Halifax show.

The Montague Horse races, were about as exciting as any ever seen on P. E. I. The 2.19 class showed that Dominion D. "the sweep pacer" is a stayer, whilst the 2.30 pace brought out the sensational pacer Carberry. The 2.24 class bringing out Happy Geo., the Long River speed Merchant. The latter is considered about as fast a trotter as has yet been produced on the Island.

The much talked of Yankee Princeton who has been working miles around 2.18 this summer, failed to beat out Duncan Robertson's 4 year old Reslight at the New Annapolis races. Yankee is a very fast horse, but apparently leaves his speed home on race day.

J. M. Nicholson's Aquiri, met with an accident, while coming from the New Annapolis races, which will put him out of the running for this season at least.

The 2-year-old Princeton Colt, The Ahewweit, promises to be a sensational youngster this fall. So far he has been going miles close to 2.40 and halves in 18. This colt is out of the dam of Reslight, and Oakley H.

Geo. Crescen, is looked upon to do well at Halifax next week. Crescen, has been working very fast all summer.

Cherrie Ripe, is fast coming back to his old form, and may possibly be fit to go a good race this fall.

Snaps In Handy Tools

We offer you these 4 lig specials for the remainder of the week only. These are goods which we purchased at a Manufacturer's sale in New York, and bought them less than it really cost to make them. Note the money saving prices.
