Last year's high day—a record to that time—was approximately $900, the Postmaster said. Kantor—promoter arrested in New York recently in connection with investigation into the activities of McKesson and Robbins drug firm —the salesman for Jay Copper Stock who visited this Province slightly more than ten years ago.

Although definite figures were not available last night it was believed Prince Edward Island investors had lost to the tune of approximately $110,000.00 in money put into the copper stock. One wealthy investor in the Province is said to have lost $30,000.00. Nine inches of snow had fallen on Prince Edward Island up to 8 o'clock last evening and several inches were believed to have fallen during the night. A 20-mile-per hour wind began to pile up drifts during the afternoon and increasing velocity after darkness had fallen heaped snow in banks several feet deep. Almost everywhere motor traffic on country roads was blocked.

A plow was sent from Summerside to Borden by rail in the evening and began work of clearing the road between the two Prince County centres. Earlier in the day a plow working towards Summerside from Charlottetown met heavy drifts at Brookfield and abandoned the work until the storm subsided. The same plow went out the St. Peter's Road almost to Mt. Stewart, it was announced by highway officials. If conditions today were favorable a plow would be sent out the 49 Road toward Montague.

HEAVY LOSS FROM FIRE — Fire completely destroyed barn and part of stock of Mr. Percy Coffin, Kingsboro, at noon on Tuesday. They were at dinner when the children saw smoke coming out of the barn. Mr. Coffin was able to save the horses and three cows but the fire was so far advanced the smoke and heat was unbearable. Four cows, three calves and a dozen hogs perished in the fire. Several of the hogs had been fattended ready for shipment. He also lost all his harness and a large quantity of feed. Through the medium of the telephone word of the fire soon spread and neighbors and friends for miles around gathered at the scene. Owing to their efforts the roofs of other buildings housing grain, wagon, sleigh and farm machinery, was saved by water hauled from the Pond and saved from destruction. Mr. Coffin and a neighbor had worked all morning putting a door on back of barn and the origin of the fire is unknown. Much sympathy is felt for Mr. and Mrs. Coffin for such a severe loss at this season. It is understood there was a small insurance.
