The Leading Dry Goods Store.

DRESS GOODS

New Spring Dress Goods

It is with pleasure we announce the arrival of our dress fabrics from Great Britain by the S. S. Carthaganian which sailed from Liverpool on February the 15th last. They arrived in Charlottetown yesterday and may be seen at our store to-day

We wish that every lady within the City would accept this invitation to inspect the new dress goods. We are too modest to say they are the finest ever shown in this City. We simply appeal to your intelligence in this matter as to their merits. By placing a very large order the manufacturers have given us exclusive control of the lines for this Province, It comprises everything new in dress goods as worn in Paris and London.

We call special attention to our lines of new Bannerman Royal Mohair Dress Goods. We have the exclusive agency here, the values are exceptionally good at $1.35 a yard and the patterns are the latest that fashion has decreed.

Lace Curtains

We have opened a large shipment of Lace Curtains direct from the manufacturers. We can say without hesitation that no firm in the City has ever placed before the public such a large assortment of new and up to date designs in Window Curtains as that now shown by us.

We ask critical buyers and those who are judges of values to come and compare as we are in a position to save you money on every pair of curtains you purchase at our store, in order to introduce these lines into our City. We are quoting at the following low prices for 50c, 75c, 85c, $1.00, 1.25, 1.35, 1.50, 1.65, 2.00, 2.25, 2.50, 2.75, 3.00, 4.50, 6.00, 7.50, 9.00, etc.

All the departments of our store have been opening up new goods, Every ffort is being made by us to make our store the leading place in the Province o do your shopping at. Watch our ad from day to day for the latest store news.

S. A. McDONALD.

MUSIC, SONG, MOTION PICTURES AND VAUDEVILLE

At New Wonderland in Abundance Tonight---The Pictures Are Swell.

The new reel for tonight at New Wonderland tells some funny stories. The Puppet's Nightmare is simply too funny for anything. Just see the strange camera work it gives evidence of, and more marvels will be in order as to how such pictures can be produced.

The Beggar's Dream, is an amusing tale of how a beggar took too much of a good thing, and dreamed he was prosperous. See how he is awakened and imagine how he felt when he realized he was only dreaming.

Desperately in Love, and Chase for a Bike, are the other themes, and each is good.

Kramer and Massey, the swell entertainers for the week, are drawing near the close of their engagement, so it is up to all to hear again the sweet melody which Mr. Massey brings from the sweetest of all musical instruments the Clarinet. He is a wonderful player, and in the comedy which makes the life of the act, Miss Kramer completes his work splendidly.

Song and music always draw lovers of the divine strains, and tonight will give plenty of it at New Wonderland.

COUNT OKUMA PRAISES TAFT

TOKIO, March 9—Count Okuma, former president of the progressive party, has written a signed article for the Tokio Mainichi, in which he unreservedly praises President Taft for his policy as embodied in his inaugural address.

In regard to that portion of the address dealing with the treaty rights of aliens, Okuma says it would be a matter for universal rejoicing should the delicate relations between federal and state legislatures be adjusted in a manner thoroughly compatible with national credit and honor and the standing of the United States as a highly civilized nation.

In respect to the naval program as laid down in the inaugural speech, the count professes to concur fully. He writes that President Taft believes that such an outcome is an unavoidable demand of the times, and ridicules the idea that it is directed against Japan. He asserts this idea is a gross misrepresentation of both Japan and the United States, who believe equally that a navy is a best guarantee of peace.

Regarding immigration the count cannot entertain the idea of restriction as a principle, but he is unopposed to it as a temporary measure for preventing unnecessary excitement and irration when Japan is unfortunately the object of unwarrantable suspicion.

In conclusion he says:—"Japan's real motive was proven on the occasion of the visit of the fleet, and is now understood fully by estimable Americans. Loyal anti-Japanism is not of serious concern, and will disappear when Americans cease to be haunted by a needless suspicion."

MANY HOMESTEADS STILL AVAILABLE

WINNIPEG, Man., March 9.—Statistics compiled by the Department of Immigration here show there are still 200,000 homesteads available in the three prairie provinces under the surveys which have been completed. The extension of the surveys, of course, will increase the number greatly.

The free farms are located as follows, according to provinces:—Manitoba, 18,118; Saskatchewan, 96,360, and Alberta, 71,286. Much of the land is desirable, quite as good as anything in the country, and all that is required to make it equal is adequate railway facilities.

RAILROADS WIN CASE IN MISSOURI

KANSAS CITY, Mo., March 9—A notable decision in favor of the railroads was handed down today by Judge McPherson of the United States district court, in the two cent fare and maximum freight rate cases, involving eighteen Missouri lines. The railroads contended that the rates fixed by the statutes of the state were not remunerative, but confiscatory, and that the enforcement of the statutes be enjoined. The state brought proceedings to have them enforced.

The court has reached the conclusion that upon this question the statutory rates fixed by either and both statutes are not remunerative.

WORKMEN TO START EARLIER IN DAY.

OTTAWA, March 11.—Norman Lewis has given notice in the House of Commons of a Daylight Saving bill along the lines of the Bill now before the British House. The bill provides that Canada will begin in the movement to put the clock back one hour in summer—thus enabling people to get more hours of sunshine during the summer months.

MAJOR S. S. SHARP, M. P., for North Ontario.

MONCTON TO TAKE OVER TELEPHONE.

MONCTON, March 11.—The annual convention of the New Brunswick Union of Municipalities decided yesterday to memorialize the Government to take over the telephone system.

A Committee was also appointed to consider the suggestion made to make it compulsory on Boards of Health to disinfect cases of tuberculosis.

HEALTHY HAPPY CHILDREN

are a joy to every mother's heart. Thin irritable, puny children who are always craving meat and sweets, in nine cases out of ten, suffer from WORMS, and should have careful attention.

Dr. McLean's Vegetable Worm Syrup

is a safe, speedy, effective and pleasant remedy that will soon bring the little ones back health and happiness.

One Way to Save Work

As every woman knows who has to take care of even one room, dust is the worst workmake of all, for the housewife. Most people know, too, that floor dust is a vehicle of disease. But it has not been an easy matter heretofore to prevent dust from having its own way with floors, even with the gradual banishment of carpets and the substitution of rugs and hardwood floors; for not every home can afford such floors, even if they were easy to keep clean or new-looking, as they certainly are not. Yet the solution of the dust problem is made easy by Floorglaze. With any of the ten charming shades of this easily-applied and quick-drying floor finish, any woman can have floors which will be easy to keep clean, and far more sanitary than a painted, oiled or waxed floor

Floorglaze

Even to soft-wood floors Floorglaze gives a beautiful, glossy surface that will show no signs of wear after years of severe service, and that can be quickly washed clean and brilliant with soap and water. The use of Floorglaze is an insurance against dust, and actually against disease as well; it saves a vast amount of tiresome housework; and it is good for outdoor use, on porch and veranda floors and steps. A gallon of this most useful enamel covers 500 square feet. Floorglaze is sold in tins, from a pint to a gallon in size, by most reliable dealers in paints, and is made by Imperial Varnish & Color Co., Limited, of Toronto, who will gladly send you a free booklet worth reading

ANNOUNCEMENT

Manufacture of Gasoline Engines.

We wish to announce to the public our entrance into the manufacturing field of gasoline engines.

Recognizing the increasing demand for these motors, we obtained plans and specifications from an expert American designer. We now have the construction work almost completed, and we feel satisfied that we can manufacture a motor equal, if not superior, to any on the market at the present time.

Our motors are constructed with renewable bushings in all bearings. When any of these are worn or injured in any way they can be replaced at a very small cost. This is but one of the many advantages in our engines.

We feel assured that the people of this Island will appreciate our efforts to manufacture at home an engine equal to that offered by any other firm, and we respectfully solicit a share of your trade.

The engines we are manufacturing are of the marine type, 4 h P. single, 8 h. P. double and 12 h. P. triple cylinders, suitable for fishing or pleasure boats, and would ask any person intending to install such a motor to call or write us before purchasing elsewhere.

Terms and prices reasonable.
