**—MR. W. K. MCGOUGAN** is Guar-  
 antee representative in Summerside.

 and luxuriant appearance and promis-  
 es to be remunerating.—R.

 the Red Cross of Bedouque and Tryon  
 will be given by the young people of  
 Tryon in Central Bedouque Hall on  
 Monday evening, July 16, Remember  
 the date. 1618-7-14M21.

**—OLD TIME HOUSE RAISING**—  
 An old time house raising "frolic"  
 took place in Ebbesleet last week,  
 when nineteen men assisted in rais-  
 ing Mr. Peter Callaghan's house two  
 feet higher than its previous posi-  
 tion. Mr. Callaghan intends to build  
 a cement foundation. The raising  
 was superintended by Mr. Jeffrey,  
 professional house raiser.—K

**—STRAWBERRIES PLENTIFUL**  
 The people of Mont Carmel earnest-  
 ly hope that Rev. P. P. Arsenault,  
 their pastor will be abundantly re-  
 numerated through his crop of straw-  
 berries which has never been so pro-  
 mising as it is. A large or even abun-  
 dantly large yields would only be a  
 small remuneration for the painstaking  
 and earnest endeavours even in  
 the midst of the almost total failure  
 of last years.—R.

**—RECRUITING.**—Sergts. J. P.  
 Ellsworth and Walter Hope of the  
 105th draft arrived from Charlottetown  
 on Tuesday evening. They pro-  
 ceeded west by the express and  
 will hold a series of recruiting meet-  
 ings during the week. These officers  
 will make their headquarters at  
 Elmsdale where they will be pleas-  
 ed to give any information to those  
 who wish to recruit.—H.

**—SHIPPING.**—The schooner Ellen  
 Mary, Capt. Olson, has finished dis-  
 charging cargo and will leave at

 with coal for Holman's, Limited;  
 Captain Perry, of the schooner Wild  
 Brier, has completed repairs, and  
 is loading a full cargo of salt from  
 R. T. Holman's, Limited, for the  
 port of Miramichi; the Dictator,  
 Captain Reardon, is scheduled for  
 Friday with a cargo of hard coal from  
 the Point; the Malabar, Capt. Carver,  
 and the Senator Snowball, Captain  
 Lynch, have also arrived, coal-laden

**—PLUMBING AND HEATING.**—  
 Estimates furnished on application,  
 jobbing a specialty. Satisfaction  
 guaranteed. J. A. Buote, opposite  
 Railway Station. 1647

**—HORSE NOTE.**—Mr. Francis  
 Murray, Graham's Road, sold his  
 valuable driving mare "Rosie" (Park  
 side) to Mr. Lee Sutherland, Sea  
 View. A handsome price was realiz-  
 ed.—A

**—THE NORTHUMBERLAND.**—  
 About eighty passengers, principally  
 ladies and children, came over by the  
 Northumberland Thursday evening,  
 the freight comprised one car auto-  
 one car window glass, one car hard-  
 wood flooring, one car plaster and  
 three cars way freight. H

**—ISLANDER SAFE.**—Pte. Joseph  
 Wigmore, formerly of Pound's Mills,  
 who by mistake, was reported miss-  
 ing, April 9th, has been discharged  
 from a hospital in England, to which  
 he had been admitted this spring,  
 suffering with French Fever. He will  
 likely be sent to France soon.—A

**—GOOD ROADS.**—The enterpris-  
 ing road-master of Graham's Road,  
 and vicinity, Mr. James Campbell, is  
 to be congratulated on the excellent  
 work done on the roads this year.  
 Mr. A. Chappell, the manager of the  
 road machine, certainly understood  
 his work, and has left the roads a  
 credit to the community. This  
 cannot yet be said of the bridges,  
 however.—A

**—THE SPECIALIST AGE.**—Truly  
 this is the age of specialists. Fred-  
 erick W. Mayor the eminent special-  
 ist who is coming to our store has  
 made a life study and a life specialty  
 of relieving defective vision. Why  
 not consult the best? It costs no  
 more. Each morning, afternoon and  
 evening starting Monday, July 16th  
 and continuing for ten days to Wed-  
 nesday July 25th eyes tested free.  
 Satisfaction guaranteed. Godkin Bros  
 Summerside. 1614.

**—THE STANDARD BRED STAL-**  
**ION.**—Leeland F. will be at Alber-  
 ton until July 20th and intending  
 breeders will do well to look this  
 horse over as he is the handsomest  
 and one of the best bred horses in the  
 Maritime Provinces, and is very  
 sure, is bred exactly like the great  
 Bingen 2064 and has proved him-  
 self to be a great race horse taking a  
 record of 2:11 1/4 in the fifth heat of a  
 winning race. For terms Breeding  
 etc., see Harry O'Brien, Alberton, R.  
 H. Morrison, owner. 1532-7-10M51.

**—PORT HILL.**—The closing ex-  
 ercises of Port Hill school were held  
 on Thursday, June 28th, a large num-  
 ber of visitors being present. The pu-  
 blis were examined in the various  
 subjects by Rev. J. J. Bamford and  
 the teacher, Mr. Hatfield Dymont,  
 and showed by their ready answers  
 to all questions that they had reap-  
 ed the fruits of the painstaking effort  
 put forth for their advancement by  
 the teacher during the term. A good  
 program by which the pupils demon-  
 strated their ability to entertain was  
 given by all present. Pupils and visitors  
 were then treated to candy and prizes  
 given to those leading the differ-  
 ent grades. The pupils then present-  
 ed the teacher with a handsome  
 gift and a nicely worded address  
 expressing regret that he was leav-  
 ing them and asking him to accept  
 their gift as a slight token of their  
 appreciation of what he had done for  
 them. Speeches were made by a num-  
 ber of gentlemen present all expres-  
 sing entire satisfaction with the work  
 of the past year. The singing of the  
 National Anthem brought a very suc-  
 cessful examination to a close.

**A HEAVY GALE.**—The gale of  
 Thursday night was one of the fier-  
 est of the season, with the exception  
 of a couple of small craft breaking  
 loose and drifting ashore, no damage  
 as yet has been reported. H

**—THE EGG BUSINESS.**—In New  
 London, the call for greater egg pro-  
 duction is being responded to this  
 summer, as Mr. A. Green, the man-  
 ager of the egg circle, can testify.  
 Some patrons in circle No. 61 are  
 drawing \$10.00 per week from this  
 source alone—something to "crow"  
 over, one might say.—A

**—HAY CROP PROMISING.**—The  
 hay crop in New London never look-  
 ed more promising than it does now.  
 In fact, all crops are doing splen-  
 didly, and the landscape is just a pic-  
 ture. Farmers are busy hoeing fur-  
 rows and very few are missed. The  
 only drawback noticeable is a sort  
 of blight on the wheat. Some of  
 our experts on agriculture may be  
 able to explain the cause of it.—A

**—DROWNING ACCIDENT.**—A sad  
 drowning fatality occurred on Mon-  
 day, near Tyne Valley. Master Clarence  
 McLean son of Mr. William  
 McLean, of Northam, and some  
 other boys were swimming in the  
 river. Young Master McLean had  
 swum across the stream, but sank  
 when attempting to return. He was  
 about 12 years of age. The body was  
 recovered shortly after the acci-  
 dent. This is the second boy Mr.  
 McLean has lost by drowning, an el-  
 der son having been drowned in Brit-  
 ish Columbia some years ago. The  
 sad affair has caused the deepest  
 sorrow in the community where the  
 deceased was a universal favorite.

**HER TURN.**  
 Smith got married. The evening  
 of his first pay-day he gave his bride  
 fourteen dollars of the fifteen-dollar  
 salary and kept only a dollar for him-  
 self.

But on the second pay-day Smith  
 gave his wife one dollar and kept  
 fourteen dollars himself.  
 "Why John," she cried, in injured  
 tones, "how on earth do you think I  
 can manage for a whole week on a  
 paltry dollar?"  
 "Darned if I know," he answered.  
 "I had a rotten time myself last week.  
 It's your turn now."—Topeka State  
 Journal.

### Modern Philosophy.

When the stock market was in the  
 midst of a break which proved ruin-  
 ous to many, two brokers who were  
 caught in the pinch met and compar-  
 ed notes. As they talked a big happy-  
 looking man passed, calling out  
 cheerily to some friends. "Who is  
 he?" asked the first broker. "The  
 other took a good look at the big  
 fellow, whom he recognized as a

plunger who had made a fortune within a few days. "Ha," he said, "he's an optimist!" "What is an optimist in these awful days?" gloomily asked the other. Said the second broker, "The kind of a man who when things are coming his way tells other people not to worry!"

Have you got a silo? If not, and you have half a dozen cows or over, make up your mind to start now and get one if possible. Serviceable stave silos can be built very cheaply. What it is generally admitted that corn makes the best silage, oats and peas, barley, alfalfa, etc., will all make excellent silage, and will provide you with the necessary succulent milk-producing food, both for the months when pasturage is dry and also for the winter season.

**STRETCHIN'**  
 The doctor's wife had advertised for a girl to do housework and was showing an applicant over the house. She had been very liberal in her promises of privileges and it looked as though the two were going to come to an agreement when the girl suddenly

asked: "Do you do your own stretchin'?" "Do we do our own what?" asked the puzzled mistress. "Stretchin'," repeated the girl, "do you put all the food on the table and stretch for it, or do I have to shuffle it around?"
