Judging Results At Pelt Show

The Pelt Show just completed at Summerside was, from a standpoint of entries, the best in the history of this event. The attendance, however was rather disappointing, no doubt due, to some extent, to the cold weather.

The judging was efficiently and expeditiously conducted by Mr. George MacLeod, Fox Fieldman for New Brunswick, and exactly two days were taken to make the placings. As the pelts were judged, they were removed from the table and the First and Second Prize pelts and entries for Groups were segregated for further consideration.

Mr. Lloyd Lockerby, the Dominion Grader, graded the pelts and the whole performance from first to last was carried out without a hitch.

Mr. George Callbeck was the winner of the greatest number of trophies and has a very great aggregate of silver at the Canadian National office to show as a result of his winnings. George, by the way, was the winner of the Aggregate Trophy, but was very closely run by McLure and MacKinnon, who made an excellent srowing all through the different classifications. Bob Humphrey, Stewart & Lewis, Andrew Jardine and Lowell Hancock, were also right on their doorstep.

Great interest settled in the Grand Championship, and McLure and MacKinnon came up to the top with a very attractive and valuable skin.

The new types were the feature of the Show, and it is unfortunate that more of our breeders could not have been present to secure the advantages, which only a Show can give in an educational way.

Great disappointment was experienced that facilities were not available to hold the Annual Banquet and Dinner. The boys, however, recognizing conditions took the matter philosophically and substituted a Get-together after the closing of the judging at the Canadian National, dispersed for supper and gathered again at 8 o'clock when the trophies were presented by the President, L. W. Hancock. Addresses were given by George MacLeod George Callbeck, D. O. Stewart, Gordon MacMillan, W. R. Shaw, P. G. Clarke, C.C Baker, Dr. Gunn, and others. Altogether an enjoyable evening was spent and so another Pelt Show passes into history.

A number of suggestions were advanced by different speakers regarding improvements in next year's event, and it is anticipated that these matters will be discussed fully at the Annual Meeting of the Association. Considerable concern was expressed regarding the scarcity of Protein feeds in Canada and also the meat situation and appropriate action was advocated with a view to protecting all available supplies of the fox breeders of this country.

Sympathy is extended to the mother and family of Flight Sergeant Maynard Miller Waite, Kensington, missing since January 6th, 1942, after air operations over the North Sea. Although no definite information has ever been received about Sergeant Waite's fate, he has been presumed dead for almost a year.

'Biff," as he was called by his school chums and friends in Kensington, was prominent in the sporting activities of his home town, and his name is mentioned in the Roll of Honor of this year's edition of the Maritime Amateur Hockey Association Rule Book.

He is one of the many examples of fine young manhood, who "poured out the red, sweet wine of youth" that Hitlerism might never fasten its ing country.

Decrease In Storage Eggs

OTTAWA, Jan. 6—(CP)—Cold-storage supplies of eggs are only a fraction of those reported a year ago, but food supply authorities said today the position of the consuming public has not been endangered.

A Dominion Bureau of Statistics report on cold-storage egg holdings at Jan. 1 in nine cities placed the total at 9,035 dozen against 302,184 dozen on the same date a year ago and 379,193 dozen at last Dec. 1.

Officials said fewer eggs were being routed into cold storage since shipments to the United Kingdom now are being made in powdered form. Although cold-storage holdings were down, the fresh egg stocks in the nine cities showed a major gain in the month ended Jan. 1. Supplies then totalled 705,642 dozen against 113,-213 dozen Dec. 1.

Stocks of frozen eggs in the nine cities also showed a major gain, at 4,376,081 dozen against 3,737,-551 dozen at Jan. 1, 1942.

Egg production has held up well during the early winter months and consumers have benefitted by a recent reduction in prices, officials said.

Trinity United Church

FRIDAY, JANUARY 8th

3.30 P.M.—Postponed Annual Meeting of The Ladies' Aid in the Board Room.

8.00 P.M.—Week of Prayer Service—Rev. G. Carlyle Webster.

Week Of Prayer Service

At the Week of Prayer Service held last night in the Baptist Church worshippers filled the auditorium and the adjoining school room to capacity.

Rev. Dr. Hugh Miller preached the sermon. Rev. I.J. Levy, pastor of the Church presided. The Scripture was read by Rev. G.C. Webster and prayer was offered by Adjutant W. Mercer. The music was under the direction of Professor John Inch.

In his address on "Unity and Fellowship in Suffering", Dr. Miller stated that the fact of suffering is as old as the human race and has never been adequately explained. We can confront suffering in the Old and the New Testaments. Christianity with its teaching of a loving God intensifies rather than solves the problem, but we remember that Christ achieved His purpose through suffering and so have the saints in all the ages.

The early Church was a suffering Church, the speaker said. In their suffering they found fellowship with Christ and with each other. He referred to the Christians who are suffering in the world today in China, Japan, Korea, and the occupied countries of Europe. To our suffering all differences tend to disappear and we find fellowship with Christ and unity among ourselves.

The concluding service of the Week of Prayer will be held tonight in Trinity United Church.

Great Offensives

(Continued from page 1)

to unstinted praise by Republican as well as Democratic Congressmen. It was conciliatory and obviously designed to promote unity and co-operation in the political field.

In the European theatre, the effort is to lessen the pressure on Russia, he said, through the successful invasion of North Africa.

This, he added, has opened what Winston Churchill called "the under-belly of the Axis" to attack, and removed any danger of an Axis invasion of South America. He said "great rains and appalling mud" have delayed the final battles for Tunisia and the Axis is reinforcing its position.

He expressed confidence that "though the fighting will be tough...the last vestige of Axis power will be driven from the south shores of the Mediterranean."

A reference to Winston Churchill drew a loud cheer, the name of Joseph Stalin evoked an even mightier one, and the loudest of all came with the mention of the name of Gen. Chiang Kai-Shek of China.

Will Strike Hard

"I cannot prophesy," the President said, "I cannot tell you when or where the United Nations are going to strike next in Europe. But we are going to strike—and strike hard..."

He spoke of United States production

Numerically, he said, tank and plane production fell short of the 1942 goals, and yet 48,000 military planes were turned out, more than the aircraft production of all the Axis countries together.

In December, he added, plane production was at a rate of 5,500 monthly and "rapidly rising." Moreover, he pointed out, as time goes on the "averages of our types weigh more, take more man-hours to make, and have more striking power. Tank schedules were revised as the result of battle experiences and a portion of the tank-production capacity diverted to making "new, deadly field weapons, especially self-propelled artillery."

AID TO RUSSIA CAMPAIGN— As was to have been expected great interest is being taken throughout Prince Edward Island in The Canadian Aid to Russia campaign. A number of fine contributions have quickly been made and it is expected that the first list of subscribers will be published in tomorrow's papers. Already in Charlottetown as well as in other centres arrangements are being made by different organizations for the holding of entertainments in aid of the fund. Everybody is sympathetic and wants to help. But nobody should wait to be called upon because in this campaign there is to be no general canvass. Those who want to help must use their own initiative and get their contributions to some member of the organization which the Legion has set up or mail it to Mr. R.S.P. Jardine, Bank of Commerce, treasurer of the fund at Charlottetown.
