## THE INTER-CHURCH MOVEMENT LAUNCHED

### Important Meetings Held in the City Yesterday—Splendid Addresses in Zion Church Last Evening

The public meeting in Zion Church last evening in the interest of the Inter-Church Movement attracted a great gathering of people of the various Protestant denominations. Judge Stewart presided and most of the city clergy were present. Those absent were Rev. C. R. Freeman, who had to attend a meeting in Moncton and sent his regrets and Rev. Canon Simpson who was ill and also sent regrets.

The speakers for the occasion were Rev. G. H. Peters, moderator of the movement for the Presbyterian Church and Rev. Dr. Braithwaite of Toronto, Dominion organizer. After Scripture reading from Isaiah by Rev. Mr. Glendenning, prayer by Rev. Dr. Fullerton and an announcement by Rev. G. H. Peters regarding the coming Boys Conference to be held in this city. Rev. Mr. Ross was called upon by the chairman and delivered an address which was excellent from every standpoint.

The Reverend gentleman expressed his pleasure at being in Charlottetown. He had come to know Prince Edward Island through the moderator of the Synod—Rev. John Pringle of Yarmouth and had very delightful reminiscences of that gallant clergyman. It gave him great pleasure to find himself in the presence of such a large inter-church gathering. We find ourselves, said he, facing a new situation. The various communities have been thinking of their duties in a new day. The need of getting together more than in the past was an imperative necessity. There was an old saying which is the keynote to it all—the nearer we get to Jesus the nearer we will get together.

In this new day it devolves upon us to make Canada a safe place for our children. New people are coming into this country. They must be absorbed. Our British ideals must not be lost sight of and these ideals permeated with Christianity must be indelibly stamped on the face of the nation. All must work together to make Canada not only the Empire's greatest dominion but to make her the brightest gem in the crown of the Prince of Peace. Our Country is dearer to us than ever before because of the price we have paid. But these sacrifices on the fields of battle will not save the future. Canada must be saved so that it will be a great Christian country. Yet what do we find today? Great unrest. Everything in a ferment; the very foundations of the world being shaken. The new day that is facing us is the main subject. Men say that it is more legislation that is wanted but more religion.

Employers and employees must get to realize that we all are here to serve others. It is claimed by some that the need of the time is an old time revival of the Golden Rule—the religion of love through Jesus Christ. Men have come to realize that there must be a renewing of the Christian life. The speaker was delighted to realize that a great task such as this has been undertaken. He emphasized the necessity of united prayer. Our leaders in the war believed in the efficacy of such prayer and were not disappointed. It should not be so hard for the rest of us, to follow their example.

## THE-NEW HOUSE OF COMMONS IS READY FOR OCCUPATION

(Special to The Guardian.)  
OTTAWA, Nov. 4.—The government expects the new Parliament Buildings to be made temporarily habitable for the next session of Parliament, according to answer given by the Minister of Public Works, Hon. A. L. Sifton, to Mr. Middlebrook this afternoon. Up to October 31, 1919, the total expenditure was \$6,101,947.67, according to the agreement of the government with the architects. Mr. J. A. Pearson, who was the direction and control of the work, and Mr. J. O. Marchand, his associate, the architects, employ and pay their own staff and other assistants and they are paid a commission

of 5 1/2 per cent. on an estimate cost limit of five million dollars; therefore they must have already been paid \$275,000. Unofficial advice is that though parliament may meet in the new buildings next session, contrary to Sir Robert Borden's expressed intention some months ago, the workmen will not be out of the building during 1920 and there will probably be still some interior work to look after in 1921. Artisans and artists are busily engaged on stone scroll work inside now. The House of Commons is nearly ready but the Hall of Fame is not ready for guests.
