To Remove Restrictions On Canadian Cattle

(British United Press) LONDON, Nov. 27.—Alderman Heal, speaking last night before the Cattle Markets Committee of the London Corporation, proposed that a conference be called comprising representatives of all the large centers of population and also delegates from the big cooperative societies and other wholesale firms in order to endeavor to have restrictions placed upon the importation of Canadian cattle into England removed.

The speaker maintained that the present restrictions, which were imposed when the embargo was removed, are greatly impeding the influx of cattle and are now a big factor in maintaining the high price of meat. "If these restrictions are continued," he said, "they will quickly whittle away the whole effect of the raising of the embargo."

BROKERS ARE PLACED ON TRIAL

(Canadian Press) TORONTO, Nov. 27.—Conspiracy, theft and fraud in connection with the Bryant, Isard Company were the charges faced by Adin E. Bryant and Norris P. Bryant in the seizures today before Mr. Justice Master. The trial is expected to last several weeks.

Charles Isard's name was also in the indictment, but the crown entered "stay of proceedings" in his case. There are thirty counts in the indictment, the first of which is that in Toronto and Montreal during the period from 1919 to 1922 they conspired to defraud the public or any persons dealing with the defunct firm. They are also charged with false pretences.

The counts also include "bucketing" charges which in substance were that they made arrangements with complainants "purporting to be for the purchase of shares in respect of which no delivery was made" and without "bonafide intention of either making such delivery" or acquiring any such shares.

Witness then described what was known as the "R. W. Gilbert" account or "account No. 22." The number had been chosen because the idea of it had occurred on the 22nd day of the month. The idea had been conceived by N. P. Bryant as a means of opening up an avenue for speculation. Statements of the account were mailed to N. P. Bryant's home address in Montreal under the name of "R. W. Gilbert." Selling orders received at the Montreal office, which was opened six months later, would be put through this account.

The case will be resumed tomorrow. Charles H. Isard in his evidence said he had been employed as clerk with Bryant, Dunn & Company from 1917 to 1919 when the firm dissolved. Witness then described what was known as the "R. W. Gilbert" account or "account No. 22." The number had been chosen because the idea of it had occurred on the 22nd day of the month. The idea had been conceived by N. P. Bryant as a means of opening up an avenue for speculation.

Philathea Class Give Fine Concert

At the Charlottetown Baptist Church Last Evening

A very enjoyable concert was given by the Philathea Class of the Charlottetown Baptist Church last evening, the concert opening with vocal and instrumental numbers and concluding with a very pleasing one-act comedy drama, entitled "Mrs. Willis's Will." There was present a large audience and the frequent applause was evidence of the high appreciation with which every number on the well selected programme was received.

The first part of the programme comprised well rendered vocal solos by Miss Harriet Tarbush, Mrs. S. Henderson, Mrs. Warren and Miss Blanch Boyer. Prof. Ball contributed a piano solo, executed in his own masterly manner. A trio by Mr. Quigley, Stearns and Dingwell a violin solo by Mrs. Jones, who has already delighted Charlottetown audiences on two or three occasions since her arrival here, were enthusiastically received.

The comedy drama, staged and enacted by the Philathea Class, furnished a charming hour's entertainment, and the members of the cast are to be heartily congratulated.

Rob Widow of \$350,000 Jewelry

LONDON, Nov. 27.—The London police are investigating the burglary of the apartment of Mrs. O. Maund, a wealthy widow on Victoria street, Westminster, in which the thieves obtained jewelry estimated to be worth more than \$350,000. The burglars entered the apartment in the evening, unheard by four servants who were eating a meal in the kitchen and escaped unnoticed.

Mrs. Maund told the police she returned from the continent only last Tuesday and expressed the belief that a band of clever continental jewel thieves must have followed her.

"GRENFELL OF LABRADOR" Dr. Grenfell, the world-famous medical missionary to the natives of Labrador, who is being honored by fellow-members of his profession in Ontario. He declares that no mechanical device can replace dogs in Labrador, where the sagacity and instincts of the huskies, and their friendliness, means so much to travellers.

Drank Carbolec when Reconciliation Failed

(Canadian Press) MONTREAL, Nov. 27.—"Take this, I'm going for good," said Charles Windsor, 35 years of age, of this city, to his wife here tonight, as he handed her a three-ounce bottle labelled carbolec acid. Fifteen minutes later he was dead. He had sought a reconciliation with his wife from whom he was living apart but this was not effected.

Pope to Hold Public Consistory December 23rd

(Canadian Press) ROME, Nov. 27.—At the Vatican there is complete silence concerning the names of the new Cardinals Pope Pius may appoint at the secret consistory to be held December 20. Even the nationality of those who may receive the red hat has not been made known. If any new cardinals are to be appointed in the United States, Archbishop Hayes of New York, and Archbishop Mundelein, of Chicago are mentioned as the Prelates most likely to be accorded the honor. It does not seem likely that any English or Irish prelates will be created Cardinals. Pope Pius has decided to hold a public consistory December 23, it was announced today.

Town Topics Tid-bits on the Tip of Everybodys Tongue

Horses Turn On The Taps: Horses that live in spottish stables, that eat electrically cut and measured rations, that turn on the taps when they want fresh water by pressing their nozzles against a spring—these are the monarchs that do much of the hauling around Moir's factories. The horses are all jet black beauties, proud of their occupation. A fleet of white trucks assists them. Some consider that Indian Summer is the period you spend eating the peach, pineapple and cherry centred chocolates made by Moir's. Perhaps this isn't so, but certainly these chocolates contain a great deal of imprisoned sunshine. Let's away to the nearest candy shop.

GERMAN REPARATION PROBLEM YET FAR FROM A SOLUTION

Germans Will Try to Block Powers From Collecting the Expenses of Occupation

(Canadian Press) PARIS, Nov. 27.—Owing to the fact that Sir John Bradbury, the British delegate has been detained in London the session of the reparation commission tomorrow will be devoted to routine business. The examination into the financial and economic situation of Germany and the motion providing for the creation of an experts committee to examine into Germany's capacity to pay reparations, are expected to be taken up by the commission on Friday.

It is also expected that the German government here will bring the agreements between the Franco-Belgians and the Stines group and other Ruhr industrialists to notice of the reparation commission with a view to combatting any effort by the occupying powers to hold out proceeds from deliveries in kind or payments or taxes under these arrangements for the purpose of meeting their own expenses of occupation.

Premier Poincare declared in the Chamber of Deputies on Nov. 16 that the proceeds, less the cost of occupation, would be turned over to the reparation commission. The contract with the Stines group

DR. ALBERT RETURNS MANDATE AT SUMMERSIDE

Gives up Effort to Form New German Cabinet

(Canadian Press) BERLIN, Nov. 27.—Dr. H. F. Albert abandoned all efforts to form a ministry and returned his mandate today to President Ebert because of his inability to find sufficient Reichstag support for a cabinet under his chancellorship. President Ebert thereupon began negotiating with leaders of the Bourgeois parties for the formation of a five party bloc inclusive of Socialists.

Three days' crisis again reveals the familiar picture of partisan jealousies and insistence on traditional parliamentary prerogatives, which the old line party leaders feel have been violated by President Ebert in the selection of Dr. Albert who is viewed as an intruding outsider, aside from the fact that he is wholly without party affiliation.

BERLIN, Nov. 27.—The Communist uproar in the Reichstag on November 22 was deliberately started by orders from Moscow declared a statement issued by the Socialist press. It published a letter dated November 19 signed by Karl Radek, Soviet emissary, who is in Berlin, severely reproving German comrades for inactivity. "Despite our urgent requests," and peremptorily ordering them to so conduct themselves in the next session of the Reichstag that they would be forcibly ejected from the house. The letter, as quoted, advises following up of this action with a street demonstration.

Maddened Convict Threatens Court

(Canadian Press) MONTREAL, Nov. 27.—Floods of threats and imprecations disturbed the solemnity and decorum of the Court of King's Bench here today when Joseph Lapierre was sentenced to serve 20 years in the penitentiary. Lapierre, who is about five feet six inches tall, turned pale with rage when the sentence was pronounced, and had to be led from the dock, shouting imprecations. Lapierre was arrested in a grocery store after a fight in which he threw bottles and fired a shot at a police constable. He was shown to have a long criminal record.

OUT OF 50 ACCLAMATIONS IN BRITISH NOMINATIONS CONSERVATIVES HAVE 35

Of 1,442 Candidates Nominated 529 are Conservatives, 456 Liberals 435 Laborites and 15 Independents—Two Hundred or More Three Cornered Fights

(Canadian Press) LONDON, Nov. 27.—Acclamations for the House of Commons resulting from nominations held today throughout England and Scotland, Wales and Northern Ireland totalled fifty, a decrease of six from the number returned by acclamation a year ago. While the Conservatives lead with 35 and have an apparent gain of five over last year, no less than eight of this number who were returned as Ulster Unionists in the last house were unopposed today, compared with 12 combined Liberals and National Liberals in the last election. Labor returns three members, the same number as a year ago, while T. P. O'Connor, the lone Nationalist, returned by acclamation in the last election, is again unopposed.

LONDON, Nov. 27.—Lloyd George's gift for apt phrases and political catchwords is serving the reunited Liberal party well, while his extraordinary energy in campaigning, shows not the slightest diminution. Speaking at Edinburgh today he alluded to Premier Baldwin's prediction on Saturday that "the people will win."

"That," said Mr. Lloyd George, "is not his confidence. The Premier's hope is that the people will be beaten by triangular contests; his song of victory is played on the triangle."

This was an allusion to the fact that there will be two hundred or more such three-cornered contests.
