PEP

Greet the Day with a Smile!

START the day right. A bowl of crisp Kellogg's Pep for breakfast and you'll be all pepped up for the day's work!

What a feast of flavor is Pep! How zestful to even the laziest appetite.

Pep makes you peppy. A ready-to-eat cereal, rich in vitamins and mineral salts. Crispy, golden flakes of whole wheat.

Contains enough bran to be mildly laxative. Helps prevent constipation. A great food for the children—for the whole family, too.

Pep up with Pep. Serve Pep often. For breakfast, lunch or dinner. Extra tasty with honey or fruits—fresh or canned. Your grocer has Pep.

"The Best and Most Outstanding"

Imperial Cod Oil, Fox and Dog Biscuit, Imperial Biscuit, Their Choice, Balanced Nutrition.

The Manager of one of the foremost Upper Canadian ranches writes us as follows:

"We would not think of using any other biscuit but IMPERIAL as we consider it the BEST AND MOST OUTSTANDING biscuit on the market today."

This is the consensus of opinion of our leading Canadian Fox Ranchers and accounts for the National use of IMPERIALS as an all-the-year-round Fox Food.

The cost of food is so small compared with the value of the Imperial Foxes that ranchers consider it only a matter of good business common sense to feed the best which is always the most economical.

Do not experiment with cheaper foods. Feed IMPERIALS and get the best results in healthy foxes with highest quality pelts.

Dependable as the Sunrise

Quaker Flour always gives the good baking results you wish for because it is always uniform

THE practical tests passed by Quaker Flour, before it can bear the Quaker name, make it absolutely uniform and dependable. All wheat used must show the highest milling qualities and food value under a rigorous test. Every hour in milling the flour is tested to make sure it is constantly up to the rigid Quaker standard. Every day Quaker Flour is baked in the mills under actual home-baking conditions. Hence we say to you "If Quaker Flour does not give you perfect satisfaction, the dealer is authorized to refund your money." For all general household baking, use Quaker Flour. You will have bread, cakes and pastry of fine, even texture and enticing flavour. Packed in machine-sewn sacks, Quaker Flour is not touched by human hands.
