YESTERDAY'S STOCK AND BOND QUOTATIONS

MARKET GOSSIP

(By John L. Cooley, Associated Press Financial Writer.)

NEW YORK, July 29—Although trading was less active and net average and gains narrower, bulls still had the better of the argument in today's stock market and kept enough steam in the cylinders to generate another general expansion in quoted values.

Both shares and bonds met profit-taking particularly in the morning, only to encounter enough new buying to resume their rise. Stocks looked strongest in the rail divisions, although utilites also ran well. Most industries were a little more sober, but several specialties received fresh inspiration. The average advance was just a point. Volume totalled 2,101,-874 shares.

New York Central, Union Pacific, Santa Fe, Chesapeake and Ohio, Pennsylvania and Deleware and Hudson climbed from nearly 2 to more than 3 points, while Norfolk and Western Rose 6½. Rail equipments were strong, especially locomotive company shares. U. S. Steel preferred seemed more eager to anticipate a possible improvement in earnings than unfavorable action on its dividend next October, advancing nearly 4 points at the best. The Common, with American Can, Westinghous, Du Pont, General Motors, National Biscuit, Eastman and a number of other old-line favorites, closed fractionally higher. American Telephone finished up 2¼ to 89¼, its top price, which compared with the recent low of 70¼. Also in the 2 point class were Consolidated Gas, American Tobacco "B", Allied Chemical, International business machines, peoples gas and leow's. Common stocks strengthened on news of a price increase for Eastern territory, the first in about three years. Auburn jumped more than 8.

What the stock market did, July 29.

WAR MEMORIAL DAMAGED BY FIRE

ST. JOHN'S, Nfld., July 28.—(By The Canadian Press)— Beaumont Hamel Park, Newfoundland's memorial to her war dead, was not badly damaged by fire that swept through a section of it last April, according to Sir W. F. Coaker, who recently returned from a trip to Europe. Sir William visited the park during his stay in France and found that no trees had been damaged. It was beautiful again and the centre of much interest.

"It is one of the spots remaining in France where one can get a glimpse of conditions that prevailed in 1918," he noted in an account of his travels abroad. "The trenches and wire entanglements exist as they were in 1918. The cemeteries in the park are well kept and each grave is well cared for and brightened with flowers. The keeper told me that 12 bodies were recovered by those in charge of the park during 1931 and were placed in graves. The bodies formerly had been covered, probably with material thrown up by shells, and the rain or some other cause had now caused them to be exposed."

PRODUCE

(Canadian Press)

MONTREAL, July 29—Butter and cheese prices continued their downward trend on the produce and dairy market here today.

For carlots or less of Nol butter, 17 cents a pound was quoted by dealers. To retailers solids were 19 cents and prints 20 cents. Receipts were 2,838 boxes.

Ontario cheese sold at 9⅝ cents a pound and Quebec at 9 cents. Receipts were 7,819 boxes.

Eggs were unchanged, quotations being 19 to 19½ cents for extras, 16 to 16½ cents for firsts and 13 to 13½ cents a dozen for seconds. Receipts were 1,500 cases.

New No. 1 Montreal Potatoes were steady at 60 to 75 cents per 80 pound bag.

Dentist's Wife: "Why do you open the door of the waiting-room when I sing?"

Dentist: "I want to show other clients that the noise is not made by the patient in the chair."

SUGAR

NEW YORK, July 29—Raw sugar was unchanged today at 3.07 for sports. Buyers seemed ready to pay this price but holders generally were asking 3.10 and the only sale reported was 36,000 bags of Phillippines for August-September shipment at 3.08.

The day's business aggregated 6,350 tons. Sept. closed 1.00; Dec. 1.05; Jan 1.01; March 1.05; May 1.10; July 1.15.

The refined situation was unchanged with refiners listing at 4.10 to 4.15. Withdrawals were again of satisfactory proportions, but new business was light and supplied through second hands at around 4.00 for fine granulated.

COTTON

NEW YORK, July 29—Cotton futures closed barely steady. Closing bids: Jan 620; Feb 626; March 633; Apr 641; May 649; June 655; July 661; Aug 583; Sept 589; Oct 595-96; Nov 603; Dec 612. Spot closed fuiet, middling 600.

Liverpool cotton, spot small business done; prices unchanged; American midding, fair 5.67; Strict good middling 5.22; Good middling 4.97; Strict middling 4.77; Middling 4.67; Strict low midling 4.62; Low middling 4.52; Strict ordinary 4.32; Good ordirary 4.02; Receipts were 7,000 bales; including 100 American.

Walker Demands Exoneration

(Canadian Press)

ALBANY, N. Y., July 29.—Protesting in fiery language that he had been made a "political football" and a "target of hostility and misrepresentation," Mayor Walker tonight demanded of Governor Franklin J. Roosevelt, complete exoneration of charges on which his removal is sought.

This was his reply to the case brought against him by Samuel Seabury, counsel of the Republican controlled state legislature committee appointed to investigate sensational allegations of corruption in New York City.

The Mayor's answer and the Governor's action hold country-wide significance in the United States because, although Roosevelt has declared he would be influenced by no political consideration, the case has been injected into the presidential campaign.

"It is sound American doctrine," the Mayor asserted, "that the will of the people as expressed by their votes is not to be brushed aside to satisfy prejudice, a craving, for publicity or personal dislike of political complainants."

The 27,000-word document was packed with caustic adjectives, ringing denunciations, and sweeping denials of all the accusations made against him.

Montreal Market Sidelights

(Canadian Press)

Several important issues touched new high levels for the current recovery in a further moderate advance in today's market here. Trading was not on as active a scale as that of Thursday, nor were advances as wide, but the market's action continued suggestive of a very good undertone, and the lightness of profit-taking in the face of what has been a well-sustained advance is still hailed as one of the market's more constructive aspects. Renewed strength in New York was a factor in the further marking up of prices here, but the progress achieved in the Montreal list was small compared with the numerous substantial gains recorded in the larger centre. Today's gain in the local index, the eight consecutive, left it at a new high for the recovery at 17.08, against a low touched early in June at 12.85. Features here included Nickle, Power, Brazilian Bridge and Canadian Pacific.

MONTREAL, July 29—(By The Canadian Press)—The Montreal stock market maintained a firm undertone today, in a day of somewhat irregular trading. The market closed with a last minute rally which allowed several stocks to recover early losses. Volume was lighter than yesterday's.

Alberta grain issues were a feature of the day's trading. The preferred issue jumped up five points to 30, and the common changed hands at 7, up 3¼.

Yesterday's leader, Montreal Power and National Breweries were weaker today, although Power recovered its early loss to close at 33 unchanged. Breweries lost a half at 17½.

International nickle, Canadian Pacific and Brazilian Traction were active leaders. Nickle closed ⅛ higher at 6⅞ and C. P. R. was up ¼ to 15, while Brazilian lost ¼ to 9½, ex-dividend.

Among other issues Consolidated Smelters lost 2 to 57, Massey Harris at 5 and McColl Frontenac at 10⅛ were up ⅛ each, Quebec Power was up 1¼ to 13¼ and Gurd lost ¼ to 13. B. C. Power A was up ¾ to 20¾.

Canada Bronze at 14, Canada Cement at 5, Fraser at 75 cents and Power Corporation at 8 were all unchanged.

Among preferred issues Canada Cement preferred was up 1 at 38 and Canadian Hydro Elecetric preferred up 2½ at 52½.

Bank of Montreal lost ½ to 188, ex-dividend, while Banque Canadienne Nationale was a point higher at 128.

Montreal Power Debentures advanced ¼ to 39⅝.

Total sales were 14,271 shares and $49,650 bonds.

The pound sterling closed at $4.0438 and the United States dollar at a premium of 15⅝ per cent.

Grain Market

WINNIPEG

WINNIPEG, July 29—(By The Canadian Press)—After holding fairly firmly during most of today's session, wheat prices on the grain exchange declined towards the close to register losses of 1c to 1¼c. Indifferent Liverpool cables and absence of export demand influenced the market trend, July closing 1c lower at 58⅝, Oct. 1¼c lower at 60⅝ to ½; Dec. 1¼ down at 61⅝-½c.

Though buying by New York and seaboard houses around mid-day gave a lift to values, Trading was inclined to drag. Offerings were never large, but support was not sufficient to hold prices near the high point, and the closing recession was largely sympathetic with weakness in Chicago mart.

Export for Canadian wheat during the past 24 hours was disappointing.

During the past week 1,624,000 bushels of wheat were cleared from Australia, approximately the same amount as for the preceding week; while Argentina shipments were 498,000 bushels. Remaining surplus of wheat in Australia is estimated at 21,250,000 bushels, in Argentine 40,-000,000 bushels.

Demand for cash wheat subsided and No. 1 was ⅛ easier. Spreads on other contract grades were unchanged.

Wheat delivered to country elevators Thursday totalled 201,000 bushels compared to 394,000 bushels, year ago.

CLOSE:

Wheat: July 58⅝; Oct 60⅝-½; Dec 61⅝-½.

Oats: July 39⅞; Oct 29⅝; Dec. 28B.

Barley: July 35⅝; Oct 34½; Dec. 34⅝.

CHICAGO

CHICAGO, July 29—Reactionary trends developed in grain prices today, with late dealings showing most weakness.

Caution as to taking the purchase side of the wheat market was displayed because of 7 cents abrupt advance from last week's low. Favorable weather for harvesting and threshing in the American northwest was a bear factor.

Wheat closed unsettled ¼-1 cent under yesterday's finish, corn ⅜-⅝ off, oats at ¼ decline to ⅛ advance and provisions 7 to 15 cents down.

BONDED WHEAT

NEW YORK, July 29—Bonded wheat closed easy. Close: July 53½; Oct. 56½; Dec. 57½.

SKY ADVERTISING WATCHED

Developments in Europe of advertising by projection of light or sound into the sky is being watched by Ulster, and it may bring the activity under public control "before any vested interests are established" there. In reply to a question on the subject the deputy leader of the House of Parliament said the Government was aware that the methods of advertising referred to had already engaged the attention of the Imperial Government,and that they were likely to form the subject of investigation by a select committee of the Imperial House of Commons. While there was, as yet, no indication that the new advertising methods were likely to be employed in Northern Ireland in the near future, the Government would keep the matter under notice.

Radio Believes In Newspaper Advertising

It looks as if Mr. and Mrs. Canadian Radio buyer will be obliged to learn some new technical terms during the next few months! That, at least, is the impression gained by the visitor to the gathering of radio men at the Mount Royal Hotel, Wednesday, where hundreds of them were drawn by the annual convention of the Rogers Majestic Corporation Limited, according to Mr. Affleck of Holmans Radio Store, who has just returned from Montreal.

"Radio frequency pentodes," "Class 'B' amplification," "mercury vapor tubes," "duo-diode detection," "Syncro-silent tuning," "2 1-2 volt tubes," "autodyne modulator oscillator circuit," these are a few of the expressions heard.

The convention was the seventh annual one of the Rogers-Majestic Corporation organization. Dealers, salesmen and servicemen who have to do with radio, were there from every section of Quebec, Maritmes, and the Ottawa valley. Wednesday's meeting in Montreal followed a similar one Monday in Toronto for the dealers of the province of Ontario.

The address of welcome was delivered by S. G. Waters, Manager of the Montreal branch of the Rogers-Majestic Corporation Limited. This was followed by the formal presentation of the new radio models by Homer J. Zopf, general sales manager.

"Pep" Concert at Luncheon

The luncheon in the ballroom was marked by a lively concert by the Windsor Hotel Orchestra. Business meetings continued after the luncheon and, for those extremely technically-minded, there was a special meeting at four o'clock in the grand ballroom, addressed by M. Hodsoll, radio service manager, and Maurice Fiegehen, refrigerator service manager.

At the afternoon session addresses were heard from Walter Kiehn, sales promotion and advertising manager, who also acted as chairman of the meeting and Morgan Eastman of McConnell and Fergusson Limited.

Three new chassis in the Rorers line were presented. First was an eleven-tube circut with the new class "B" amplification, radio frequency pentodes, mercury vapor tube, spray shielding of tubes, and twin-speakers. This circuit is used in a console of distinctive design and in an all-wave model to which a two-tube circuit has been added, making a total of thirteen tubes.

Multiple Tubes a Feature

A new Rogers eight-tube chassis employs the new radio frequency pentodes, spray-shield tubes, improved automatic volume control, full-vision dial calibrated in kilocycles, full-range tone control and improved superheterodyne with special image suppressor system. This chassis is used in a console with two speakerr, a mantle-type radio and in a long and short-wave set in which two extra tubes are employed.

The smallest of the Rogers chassis uses a five-tube circuit . This is an autodyne oscillator modulator chassis using new 2 1-2 volt radio frequency tubes, Spray-shielding of tubes to eliminate the ordinary shielding "cans," full-vision illuminated dial calibrated in kilocycles and full-range tone control. The two largest types of Rogers chassis have an adjustable noise suppressor to eliminate noises while the set is being tuned, so there is no between- station interference.

Have Syncro-Silent Tuning

A feature of the new Majestic radios is "syncro-silent tuning; achieving silent tuning between stations through a new tube and advanced system of chassis design. Nine-tube Majestics with new radio frequency pentodes and automatic volume control will be available in a unique-design highboy with two speakers, a lowboy with full-vsion dial and mantel radio of semi-modern design.

Another line of Majestic has seven tubes, available in a mantel and lowboy with two speakers. Rogers radio tubes, developed and made in Canada since the first A. C. radio sets were known through the ingenuity and inventions of Edward S. Rogers, are used in both Rogers and Majestic radio receiving sets.

Another product of the Rogers-Majestic Corporation on display during the convention was the Majestic electric refrigerator available in four and one-half, three and one-half and six cubic feet capacities. An exclusive rotary-pendulum type of compressor is employed.

Stresses Importance of Newspapers

Radio entertainment is the least expensive type of home amusement, according to the statements Mr. Kiehn made in his afternoon talk to the radio dealers. It offers the merchant, therefore, an exceptional article to sell to the public. The speaker stressed the value of newspaper advertising particularly in making these facts known. He emphasized that in addressing the Canadian public, radio manufacturers and merchants are "talking to a parade, and not to a group of people standing still" and that it is therefore a constant necessity to advertise.

Regarding the position of his own company in regard to advertising Mr. Kiehn stated that the one medium in which present-dy "cutting down" would not be countenanced is newspaper advertising.

CENTRAL GUARDIAN

BRADALBANE—The service in Presbyterian Church Bradalbane on Sunday July 31st will be at 11 A. M. S. School at 10 A. M. Miss Jean Cowan B. A. Girl's Work Secretary of the Presbyterian Church in Canada.

TRIBUNAL MEMBER LEAVES—Major C. C. Thompson, Charlottetown, member of the Pensions Tribunal, who has been enjoying holidays at home, leaves this morning for Toronto where, with Sir Richard Turner, he will hold a session of the Tribunal. Major Thompson expects to be one of the presiding tribunal members at the next sitting in Charlottetown, which will be held some time in the fall.

WESTERN GUARDIAN

—ALBERTON COUNTY COURT—The August term of the County Court at Alberton meets on Tuesday, August 2nd. His Honor Judge Inman presiding.—S.

—WELCOMED HERE—Mr. E. R. Bowness, B. V. Sc., V. S., son of Mr. George Bowness of Summerside, has arrived home from Toronto, where he graduated from the Toronto University. He is receiving a cordial welcome from his friends, who trust that he will do well in his chosen profession. S.

—ENJOYED OUTING—Passengers from the S. S. Gaspesia, which was in port at Summerside on Wednesday, enjoyed a pleasant outing to Breakwater Beach by motor. They were taken over by Mr. Rendle Bowness. They expressed themselves as delighted with the Island, especially its bathing facilities. The Gaspesia had about 25 passengers for various points along the route to Montreal. She sailed Wednesday evening with a miscellaneous cargo. Her first stop will be Perce. She brought with her 3,000 bags of flour and cement, besides plumbing fixtures and various other articles of a miscellaneous nature. S.

—FOUND DEAD—Evidently having passed quietly away in his sleep, Mr. Alexander Palmer, a man of over eighty years, who lived alone at Lot 11, was found dead in bed by neighbours Friday morning. He had been about as usual the day before, though his health had not been good for some time. Mrs. Palmer had predeceased her husband by some years. One son, Lemuel, a prominent Summerside man, had died a few years ago under similar circumstances, while his wife was on a visit to her old home in Scotland, he being found by neighbours dead in his bed from heart failure. Another son, Beecher, now in the United States, is expected home. Mrs. Lemuel Palmer, widow of the late Lemual Palmer, accompanied the undertaker from Summerside, to look after the remains. The funeral particulars will be given later. S.

—ADDRESSES L. O. B. A.—Mr. Robert White, Grand Master of the L. O. L. of Alberta, addressed members of Edith Cavel Lodge, L. O. B. A., at their lodge rooms in Summerside on Thursday evening. About thirty members from Memorial Lodge, Charlottetown, were also present. The Lodge held a short business meeting first, which was presided over by the Worthy Mistress, Mrs. Duncan McDonald. Mrs. McLean, Grand Mistress of the Ladies Grand Lodge; Mrs. Affleck, Grand Secretary, and Mrs. French, Grand Lecturer, all gave short addresses. Mrs. Chester Palmer of Summerside, gave a reading. Mr. W. W. Muttart, Grand Master for Prince Edward Island, gave a short address. Bro. White dealt very ably with the work of the Order and gave encouraging reports of the work in the West. He is here in the interests of the Society more particularly with the men's lodges. He was accompanied by his wife, who was very cordially received. A sumptuous lunch was served by the local lodge and a social evening much enjoyed after the business part of the program was over. S.

STUDENTS TO TAKE COURSE IN PLACER MINING

CALGARY, July 28.—Promising to be one of the largest classes in the school's history, students were recently invited to take a practical course in placer mining and prospecting in the Institute of Technology and Art here.

More than 100 students from nearly every province in western Canada have already registered. The course was started at the request of Calgary unemployed who sought to make a living at gold-mining.

Lectures on prospecting and practical instruction in rock and mineral identification, panning, use of typographic and geological maps, use of prismatic compass and all angles of placer mining will be provided by H. O. Howells, B. Sc., assisted by Major C. C. Richards and A W. Baxter, well known geologists.

BEDEQUE

Rev. Thomas R. Hamill, of Dupland, Alberta, has recently arrived home to spend his summer holidays with relatives and friends in Freetown and vicinity.

Miss Elizabeth Fleming, of Brighton, Mass., recently arrived at Emerald and is spending a few days with her cousin, Miss Pauline Murphy.

Congratulations are heartily extended to Mr. and Mrs. John Gillis, of Newton, on the arrival of a bouncing baby boy on Sunday.

Mr. and Mrs. Edward Trainor and Mr. and Mrs. Ambrose Trainor, of St. John, N.B., returned to their respective homes on Thursday morning from a pleasant three week's visit with relatives and friends in Kinkora and vicinity.

Miss Bernie MacMillan, of Charlottetown, is spending a few days in Emerald, the guest of her cousin, Miss Pauline Murphy.

A strawberry and ice cream festival was held at the Central Bedeque Rink on Wednesday evening, and was attended by one of the largest crowds ever gathered at the Rink, people coming from Summerside, Kinkora, Freetown, Cape Traverse, Tryon and all from this vicinity, making a great crowd. The ice cream was home-made, and everybody enjoyed a real treat. Besides the festival, a variety of entertainments and amusements were given, consisting of a game of hand ball between Read's Corner and Borden, was a fine demonstration of good sports at play, while the latter team took home the bacon, in a close victory over Read's Corner. A tug-of-war between Albany men and Freetown men, was won by the latter team in a hard struggle. Indoor amusements were also well attended. A nice sum was realized.

Miss Margaret Wright has returned to her home in Middleton from a pleasant holiday with friends in New Glasgow.

Mrs. Arno Berg and little son have arrived from their home in Rhode Island, to spend the summer holidays with her parents, Mr. and Mrs. Albert Wright, Central Bedeque.

The regular monthly meeting of the Kelvin Women's Institute was held on Thursday evening at the home of Mrs. W. A. MacMurdo. The meeting opened with all joining in singing "O Canada," and repeating the Creed in unison. The roll call was responded to by sixteen members and by naming "Fathers of Confederation." The minutes of the previous meeting were read and approved. The report of the different committees were given. It was decided to hold an ice cream festival and divide proceeds with Kelvin Baseball Club. Two were appointed to attend the convention. Mrs. J. A. Thompson gave a humorous reading, which caused much amusement and laughter. The next meeting to be held at the home of Mrs. Laura Hogg on Tuesday, August 2nd. The meteing was then brought to a close with the singing of the Institute Carol. A delicious lunch was then served by the hostess, after which all dispersed for their respective domiciles after a very enjoyable evening spent together.

Mr. and Mrs. M. J. Schurman have returned to their home from a delightful tour through many sections of New Brunswick.

Mrs. (Dr.) Albert D. Sharpe entertained a number of her friends on Monday afternoon at her lovely home in Centreville Bedeque in honour of her guest, Mrs. (Dr.) MacPhail, of Montreal, who has been visitingMrs. Sharp. A very enjoyable afternoon was spent together.

Mr. Lewis Wright, of the Rhode Island, U. S. A., arrived home by motor car last week to spend a short holiday with his parents, Mr. and Mrs. Albert Wright, Central Bedeque. Friends are pleased to welcome Lewis back to his old home town once more.

Congratulations are heartily extended to Mr. and Mrs. Frederick Gallant, of Freetown, on the arrival of a bonnie baby girl, (Mary Josephine Colleen) on Tuesday.

Mrs. Charles Taylor and two children are spending a holiday at her home in Norboro.

Mr. Blair MacDonald, of the staff of The T. Eaton Co., Ltd., Moncton, is spending a well earned holiday with his aunt, Mrs. Samuel Simmons and Mr. Simmons.

A very enjoyable afternoon in the form of a picnic was given at the Lower Bedeque Shore by Dr. E. T. and Mrs. Tanton, of Summerside, in honor of the nurses of the Prince County Hospital, on Wednesday. The entire party all enjoyed a good bathe and swim in the shining waters, which is one of the lovely beaches of P. E. I. A camp-fire was built and over it was cooked "clams," and a delicious lunch was served, after which all returned to the respective homes.

Miss Mary C. Campbell arrived home from Portland, Oregon, last week, to spend her vacation with her father, Mr. William Campbell. Miss Campbell is a member of the New York Life Insurance Company's agency staff at Portland, Oregon, and has been a frequent visitor to her old home.

Coughs ended by Minard's Liniment.
