THE GRAVEYARD OF THE VICTIMS

More Bodies Discovered at the Guinness Farm, Number so Far Found Being Thirteen and May Reach Twenty.

LAPORTE, Ind., May 7.—(Special)—The grisly story of the private graveyard at the farm of Mrs. Bella Guinness a mile north of Laporte, is still in its early chapters. Today the estimates of the number of persons murdered at the place through the lure of the matrimonial bureau ran all the way from 12 to 20. At the exhumation yesterday four dismembered bodies wrapped in burials brings the total victims known to have been murdered to nine. Including the bodies supposed to be those of Mrs. Guinness and three children, discovered after the fire which burned the farmhouse on April 28 the total deaths to be investigated and accounted for is 13. There was scant doubt that Sheriff Smulser today would discover evidence murder in two more suspected graves as yet unopened.

WONDERLAND.

The Horse Ballet; Parasol And French Dances; Military Music And Song, Grand Motion Pictures—Illustrated Song

The fascinating and spectacular dances which the capable trio, Jewette, Hayes and Lind introduced at Wonderland last evening, were greeted with hearty applause—the heartiest which has ever been accorded any act yet given there. And they deserved it, for in fullest measure they entertained and pleased the large audience who witnessed them. This trio are as clever as charming, each a complement of the other; each indispensable to the other's success—and each performing an individual part in perfectness of ease and individuality of grace. The Horse Ballet is beautiful, the steps and prancing grace of the beautiful human ponies irresistible. See it tonight. The Parasol Dance is gorgeous, and the same applies to the French dances presented by these artists. See them once is to see them again. The illustrated song by the singer of the week—E. B. Haines, is "Comrades" a popular and catchy immediate success. Pictures certainly, and pictures up to Wonderland's high standard of excellence. Come to-night.

BOMB CONSPIRACY AT CALCUTTA

Sufficient Evidence To Show There Is A Serious Condition.

CALCUTTA, May 6.—An examination of thirty persons arrested today confirms the gravity of the bomb conspiracy. Some of those in the hands of the police denied complicity in the affairs, while others made startling admissions regarding the intentions of the organization against the public officials, and of actual attempts at the use of bombs, which, however, had proven unsuccessful. One man said he travelled all over India for the movement, which he described as a great revolutionary campaign against the government. The prisoners were remanded.

LONDON PURSUES AMERICAN DOCTOR

Professor of Boston Charged With Obtaining Money By False Pretences.

LONDON, May 6.—Bertram Mortimer, who described himself as "Professor" Mortimer, "the great American doctor," of Berkley College, Boston, U. S. A., has been having a hard time this week. On Thursday he was committed for trial in the Exeter police court, charged with obtaining money by false pretences. A witness testified that he had paid Mortimer £4 10s. to cure his daughter of a tumor in the head, the accused remarking that had she been a lady he would have charged £100. The City analyst pronounced a mixture given to another woman for a heart complaint as having been mostly of water and salicylate. On Friday Mortimer and his son were arraigned in Westminster Police Court charged with stealing a portmanteau. London is a fertile field for a quack until the law once gets after him; then it is time to throw up his hands.

CANADA'S BISLEY TEAM STRONG ONE

Nearly All the Leaders in the Aggregate Have Accepted Positions

OTTAWA, May 6.—The Canadian team for Bisley this summer promises to be an unusually strong one. It will consist practically of the first twenty men in the Bisley aggregate of the last Dominion Meet. The practice is to offer places to the first twenty men on the aggregate and where one of them is unable to go his place is offered to the next on the list. The number of men who find they cannot go is usually quite large. Last year for instance fifteen men refused to go and the man who stood thirty-fifth on the list was given a place. The men who are responsible for the team try to get as many as possible of the first twenty in the aggregate as the nearer the top of the aggregate the better the shot.

CRESCUS GOES TO RUSSIA.

The trotting horse world will be surprised to hear that the great trotting stallion Cresceus, 2:02 1/2 has been sold to go to St. Petersburg, Russia. The Russian horsemen have been after this horse for a long time, and finally secured him for \$25,000. In parting with the champion of trotting stallions, M. W. Savage, his owner, was influenced by the fact that he has three great stallions and quite a number of young ones coming on. Aside from the fact that Cresceus holds the world's record for trotting stallions and has fought many a hard battle on the race course, he is a horse of peculiar interest to horsemen. His sire, Robert McGregor, 2:17 1/2 was one of the most resolute horses of his day, and earned the title of monarch of the home stretch for his desperate finishes. The dam of Cresceus was Mabel, by Mambrino Howard, dam Contention, by Allie West. Mabel was first bred to a son of Baron Wilkes, but shortly after securing Mabel, Mr. Ketcham purchased Robt. McGregor, and the following year Mabel was bred to him. The next year 1894 Cresceus was born. He began his racing career as a two-year-old. The records he had made at different ages follows: As a three-year-old, 1897, 2:11 1/2; as a four-year-old, 2:09 1/2; as a five-year-old 2:07 1/2 as a six-year-old, 2:04. As a seven-year-old, at Columbus, O., Aug. 1st, 1901, he made his great record of 2:02 1/2. Cresceus started sixty-one times during the six years he raced, and was never behind the money. His total winnings for six years of racing was over \$102,000. John Gibson, Marion, Mich., has ready for training this spring two promising colts by Cresceus 2:02 1/2. The colts dam is, Belle Bidwell, dam of Henry C. 2:15, and The Bel, trial 2:05 1/2. The filly's dam is Crescent, 2:24; by Ira Wilkes, and the dam of Colonel Strathmore, 2:12; Crescendo 2:15 and J. P. Conway 2:21. This filly is a full sister to George Cresceus owned by Frank Beales, City.

BIG BLOW TO BRITISH LIBS.

Wolverhampton Cuts Their Majority of 2,865 to Eight in Bye-Election

LONDON, May 6.—There was another big turnover of votes yesterday in the bye-election at Wolverhampton to fill the vacancy in the House of Commons caused by the elevation of Sir Henry Fowler, chancellor of the Duchy of Lancaster to the peerage. The Liberal candidate barely managed to retain the seat by majority of 8 in a total vote of 9020. In the last election Sir Henry Fowler had a plurality of 2865. The result is expected to have considerable influence upon the voting on May 9 at Dundee, where Mr. Churchill is finding a stiffer proposition than the Liberal majority of 5411 in 1906 suggested as likely. The London papers declare there is little doubt that the country is being rapidly converted to Chamberlain's tariff reform policy.

TO ABOLISH THE OPIUM DEN

Britain Will Take Steps For Their Banishment In Her Colonies

LONDON, May 6.—The House of Commons tonight unanimously adopted a resolution urging that steps be taken for the speedy abolition of the system of licensing opium dens in Crown colonies, particularly in Hong Kong, the Straits Settlements, and Ceylon. During the course of the debate, J. B. Seely, the newly appointed under-secretary for the colonies, said that measures would be taken to comply with the terms of the resolution in which the government acquiesced readily because it considered that the time was ripe to take a decisive step forward in this matter as an example and aid to China as well as in behalf of his own fellow subjects.

CRUSHED BY THE TROLLEY CARS

Awful Fate of Seven Years Old Girl In St. John—Bystanders Say The Motorman Was Not To Blame.

ST. JOHN, May 7.—(Special)—A very sad fatality occurred about 1:45 o'clock today on the west side, whereby a seven year old daughter of John Howe of Winslow Street, lost her life in being run over by a street car. According to the story of one of the bystanders the little tot was attempting to run across the street in front of the car and before the motorman could stop the little one was struck by the fender and knocked down, the wheels passing over her and cutting her body almost in two. The car had been brought to a standstill and the little child was carried into her home, almost at the spot where the accident happened. The parents were almost frantic with grief. The motorman said he tried to stop when he saw the child run in front of the car and he immediately put the brakes on, but was unable to stop the car in time. Dr. F. L. Kenny, coroner, was summoned, but before he arrived the little one had passed away. She lived but a few minutes in an unconscious state. The place where the fatality occurred is about opposite Smith's grocery on Winslow St. People who witnessed the accident say no blame could be attached to the motorman, who did all in his power to save a tragedy. It is not yet known whether an inquest will be held or not.

DIVER HAS A NARROW ESCAPE

Engaged in Battle Under Water With a Dozen Snakes

CHICAGO, May 6.—A despatch to the Tribune from Cincinnati, Ohio, says: "William McNeill, of Brooklyn, N. Y., a professional diver, had a narrow escape from death yesterday in a battle under water with a dozen big bull snakes and may die from the bursting of a blood vessel. McNeill is showing at Chester Park, his exhibition consisting of a diving feat accomplished with the aid of a weighty belt around his body, and a mimic battle with snakes that are let into the water after he has released the belt. "A new attendant blundered and freed the snakes too soon. The weight of the reptiles and the belt kept McNeill under water, though he struggled violently to rise. The spectators looked on intently, believing they were watching the ordinary performance, until a physician saw blood flowing from the man's mouth. Advertisers are again reminded that their "business locals" as well as their "changes" must be received at this office not later than one o'clock sharp of each week day, exclusive of statutory holidays, to insure insertion in next issue.
