Waterfront Strike Grows More Serious

GEORGETOWN, British Guiana, Oct. 29—(CP cable)—Georgetown four-day old waterfront strike grew more serious today as a mass meeting of dock workers and labor unionists threatened to call a general strike unless their demands were granted.

Hitting out at "heavy license costs" and "bad roads", bus drivers today joined the strike. Members of the Bakers' Union were considering a walkout. The dock workers are seeking an increase in pay and in the number of employed by shipping companies. At a meeting between their leaders and representatives of the companies, the latter turned down their demands on the grounds that business conditions warranted neither a wage increase nor employing more men.

SAYS VISION PRESENT DAY CHURCH NEED

Inspiring Address Delivered In Zion Church Last Evening By Rev. J. P. Thomson.

"We are in the world to make our contribution to the world and not to get out of it and gather to ourselves all we can." Rev. J. P. Thomson, of Toronto told young people at a rally in Zion Presbyterian church last night. "The vision of Jesus Christ will come to you young people sooner or later," the speaker continued. It may come as a vision of human life, its seriousness and responsibility, its glory and its grandeur. "We live not to ourselves alone but our lives influence others for weal or woe; because of your life some soul may be sinking deeper into sin, or living to do nobler and better things in the future than it did in the past." Rev. Mr. Thomson declared.

Without vision there is no progress and without fidelity to vision there is no advancement among the churches. After the vision there comes the time for the great decision to act. Too many "dream great dreams paint bright pictures of the future—and stop there. Oh that God would give us the power to live today as we hope to live tomorrow and the day after. There are thousands of failures that are so because they remained dreamers."

Getting right with God will affect one's whole life because the change goes right to the centre of one's being, the speaker said. The vision Paul saw on the road to Damascus changed his whole life. "There are some of us professing Christians who might be relieved to get right with God. We are all prone to wander," he said.

"Are we really facing the challenge of today?" Rev. Mr. Thomson asked. In his home city of Toronto there are estimated to be 40,000 communists and men are being won away from the church all over the land.

"I believe that Jesus Christ can solve the problem of your life and my life and the problems of the world. We have never yet, even as Christian men and women, given Jesus Christ a chance," the visiting clergyman declared.

In conclusion Rev. Mr. Thomson made an appeal to the young people to serve Jesus Christ in whatever walk of life they might chose. "Wealth, honor, distinction, all the world can offer, you must ultimately leave behind and the only permanent thing is service to Jesus Christ," Rev. Mr. Thomson declared.

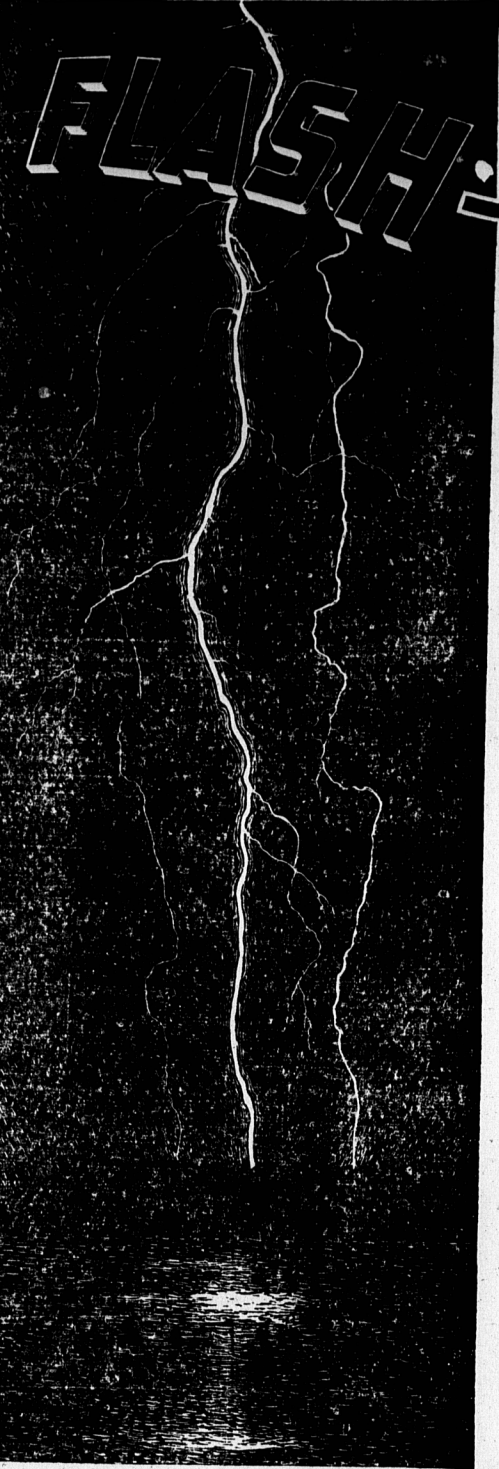

Rev. G. C. Webster, pastor of Zion Presbyterian Church welcomed the visiting clergymen and members of other congregations to Zion church. Special music included a quartette by Messrs. Harry McDougall, Malcolm McKinnon, Jack McLeod and Harry Craswell and a duet by the Misses Claire McMillan and Margaret Webster.

Last night's meeting was the second public meeting in the evangelization of Canadian Life campaign which opened Wednesday night in the Charlottetown Baptist Church. Meetings continue today and will conclude with a mass meeting in Trinity United Church this evening.

Yesterday morning in St. Paul's Anglican Church there was a service of devotion and retreat for the ministers of the Province. In the afternoon there was a conference of ministers in St. Paul's Parish Hall.

Family Celebration

The home of Mr. and Mrs. Kenneth Matheson, Oyster Bed Bridge, K. I. was the scene of a notable family celebration on Aug. 12th when Mrs. Matheson's sisters and brothers assembled at her beautiful home, along with a number of friends to join in a family reunion. This notable family of the late Mr. and Mrs. Allan MacDonald (formerly of Cardigan) consisting of seven daughters and two sons have now attained the advanced ages, from 65 to 79 years and are all enjoying excellent health and are taking a very active part in life in their respective positions. They are Mrs. Kenneth Matheson, Oyster Bed Bridge; Mrs. Catherine More-side, Milton; Mr. John Cobb, Dundas; Mrs. William MacDonald, Montague; Mr. James MacDonald, Mr. John W. MacDonald, Mrs. Margaret E. Cra-well all of Cardigan; Mrs. Martin MacNeil, and Mrs. John Webster of Cardigan Head.

A very interesting and happy afternoon was spent when the family of nine once again, had such a familiar chat of the good old days. One of the special features of the afternoon's reunion was that Mrs. Matheson also celebrated her 79th birthday, she being the eldest of the family of nine and Mrs. John Webster being the youngest. Later on in the afternoon a bountiful supper was served to all present and the sisters beautiful birthday cake adorned a well laid table. Then before the guests departed the notable family joined in an old fashioned eight hand reel, much to the surprise of all present and showed the younger folks that, though they were advanced well in years, they still could dance with extra good skill. The Guardian joins in wishing this notable family many more years of good health and happiness.—C.

HALT RETREAT

TORREJON DE LA CALZADA, Spain, Oct. 29—(AP)—Bringing to a sharp halt the steady retreat on the Madrid front, Government troops regained at least three towns today in a day-long counter-offensive.

At nightfall, Government troops held this town which they lost Tuesday, Grinon, Humanes and claimed recapture of Torrejon de Velasco and Sesena was virtually within their grasp.

The sudden offensive was launched simultaneously with a proclamation in Madrid by Premier Francisco Largo Caballero that the Government now had a powerful force of tanks and airplanes.

For the first time in many weeks Government planes reappeared in the Madrid area, flying over the city itself, while small but powerful tanks participated in the fighting.
