
Russian Timber To Great Britain

LONDON, Jan. 29.—The Morning Post says today a preliminary agreement has been reached on a proposed contract for the sale of Russian timber to Great Britain. Further discussions are proceeding on the details, it says, and the Board of Trade is expected to receive the concluded contract within the next week.

The proposed contract is on the basis of 400,000 standards being taken at a lower price and with reintroduction of the "fall clause" as a safeguard to British importers concerned.

The Morning Post adds that while no decision can be reached by the Board of Trade until the terms of the contract can be studied in detail, it is considered that the fall clause (providing for reduction in the contract price if economic conditions "force" such a step) again will be banned. The government a year ago banned the clause following representations from the Canadian Government.

It is understood that representations have been made on behalf of the Canadian Government, says the paper, that the contract should be limited to 300,000 standards. It adds that a likely compromise is the admission of 350,000 standards at a somewhat higher price than is now contemplated and without the fall clause. (A standard is 165 cubic feet).

CONFIDENT TROUBLE WILL BE SOLVED

(A. P. By Guardian's Special Wire)

NEW YORK, Jan. 29—Confidence that a satisfactory solution of Boston Braves' financial troubles will be announced at the National League meeting in New York Feb. 8 was expressed today by Ford Frick, league president, in confirming that baseball had won out over dog racing in the battle for Braves Field.

Frick said an agreement had been reached with the Gaffney Estate, owners of the field, and that an 11-year lease would be signed shortly. The lease will give full control of the field to baseball and bar the proposed racing of dogs there at night.

Several other problems in connection with the Boston club remained to be solved, Frick said, and are of such a nature he would not discuss them.

"However," he continued, "I am sure that a solution satisfactory to everyone will be announced Feb. 5."

It is believed some financial reorganization of the Boston club is in progress.

Are Planning Trip To West Indies

(A.P. By Guardian's Special Wire)

ROME, Jan. 29 — Douglas Fairbanks and Lady Sylvia Ashley, it was learned today, are planning to take an extended trip together to the West Indies.

Following their arrival here today from St. Moritz, they asked that reservations be made for them on a liner leaving Marseille for Trinidad. From Trinidad they will embark on a West Indian cruise on board a yacht Fairbanks has chartered.

A young English couple, named Chisholm, who came here with the film actor and Lady Ashley are understood to be planning to accompany them on the cruise.

Duff Motion To Stand Over

(C. P. By Guardian's Special Wire)

OTTAWA, Jan. 29.—William Duff, Liberal member for Antigonish-Guysboro, allowed to stand in the House of Commons today, a resolution urging the government to approach Washington for a reciprocal trade treaty. It has been on the order paper some days.

The Nova Scotian said he allowed his motion to stand because of the recent announcement by President Franklin Roosevelt that he would negotiate a treaty with Canada. In addition, he said, he was anxious to give right of way to the government's social and industrial legislation.

N.Y. ATHLETIC COMMISSION IN SESSION

(By Bob Cavagnaro, Associated Press Sports Writer)

(A. P. By Guardian's Special Wire)

NEW YORK, Jan. 29—The New York State Athletic Commission held "open house" today, listened to complaints against boxing officials, indulged in a verbal free-for-all with Col. John R. Kilpatrick, President of Madison Square Garden, and then reiterated it had recommended a change in the rules designed to bring about better fight decisions.

Brig. Gen. John J. Phelan, chairman, pointed out that the Commission's last annual report had recommended the referee and the two judges be given equal votes in deciding the winner of a fight in order to assure a majority decision. Under the present system the referee votes only if the judges disagree.

Already in the Commission's rules book is a provision permitting any of the three officials to disregard the number of rounds won in reaching a decision. For exercising this privilege, however, one of the judges was overruled last Friday night at the Garden and his decision, favoring Eddie ("Babe") Risko over Vince Dundee was reversed by General Phelan. It was this arbitrary action that stirred up the latest fistic tempest.

Kilpatrick attended the meeting at the Commission's request, specifically to complain against the officiating in the current indoor season and to seek permission for Jack Dempsey to referee the heavyweight bout Friday night between Art Lasky of Minneapolis, and Jimmy Braddock of Jersey City.

Dominion Right Under B.N.A. Act

(C.P. by Guardian's Special Wire)

OTTAWA, Jan. 30—(C.P.)—The right of the Dominion to pass laws to enable it to implement provisions of international treaties is one of the provisions of the British North America Act relied upon by the Dominion as giving it jurisdiction to pass the employment and social insurance bill it was revealed Tuesday.

Earlier in the day W. C. Good of Brantford, president of the Canadian Co-operative Union, made representations to the commission recommending encouragement be given to the co-operative movement in Canada. Mr. Good traversed the history of the movement from its inception in the United Kingdom, and its growth in this country.
