

# Leaves No Streaks

With ordinary soap you wash—then spend nine-tenths of your time rubbing and polishing—that is if you are extra particular and can take the time.

When you wash your windows, for instance, little streaks of "dirt" seem so hard to get off—it's really the soap—not the dirt—that's the trouble. With Taylor's Borax Soap you wash and rinse, dry once and your glassware sparkles like crystal.

It's all in the borax—the way Taylor blends it in

## Taylor's Borax Soap

The soap removes the grease—the borax removes the soap—and there you are!

It's fine for woollens, too. It positively will not shrink them. It brings them out of the wash as soft and fresh as new. Thousands of Canadian women are using Taylor's Borax Soap today. Try a cake at once and know the reasons why.

The reasons for this triumph of science are simple and few. The reason from the Ancients, the proprietors of Zam-Buk first of all were decided that the ideal balm must be purely herbal and contain not the slightest trace of rancid animal fats or poisonous minerals. Thus Zam-Buk is made solely from rich and pure essences obtained from certain rare medicinal herbs. These juices are extracted by scientific processes and then so skillfully blended that a unique, effective and yet perfectly natural skin healer is secured.

Zam-Buk has an affinity for the human skin such as no ordinary ointment or liniment can possibly possess. Besides soothing pain and allaying irritation, it possesses high antiseptic qualities, and solves the problem of always having handy at home or at one's work an ever ready and reliable remedy for cuts, burns, scalds, bruises, lacerations, scratches, etc. Zam-Buk is without equal for eczema, ulcers, piles, bad leg, ringworm, scalp sores, festering sores, sprains, stiffness, poisoned wounds of all kinds, face sores, chafing, chapped hands, cold sores, frost bites, sore feet, diseased ankles, and all itching irritation and inflammation.
