SMALLPOX IN ADANA.
ADANA, May 3.—Smallpox has broken out here in epidemic form. It is impossible to estimate the number of cases, for there is no system of medical reports; but the spread of the disease has been frightful because of the terrible disorders and homeless elements roaming about the city.

Now is the Time to attend to the Lawn
CARTERS' CHOICE EVERGREEN LAWN GRASS SEED
To quickly secure a permanent rich green grassy carpet, sow our Evergreen Mixture. It is the purest, cleanest and heaviest Lawn Grass Seed offered. No weed seeds. A beautiful lawn can be had in six or eight weeks by sowing this mixture. 1 lb 25c.; post paid 30c.
Our Lawn Grass Seed is American grown. The different grasses composing the Mixture are imported separately and blended in the proportions and after the formula of a celebrated American Lawn Maker.
On nearly all lawns there are unsightly bare spots under the shade of trees, which have baffled all efforts to get into grass. But with this mixture there need be no further difficulty. It is a combination of fine, dwarf-growing, evergreen varieties, hardy, and will stand a long season of dry weather. The ground for a new lawn should be a rich mellow soil, perfectly free from weeds. Sow the Seed as early in the Spring as possible, roll the ground perfectly level; the grass should be cut often, and never allowed to attain a length of over three inches.

BIG FREE TRIP FOR THE YOUNG LADIES

(Continued From Page One.)
How few Provincialists have enjoyed the pleasure by this route, and how many tens of thousands would like to, but the eight ladies elected to the Big Free Trip and their chaperones will know all about it.
The steamships of the line are the luxurious Steel Turbiners Harvard and Yale. They are sister ships, each being 407 feet long and 63 feet in width. They are equipped with turbine engines of 10,000 horse-power, and are the fastest Merchant Vessels flying the American flag.
They have sleeping accommodations for about 800 passengers, their appointments in every department being most luxurious. Many of their staterooms are equipped with private baths. They are outfitted with Wireless Telegraphy, Submarine Signal Service, and all other devices conducive to the Safety, Comfort and Convenience of passengers.
By this service the Metropolitan Line has added another and what has come to be the most popular Summer route for passengers between Boston and New York, and by its connections at New York City provides a most attractive Line of travel from the East to all points West and South of the latter city. It also serves similarly from New York to Boston, and by well known and most attractive routes of travel, all of the great Commercial and Resort Sections North and East of Boston, including the North Shore of Massachusetts, the White Mountains, the Coast and entire State of Maine, the Maritime Provinces, etc.
The Great Popularity of this route for pleasure and commercial travel was assured from its inception in 1907. Thousands of its patrons have attested their appreciation of the service by traveling again and again upon the Great Turbiners, and the route has therefore become a fixed factor in the transportation world.
The run between Boston and New York is made 7 days of every week in 15 hours, the leaving time from either city being 5.00 o'clock in the evening, due to arrive in the opposite city at 8.00 o'clock the following morning, an average speed approximating 24 statute miles per hour being maintained throughout the trip.

In appreciation of the good work being done The Guardian will give \$15.00 (Fifteen Dollars) in gold as "Special Prizes" to the candidates who poll the largest number of "special votes" from new and renewal subscriptions within the next two weeks.
These "special votes" must be received at The Guardian Office between 8 a. m. of Thursday, April 22nd and 8 a. m. of Thursday May 6th, and the prizes will be given to the winners a few days later—as soon as these "special votes" are counted.
The money will be divided into two prizes as follows: The 1st prize of \$10.00 in gold will be given to the candidate who polls the largest number of "special votes" within the above specified time, and the second largest number of "special votes" as above. In the event of two or more candidates receiving the same number the money will be equally divided among them.
Big Free Trip contestants and their friends should not forget the aggregation of magnificent prizes by the Britannia Mfg Co., Ltd., Halifax. There are fourteen, one each according to merit to the eight ladies who win the trip, and one each to six of the seventeen who win The Guardian's Consolation prizes. The firm's announcement should be carefully read for all the conditions. Many ladies are working hard to secure not only the trip but a valuable Britannia prize.

HAD HER GRAVE CLOTHES READY

But Dodd's Kidney Pills cured Mary Malcolm's Bright's Disease.

One more indisputable proof that the old reliable Kidney remedy will cure the most deadly form of Kidney disease.
TORONTO, May 3.—(Special).—Mrs. M. Malcolm, who lives at 153 Clinton Street, this city, states that it has been proved beyond a doubt in her own family that Dodd's Kidney Pills not only check Bright's Disease, but cure it completely and clear it right out of the system.
Mrs. Malcolm's daughter, Mary, was taken ill with terrible kidney ailment. A doctor attended her continually for nearly a year when he had to admit he could do nothing more for her. She was so far gone that the last rites of the church were administered and the dying girl's grave clothes were prepared.
As a last resort, Dodd's Kidney Pills were tried, and to the surprise and delight of the family the girl improved almost from the first dose. In a week's time they were able to take her out for a little while, and she kept on improving until she was completely cured.
That was seven years ago. Today Miss Malcolm is a good-looking young lady strong and healthy in every way. Speaking of her cure, she says: "I am sure I owe my recovery entirely to Dodd's Kidney Pills, and if I am ever ill again I am sure I shall take no other medicine."

THE KINRADES WILL ATTEND.

TORONTO, May 3.—Geo. Staunton counsel for the Kinrade family has written the Attorney-General stating Mr. and Miss Kinrade will attend the inquest at Hamilton under the protection of the High Court as guaranteed by Chancellor Boyd. He asks that proceedings be held in Camera and that newspaper reporters be excluded.
