SWIFTS' ANIMAL FERTILIZERS

The planting season is here, and we have a supply of Fertilizer which is almost as necessary to use for a good crop as the seeds themselves.

The crop must be fed from seed time to harvest and the Swifts' Animal Fertilizers will do it. They give a quick start, feed the plant through the growing season and right up to the harvest.

We have Swifts' Potato Fertilizer, a high grade brand for potatoes and vegetables, and Swifts' Animal Brand for roots and general crops.
