In Memoriam

In loving memory of my dear brother Malcolm MacLeod who was drowned at Port Credit, Ont., July 13, 1946.

He is gone but not forgotten
And as dawns another year
In my lonely hours of thinking
Thoughts of him are always near.

Days of sadness will come o'er me
Friends may think the wound is healed
But they little know the sorrow
That lies within the heart concealed.

In fond remembrance, by his sister Alice, Summerside, P. E. I.

K. of C. Memorial Camp Notes

Fifty boys from Summerside, Souris and Charlottetown opened a ten-day period of camping at the Knights of Columbus Memorial Camp on Wednesday and now it is in full swing.

Yesterday was visitors' day and a large number of parents and friends of the boys spent a pleasant few hours under ideal surroundings and all were delighted at the way the camp was conducted.

Rev. T. P. Butler has the care of the spiritual and physical welfare of the boys.

Mr. and Mrs. Leo Carragher feel that the way to a man's heart is through his stomach and they have more than touched the hearts of the boys.

Mr. Francis O'Keefe is camp administrator and has a very interesting daily program outlined for the boys. The camp staff is ably supported by Phillip Murphy, Walter Sonier, Kenneth MacDonald, John Mullally, Edward Mullins, Melvin McPhee and William Gaudet.

The indoor amusements consist of sing songs, moving pictures, table tennis, checkers and dart boards.

Outdoor sports are swimming twice daily, softball, basketball, volleyball, horseshoes, football. Sunday a float was added to the equipment by donation, for which the boys are truly thankful. Twenty five boys were unable to swim at the start of camp, this has been reduced to two and they are learning fast.

The visitors were greatly impressed with the mannerly group of young campers. At a meeting of the executive Rev. T. P. Butler and Mr. Francis O'Keefe gave a very interesting report of the doings so far which were highly satisfactory and offered suggestions for future camps. They reported that all the table utensils were of plastic and stainless steel.

All the boys wanted to be remembered to their parents and to say they were having a grand time and quite happy.

FALL HATS HARK WAY BACK TO 1912

NEW YORK — The Fall hats in a recent showing went back to 1911 and 1912 for their inspiration, and if you cannot remember the big crowns and bigger brims, the top-heavy ribbon bows and sweeping feathers of that period, it will be well worth your fashion time to look up fashion sketches of those years in a library. You'll find width was important rather than height, width that balanced and topped off the bloused bodices of dresses, the long skirts, the fragile look that was often courted in the costume, but not in the hat.
