Bossy Gillis In Fight

NEWBURYPORT'S 200-POUND EX-MAYOR "PUFFS LIKE PORPOISE."

(The New York Times)

The literary career into which Andrew J. (Bossy) Gillis stepped ...m being Newburyport's "bad ...y Mayor" today led him into his second fist fight within a week.

The fight took place in an open ...d, with a 135-pound opponent ...ppering Gillis's 200-pound body while the ex-Mayor puffed "like a porpoise", according to one of the ...witnesses.

Gillis's opponent was Jeremiah Lynch, school attendance officer. They had words on the steps of City Hall over an article in Gillis's paper, The Asbestos, which Lynch had cast discredit on his family.

At the word "yellow", uttered by Gillis, he, Lynch, and two friends of the ex-Mayor piled into Bossy's" car and rode two miles to common pastures.

The battle lasted twenty minutes with Gillis saying "I've had enough, I'm in no condition to fight," according to Lynch. The attendance officer returned to town with several cuts on his face. "But you ought to see the other fellow," he ...ted. Gillis could not be found the rest of the day.

SUSPECT GIVEN HIS RELEASE

(Canadian Press)

AMHERST, N. S., April 12—The murder of Mrs. Mabel Smith on Feb. 3 was recalled today with the release of Harry Capner, an early suspect in the case, who was later cleared of suspicion. Cpaner was given his freedom after he had served two months and seven days of a four months sentence for vagrancy.

Cyril Spracklin, Halifax, was still in jail, although Sheriff C. D. Shipley had applied to the Department of Justice for his release. Spracklin was arrested at the same time as Capner.

The two men were exonerated of the murder following the arrests of two Amherst youths, Trueman Smith and Alvah Henwood, who confessed they had killed the aged invalid when she recognized them as they robbed her home.

PRODUCE

(Canadian Press)

MONTREAL, April 12—Butter eased fractionally while potatoes advanced on the Montreal produce and dairy market today.

Heavy receipts and light demand forced no 1 regraded butter in carlots or less down half a cent at 30 to 30½ cents a pound. It was learned here that of the 7,000 boxes of New Zealand butter recently released from bond in Vancouver only one car, 500 boxes, has been shipped east and this has already been sold. Receipts were 1,430 boxes.

New Brunswick or Prince Edward Island green mountain potatoes per 80 pound bag gained 10 cents at 75 to 80 cents. P. E. I. green mountains per 90 pound bag are no longer being offered.

Eggs were unchanged, fresh extras in carlots or less selling at 17 to 17½ firsts at 15 to 15½ cents and seconds at 14 to 14½ cents a dozen. Receipts were 3,924 cases.

Current Ontario colored cheese held firm at 10¾ to 11 cents a pound. Offerings were only 25 boxes.

Piles Go Quick

No Salves—No Cutting

Thousands who have itching, bleeding or protruding piles have not yet learned that quick and lasting relief can only be accomplished with an internal medicine. Neither salves nor suppositories remove the cause.

Bad circulation of blood in the lower bowel causes piles. The hemmorrhoidal veins are flabby, the bowel walls weak—the parts almost dead. To get rid of Piles an internal medicine must be used to stimulate the circulation, drive out the thick impure blood, heal and restore the affected parts.

Dr. J. S. Leonhardt, after years of study, found a real internal Pile remedy. He called his discovery HEM-ROID, and prescribed it for 1000 patients with success in over 900 cases, and then decided every Pile sufferer, no matter how stubborn their case, might try his prescription with a money back guarantee.

HEM-ROID tablets have such a wonderful record of success in this city that Hughes Drug Co. Ltd. and all good druggists invite you to try HEM-ROID and guarantee money refunded if it does not end your Pile misery

LIVESTOCK

(Canadian Press)

MONTREAL, April, 12—Receipts totalled 525 on the two Montreal livestock markets today. Offerings were composed of 59 cattle, 269 hogs and 37 sheep and lambs.

447 cattle were handled at the yards for export to Great Britain, leaving Saint John, N. B., on April 13 on the Manchester Producer.

Today's receipts of cattle were made up of common to just fair quality cows and bulls and prices were about steady.

Calves were steady at $3 for common to plain quality veals to $4 for medium to medium good kinds, with a top of $6 for a couple of choice calves picked out.

Spring lambs were unchanged. Most of the sales were $4.75 and $5 each, according to weight and quality. Sheep brought $3 to $3.50.

Hogs were about steady. Good quality hogs brought $5.50 with part of a load up to $5.65, fed and watered.

QUARTERLY MEETING OF TRADE BOARD

Patronage Of Local Industries, And The Desirability Of Growing And Milling Of Products Now Imported Stressed In Brief.

The urging of a greater interest of all people in the local industries, and reference to general mixed farming as the "great and basic industry of the Island," featured the brief which was prepared by the Industrial Committee of the Board of Trade for presentation to the Government, and which was read by Mr. T. E. McNutt at the quarterly meeting of the Board last evening. In connection with mixed farming, the brief stressed the desirability of the growing and milling within the province of many products now imported.

The President, Dr. J. A. Clark, was in the chair. The matter of freight rates on cattle and need of cheaper slaughtering under Dominion inspection was referred to by the President. It was stated that rates for slaughtering had been quoted at $1.50, with all parts returned.

As regards unemployment insurance, there were more reasons why a community such as Prince Edward Island should not have unemployment insurance than that it should, the President stated, according to the report of the committee appointed by the Board to look into the matter.

Reference was made to the brief presented by Mr. J. O. Hyndman, re car ferry accounting. This brief had been approved by the Provincial Government, and had been forwarded to members and senators at Ottawa, and to the Prime Minister.

Mr. G. J. Tweedy for the Transportation Committee, reported progress in taking action on the matter of the Canada Shipping Act.

For the Industrial Committee, Mr. T. E. MacNutt reported on the meetings held by the committee. The brief prepared had been given favourable consideration by the Government. Education in the patronage of local industries was very desirable. Some newspaper advertising was being prepared by a committee. Mr. MacNutt felt that it would be necessary for the manufacturers to organize and read the brief which had been presented to the Government.

The Industrial Committee were asked to interview the Exhibit directors with a view of having a booth set up for display of Island products.

A letter from Mr. J. O. Hyndman regarding fire prevention and a serial letter from the Canadian Chamber of Commerce were read.

Dr. Clark reported that the president of the Maritime Board of Trade, Mr. N. T. Avard, had visited the city, and had discussed with the Council, the reorganization of the Maritime Transportation Commission.

Mr. Cotton brought up the matter of finishing western cattle in the Maritime Provinces, and asked if it would be possible to carry out the idea here.

Dr. Clark believed it would be possible to bring in cattle in November and sell them in March or April at a profit.

Mr. W. A. Jenkins, a new member, was introduced to the Board.

Industrial Brief

Following is the brief read by Mr. T. E. McNutt.

To the Honourable the acting Premier, and Members of His Majesty's Government in Prince Edward Island.

Gentlemen:

At a meeting called by the Industrial Committee of the Charlottetown Board of Trade held in the Board Room on the twenty-seventh of March, which meeting was largely attended by manufacturers, dealers and others, we the members of the aforesaid Committee were directed to appear before you asking for your increased interest in the development of local industries.

May we in the first place remind you of some of the industries which are carried on in this Province: In Charlottetown,—aerated waters; broom factory (manufacturing fifteen hundred dozens of brooms a year); bakeries; meat packing; printing establishments; canning of goods such as lobsters, beans, chickens, quahaugs, clams and clam juice, etc.; tobacco factories; tea packing house; manufacture of cans; machinists and boiler makers; Fox Biscuit factories; candy factories; woollen mills; woodworking plants; ice-cream, butter and pasteurized milk plants; glass cutting establishment; Fertilizer Plant. Such articles as baking powder, lye, pepper, cream of tartar, cocoa, and ginger are brought here in bulk and put up in packages or glass containers.

In Summerside, at least the following are carried on: the manufacture of farm machinery and school desks; flour mills and bakeries.

At other points in the Province there are the following industries: Potato and starch factories; cheese and butter factories; flour and grist mills; saw mills; lobster factories; chicken and bean canning establishments; mills manufacturing shooks; honey production and a casket factory. There is a possibility that the canning of other products might be undertaken.

Most of these industries are not patronized locally, as largely as might be expected. The Committee has under consideration the matter of some form of co-operative advertising, so that these industries may become better known, and so the demand for their products increased.

We were directed to urge upon you the great help which would be given to our industries if your Department of Agriculture undertook the leadership in bringing before our people information regarding the high quality of these products, and also the fact that the increased labour required by an increased demand and development would tend to bring greater prosperity to our Province. With this end in view, we would respectfully suggest that the Department of Agriculture undertake the task of bringing before and continually stressing upon such bodies as the Women's Institute, Farmer's Institute, Dairy Association, Teachers' Federation and the general public, the development which would be possible in local industries, if all will take a greater interest and patronize them, which in turn will bring a greater prosperity to the Province. It would seem reasonable that our people would respond, if such leadership was given. We suggest also that it might be beneficial to the Industries of this Province, if the Minister of Agriculture was given the additional title Minister of Trade or Commerce. If that were done the necessary leadership would always be available for our manufacturers and dealers.

While we urge a greater interest by all our people in the Industries mentioned above, we are not unmindful that the great and basic industry of the Island is now as it always has been, General Mixed Farming. In 1929 six hundred and four cars loaded with Agricultural products were brought to the Province. More was brought by steamer from Montreal. There is no reason to suppose that such importations have since decreased. This Province being first of all an Agricultural one, it would appear that a considerable proportion of these imported products could and should be grown and milled within the Province, thus giving employment to more of our residents and at the same time resulting in much money remaining on the Island for local circulation. It would seem that our people would do well to return at least in part to the paths trod by their fathers by the growing of and preparing for use some of the foodstuffs and feeds now imported.

We feel we can assure you that the membesr of the Board of Trade will do anything reasonably possible to help with any efforts undertaken by your Government in the development of the various Industries of our Island Province.

All of which is respectfully submitted.

(Sgd.) T. E. MacNutt, Chairman N. Rattenbury, H C. Bourke, C. L. MacKay, Sidney T. Green, J. D. Jenkins.

CENTRAL GUARDIAN

This column is reserved for news of local interest but advertising of a newsy nature may be inserted at 2 cents a word strictly payable in advance.

HOT CROSS BUNS.—Order your Hot Cross Buns now from your grocer or McInnis Bakery. Phone 470. 8857-4-12-2i.

PLUMBING AND HEATING repairs promptly attended. H. T. James, Phone 258-J. 8869-4-13-3i.

MAJORITY FOR BUDGET was given, owing to a telegraphic error, as 65 instead of 35.

MARGATE PASTORAL Charge services for Sunday, April 16: Clifton, 11 a. m.; Long River, 2.30 p. m.; Margate, 7.30 p. m. At Margate, the Y. P. S. will present an Easter pageant.

BRADALBANE, United Church of Canada. Services on the above charge for Sunday, April 16, are as follows: Pleasant Valley, 11 a. m.; Granville, 3 p. m.; Bradalbane, 7 p. m. Rev. Thos. Palethorpe, Minister.

CHURCH OF SCOTLAND—Central Parish Services on Thursday 13th in People's Church at 7.30 and on Friday in Nine Mile Creek at 7.30 and on Sabbath in Church Hill at 11 a. m. and Canoe Cove 7 p. m. J. E. Lamont, Student.

LENTEN SERVICES—The services at St. Dunstan's Basilica last evening were largely attended. The office of Tenebrae was sung by the Male Choir, assisted by a choir from St. Dunstan's University. His Excellency, Bishop O'Sullivan officiated. A sermon was preached by Rev. Francis Lyons, C. S. P.

ISLAND LADY DEAD—Word has been received by relatives in this city of the death in Brighton, Mass., of Mrs. James Trainor on Sunday, March 26th. She leaves to mourn a daughter, Mrs. James Highland, Brighton, Mass., and three sons, James, Braintree, Mass., Leo and George at home. A sister, Mrs. Michael McCarey, City, and two brothers, Thos. McAdam, City, and Michael McAdam, Brooklyn, Mass. survive.

SHERWOOD CEMETERY — The fifty-ninth annual meeting of the plot holders of Sherwood Cemetery was held last week. The report presented to the Directors showed that progress was being made in the beautifying of this lovely cemetery. The financial report was also most satisfactory. The fund for the perpetual care of plots is being gradually added to. The Board of Directors was re-elected. Since the meeting the sum of $318.00 has been handed to the cemetery officials by the Executor of the Estate of the late Mrs. Emily S. Davies, for the care of family plots.

FORESTALLING THE ONION FLY

The first appearance of the earliest apple bloom is a hint to the farmer of Eastern Canada that the female onion maggot flies are commencing to lay their eggs. This fact also coincides with the time when the onion seedlings are about one and a half inches high. According to a pamphlet issued by the Dominion Department of Agriculture on the control of the onion maggot the young plants and surrounding soil should be sprayed with an oil emulsion four times during the early part of the season, just before the female flies commence to lay their eggs.

The United States has approximately six billion three hundred million invested in school property at the present time.
