

Pepp

For Coughs, Colds, and Bronchitis

THIS unique medicine for throat and chest ailments merits a place in every home. By simply dissolving a pleasant tablet on the tongue, Pepp conveys a potent and valuable medicine direct into the throat, lungs and bronchial tubes; a medicine which invigorates the weakened organs, soothes inflammation and irritation, loosens phlegm, destroys disease germs, cures chronic disease, and makes breathing deep and easy. Free from all harmful drugs, Pepp suits young and old alike.

The only breathing cure for coughs, colds, sore throat, bronchitis, acute and chronic tonsillitis, and other throat and chest ailments. Be sure you are the name—Pepp—in every bottle.

...NEW YORK'S EDEN MUSEE.

A most interesting life like group taken from an incident that happened in the Adirondack Mountains has been installed in the Chamber of Horrors at the Eden Musee. It is entitled "The Dying Gamekeeper." It shows a huntsman who has mistaken the Gamekeeper for one of his prey and has shot him by mistake. The dying man is seen rolling his eyes, his chest heaves as the life is fast leaving him, while the huntsman looks on with terror. This group always creates considerable comment, inasmuch as it really happened. The surroundings and scenery is true as given out and has been followed in every particular.

The Cinematograph show new subjects every hour and comprise scenes from all over the world and of a scenic, comic and dramatic nature. The Eden Musee orchestra render music every afternoon and evening, while the ever popular World in Wax, with its hundreds of figures and scenes of tableaux is always of interest to the thousands of visitors to this popular place of amusement.

...THE LARGEST THEATRE

The largest theatre in the world is the opera house in Paris. It covers three acres of ground, its cost is \$4,287,000 feet, and it cost about \$25,000,000.

An Attractive Investment

Which promises to pay large dividends in 1914.

Investors are invited to investigate the claims of The Thoroughbred Silver Black Foxes Ltd., as a likely dividend payer for 1914. The Company own nothing but the purest strains of P. E. I. Silver Black Foxes, each animal being guaranteed to register in Class A. The foxes are of highest fur value, being directly descended from foxes whose pelts have made P. E. I. famous in the world's markets.

The foxes are being kept in their old ranch at Riverdale Farm, Alberton, where they bred and raised 14 pups last season. Two additional pairs of young breeders have been added to the ranch, making the prospects for a numerous progeny very bright. Rancher Matthews and Son have the largest financial interest in the Company and will naturally do their best.

The cost of ranching will be about the lowest on record, viz.: 5 per cent of the increase of foxes.

The six pairs of foxes are put in to the public at \$10,000 of which about \$120,000 is already subscribed for and the balance is now offered at \$100 per share. This stock will not be many days on the market as a demand is coming in for it all over the Maritime provinces and Eastern States. Investors desiring a few shares reserved should apply at once to

THE MAN WHO GAVE HIS OX

In a country district of Korea a little band of Christians was building a church, but they lacked fifteen dollars to complete the last payment for the logs and plaster. For a long time the building stood half finished, when an earnest young man named Pai Ni II became so burdened about it he could scarcely sleep or eat. His possessions were few; only a small piece of ground, a bullock, and the little mud hut in which he lived. One morning after prayer he visited away the bullock to his neighbor's house, who gave him in exchange fifteen dollars. The little church was finished, and the villagers far and near came to hear of the living God, and great blessing came upon all. Springtime came, and the farmers began to plow their fields; but what about Pai Ni II, who was without his bullock? He and his brother got into the traces and drew the plow, while the old father held the handles and faithfully did they toil all through the long season.—Revivalist.

The Secret of Good Digestion

In perfect health, with regular and healthful action of the liver and kidneys, you need not know there is such a thing as indigestion or indigestion. Unfortunately, however, modern life is artificial, and not many people avoid suffering more or less from troubles of this nature.

The great secret lies in keeping the liver and kidneys in health and vigor, for then the food is passed quickly along the alimentary canal, the nutritive portions being assimilated in the blood stream and the poisoned waste materials are passed out of the body.

When the liver and kidneys get wrong you will obtain relief most promptly and effectively by using Dr. Chase's Kidney-Liver Pills. If chronic indigestion is to be cured it must be by enlivening the action of these filtering and excretory organs. To persons who have thought only of the stomach as being the offending any competent physician will tell you this organ may seem strange, but this is correct.
