MARKET GOSSIP

(By Johnston and Ward's Special Wire)

MORNING MARKET LETTER

NEW YORK, Aug. 27—Saturday's weakness did not carry into yesterday. The opening was firm, except in some of the Utilities, and a rally shortly developed that extended pretty well to the close. The strength was quite general with the steels, motors and coppers standing out particularly. Dupont was an individual feature going well into new high ground for the year.

Volume yesterday was the lowest for about 2 weeks and the rallies are stopping short of the previous highs. Within another day or two the market should definitely resume its advance or the reaction that develops should be more prolonged than recent ones.

Laidlaw and Company.

BANON SAYS

MONTREAL, Que., Aug. 27—Demand for shares did not record any market increase as prices moved up yesterday and nothing occurred in the days action to alter the prospect of some further correction. A considerable amount of distribution has taken place in recent weeks. Traders who have taken part profits during this period as suggested, are now only partially represented. The trend is not conclusively bearish at the present time but symptoms of weakness have developed and traders profits so that representation is no might therefore continue to accept more than half of normal. It is, of course, difficult to see how long prices will continue to fluctuate in the current area. I am therefore continuing the policy of drawing on your attention stocks which may be considered on a quick trading basis. On this basis I suggest that you pick up some American Smelting during periods of minor reaction.

Gold shares rallied slightly without registering any noticeable pickup in demand. Nothing indicative of an immediate and sustained advance has yet developed in the action of Gold shares.

Dome still shows signs of steady accumulation, purchases on a scale down should prove profitable.

Banon.

BARING LETTER
Monday Evening

NEW YORK, N. Y., Aug. 26—Wheat and corn closed half cent lower each. Leave them alone. When I stated 2 months ago that a considerable setback would start early in July it was based on the expectation that Congress would adjourn around July 4, but the President's Tax message, sent late in June delayed adjournment and it was expected they would finish Saturday. That is why I though the reaction would start today, but the unexpected happened again and Congress is still in session. I am confident that a good sized reaction will start as soon as Congress adjourns.

American Foreign Power 7 per cent preferred rose to 34. A very good earning statement is expected and it should go close to 40 on this move. American Smelting, which I said to keep, provided it does not break 45 did not even break 45½ and made a new high for the year at 47¼. Should go above 50 before breaking 45. Act accordingly.

Case—Would keep out o fit for the present. Mengel preferred which you should have bought at 32 and which I said after it went to 36 might react a couple of points before having another sharp advance reacted to 34. Hold it.

Auburn—It should go close to 40. DuPont made a new high by 3 points but I think you will buy it below 110 before it does much more damage.

Westinghouse made a new high, but I am confident you will buy it around or below 60 before many weeks.

Boeing, would hold for 18 or 19. I also expect United Aircraft to reach 24 sooner or later. In short, those stocks that have had no reaction worth mentioning since June 1st should also soon start on a setback carrying the Industrial Averages below 120, but these that had their reactions like Bohn Aluminum etc., won't react very much.

Baring.

NEW YORK EXCHANGE

(By Frank MacMillen, Associated Press Financial Writer)
(A. P. By Guardian's Special Wire)

NEW YORK, Aug. 27—A vigorous selling wave washed over the stock market today in its first post-adjournment session.

Losses of around 1 to 3 or more points in pivotal shares in all sections of the list appeared to take a good many traders aback.

Many brokerage quarters saw in the day's decline, in which the turnover was so heavy as to leave the ticker faltering several minutes behind transactions on the floor of the exchange on more than one occasion, a reflection of the Wall Street adage "Sell on the good news."

The day's decline of 1.3 points in the Associated Press average of 60 stocks, at 47.1, was the largest single session's loss for 1935. Industrals and utilities were the weakest features, but rails also gave considerable ground. Transfers totalled 2,125,920 shares and the session was ranked as one of the half dozen busiest of the year.

Amongst Canadian issues declining a point or more were St. Regis Paper pf., Noranda and Ford of Canada A. The fractional losers were Canadian Pacific, Dome Mines, Dominion Stores, Hudson Bay and Distillers. International Nickel pf. advanced one point and Hiram Walker and Wright Hargreaves improved slightly.

Weakness in U. S. Government obligations was a feature of the bond market, with a number of losses running to around 1-4 of a point before mild recovery set in late in the day. Corporate bonds were lower, but under less pressure than stocks. Italian loans were heavy in the generally soft foreign section.

Some active stocks which lost around 2 to 4 points at the close included American Can at 137, U. S. Steel preferred at 106 1-2, the common at 43 3-8, Chrysler at 58 1-2, Santa Fe at 48 1-2, Consolidated Gas at 26 3-4, Inland Steel at 86 3-4, Westinghouse Electric at 64 5-8, New York Central at 21 7-8 and Sears Roebuck at 54 5-8.

Seasonable Service At Canoe Cove

On last Lord's Day, the morning service in the Kirk at Canoe Cove was a most fitting and seasonable one. Despite the torrential rain and wind, there was a very good attendance at the Bible School and church service. The program of the occasion was appropriate to the day, and to the weather conditions prevailing. The preliminary hymn was sung with much fervour and devotion—

As descendth the rain from the skies,
And as shineth the sun on the plain
Causing all vegetation to rise,
To revive and to flourish again.

The Psalms were also well chosen and were sweetly sung—

The earth thou visitest, watering it;
Thou mak'st it rich to grow
With God's full flood thou corn preparest,
When thou provid'st it so.
* * * * * * * * *
They drop upon the pastures wide,
That do in deserts lie;
The little hills on every side
Rejoice right pleasantly.

The 4th Psalm was also sung as a prayer song that God would avert the threatened war between Italy and Ethiopia, and cause univeral and righteous peace to obtain among the nations. The Minister followed with an impressive sermon on "The Living Water," based on Christ's words of life to the Woman of Samaria.

MINING

(Canadian Press)

TORONTO, Aug. 27—Month end selling to square accounts aided by a declining movement on the industrial boards gave the mining section of the Toronto Exchange a heavy tone today. There were no violent losses in any section of the list but plus signs were almost smothered by minus signs at the end of the session. The gold index lost .36 and the index for miscellaneous mines, .81 to 94.61.

In the early session base metal stocks, particularly the cheap issues, staged a fair rally, helped by higher London prices for lead and zinc. Later the New York decline became the chief influence and, led by Noranda and Hudson Bay, the group turned heavy. Noranda backed up to 38 and closed at 38⅝ for a loss of ⅝. Hudson Bay weakened a half point to 12.75 and Sherritt, Base Metals Corporation and Mining Corporation closed on the down side.
