LOT 48 AND VICINITY.—There has been many interesting affairs staged in the McDonald Consolidated School during the past year and the building is again a centre of community life. The Patriotic concert tonight should be a success judging from the programme presented and the excellent state of the roads. The parcels post office is a new feature which will prove popular.

GREAT ICE ON RIVER.—It is quite a long time since such a fine surface of ice for skating, ice-boating and other winter recreation, has been seen on the Hillsborough River. A large number are taking advantage of it, for all realize that good ice has a habit of quickly vanishing. Automobiles are taking advantage of it also. One which left for Mount Stewart on Tuesday broke through the shell ice far up the East River, and refused to budge. Assistance from Charlottetown had to be telephoned for, and in due time another auto arrived on the scene and soon pulled the stalled auto from its unusual position.

ISLANDER REMEMBERED.—The Moncton Times says that Sgt. Major John F. Leightizer, of the Skilled Railway Employees Corps, writes that before he left for Montreal he signed on two more recruits for this Corps. Both are well-known here. Before the draft left for Montreal, Mr. W. G. Atkinson, general chairman of the Brotherhood of Locomotive Firemen and Enginemen's Board of Adjustment for the C. G. R. system presented the members of that organization, namely Sgt. Major Leightizer and Sgt. Black, with handsome wrist watches.

PRINCE EDWARD THEATRE.—A masterful five act drama, "The Heir to Hoorah" was the principal play at the Prince Edward Theatre last evening. It was followed with keen interest by very appreciative audiences. "The Menace," the eighth adventure of Grant, the police reporter, was another good one, while the funny side of life was well portrayed in "Her Crooked Career," a lively Christie comedy. Today the second chapter of the new serial "The Crimson Stain Mystery" will be shown.

PRESENTATION TO REV. A. E. ANDREW.—The clergy of the Anglican diocese have presented to Rev. A. E. Andrew, Rural Dean, a gold wrist watch in token of their regard and good will upon the occasion of his departure from the deanery. Mr. Andrew has been dean of Amherst for over eight years and during that period has won the respect and love of his fellow clergy, who are as one in wishing him a safe return to his native land after the war, and in confidence that he will acquire himself with self-forgetting courage and distinction in this great struggle. Rev. Mr. Andrew belongs to St. Eleanor's, P. E. I.

OX-CARTS VS. AUTOS.—An Islander now residing in Portland, Oregon, who left here twelve years ago, writing to a friend under date February 13th, says, with reference to an article he saw in the Guardian: "Mr. Simon McKinnon, of Bangor, is indeed a decidedly progressive farmer, when he contends that motor cars should be allowed to run over the island. Great guns, haven't they come to it YET? Your people will no more be able to step the wheels of progress than they will to stop the flight of time by stopping the clock. There is a sadness in the whole thing a pathetic side to it all. I know that you conscientious in their stand, but you know they are not right. Don't have electric lights, they are too hard on the eyes, the candle gives a softer light, ox-carts are safer, even though slower than the light democrat or the covered buggy. Ye gods, such an argument in this year of grace 1917."

PROFITABLE AFFAIR.—A very successful concert and basket social was held in Clyde River Hall on Monday evening, February 12th. The night and roads were all that could be desired as was in evidence by the crowded house. Mr. James McPhail very capably fulfilled the duties of chairman. The following program was rendered: Remarks, by chairman; chorus, "We'll Never Let the Old Flag Fall," Clyde River School; reading, Norma Murchison; song, Frank McArthur (encored); reading, Katie McLean; song, Master Thomas Coleman (encored); reading, Elizabeth Coleman; solo, Myrtle Henderson; dance, shille callan, Master Thomas Coleman; reading, John A. Murray. The baskets were then auctioned by Messrs Benj. Carter, Charlottetown, and Malcolm McNeill, Long Creek, and they succeeded in realizing good prices. The snug sum of \$98. (ninety-eight dollars) being realized. A hearty vote of thanks was tendered Messrs Carter & McNeill, and all those who came from other districts that so kindly took part on the program; also to those who in any way helped to make the evening a success. The feature of the evening was the singing and dancing of Master Thomas Coleman of Charlottetown, in Highland Fling, a very enjoyable evening was brought to a close by singing the National Anthem.

Look at the tongue, mother! If coated, it is a sure sign that your little ones stomach, liver and bowels need a gentle, thorough cleansing at once.

IN MEMORIAM

REV. SISTER MARY GEORGINA.

The many friends and former pupils of Rev. Sister Mary Georgina will regret to hear of her death which took place in her convent at Inverness, C. B., on Saturday, February 23rd. Sister Mary Georgina, nee Miss Josephine Clarke was born in Orwell, P. E. Island, and was the only daughter of R. J. Clarke a well known merchant of that place. She received her education at Notre Dame Convent, Charlottetown, where she made a very thorough course of studies, distinguishing herself particularly in music and literature. Shortly after graduating she entered the Novitiate of the Congregation de Notre Dame, Montreal. Her religious life was spent in Terrebonne, Point-aux-Trembles, Villa Maria Academy, N. Y., and in St. Patrick's Academy, Montreal, where she directed musical classes during eleven years, and endeared herself to all by an attractive and charming personality and a spirit of zeal and devotedness.

Her many eminent qualities fitted her for the position of Superior to which she was appointed in 1905 taking charge of the newly founded convent of Inverness, C. B. Her death after a few days illness has come as a shock to her many friends. In accordance with the custom of her congregation her body should be taken to Montreal for interment, but in testimony of the great respect and veneration in which she was held the pastor and parishioners of Inverness requested that her remains be interred in the cemetery there. To her congregation and sorrowing relatives The Guardian extends sincere sympathy.

Weakened by Anaemia Doctors Gave No Hope

Said She Was Threatened With Consumption, and Gave Her Three Weeks to Live

Anaemia is indicated by thin, watery blood. The gums and eyelids grow pale, there is great weakness and fatigue and digestion fails. Since Dr. Chase's Nerve Food forms new, rich blood, it is naturally most suitable as a treatment for anaemia. This letter proves its efficiency in the most severe cases. Mrs. J. Adams, Port Hope, Ont., writes: "About six years ago I was taken with very weak spells and though I doctored with the family physician and used other medicines for two years, I got very little relief and, in fact, continued to grow weaker. I was so weak I could not walk on myself or raise my hand to my head and decided to go to my daughter in Toronto. When examined by Toronto doctors they pronounced me to be in a dangerous condition threatened with consumption and other ailments and said I would not live for three weeks. One day I was looking through Dr. Chase's Almanac and read about the cure of anaemia by the use of Dr. Chase's Nerve Food. I began the use of this treatment at once and am now well on the way back to health, after having used the Nerve Food for six months. I want my friends to know that my cure was effected by Dr. Chase's Nerve Food alone and after my discouragement from the use of other treatments, I feel it my duty to let everybody know about this remarkable cure." As a restorative for persons who are pale, weak and run down there is no treatment to be compared to Dr. Chase's Nerve Food. Gradually and naturally the red corpuscles are increased in the blood, and the strength restored to the cheeks and the color comes back to wasted nerves and muscles. Dr. Chase's Nerve Food, 50c a box, 6 for \$2.50, all dealers, or Edmanston Bates & Co., Ltd., Toronto.

HOW TO GET STRONG A SIMPLE REMEDY

Whatever the cause, we want to say to every person who needs strength, you need Vinol as it is the most efficient strength creator we have in our store. Here is proof from Dorchester, Mass.: "I don't know what we would do without Vinol in our family. I was weak, nervous and run-down as the result of an operation and Vinol restored my strength. Then Grandmother had a nervous breakdown, and Vinol built her up and restored her health and strength after everything else had failed. We have used Vinol for 13 years in our family, and would not be without it in the house." Myrtle L. Healy, Dorchester, Mass. We believe in Vinol because we know it is a great strength creator—due to the beef and cod liver pepton, iron and manganese, pectonates and glycerophosphates, all dissolved in a pure, medical, wine, so we always return the purchase money if Vinol fails to benefit those who buy it. E. A. Foster, Druggist, Charlottetown also at the Best Druggists in all Prince Edward Island towns. Vinol is sold in Montague by H. J. Mabon.

The conclusion is plain. We must uphold our maritime rights which we exercise only in war to the full. The Germans have nothing to complain of in our sea supremacy. Under its aegis they created the great fabric of their oceanic trade and internal prosperity. It is only peace that can bring back to us the conditions that have been lost. Peace cannot be brought back with the abdication of our sea supremacy.

A Word Regarding Tea It Certainly Has

Our Matchless Blend would cost as much if not more wholesale than we are to-day retailing it for. Our broker writing us the other day said, "You have certainly been very fortunate in anticipating your Tea requirements so far in advance." Matchless Blend is still the best value in the market fully equal to any 50 cents package Tea, and the price in any quantity is still the same.
