On sabbath last in the Methodist Church at York a large congregation assembled to listen to the Rev. Mr Morgan, a returned missionary from China, and J. P. Whear, Postmaster of Charlottetown, in the interests of the Laymen's Missionary Movement. The audience was greatly interested and profited by the addresses. A liberal offering was made for the general missionary fund. The choir did excellent service. The pastor of the church presided.

On Sunday morning March 6th, at Vernon River Methodist Church, the pastor Rev. George Orman, gave the right hand of fellowship and admitted to membership between 30 and 40 comprising both sexes and all ages. One young man also received the rite of Baptism. The church was crowded to the door, the singing most hearty and all present seemed to get a blessing. To the faithful men and women when through good report and ill have stood by their church, it was thrilling and encouraging and the pastor's heart was glad.

On Friday evening March 4th a very pleasant evening was spent at the home of Mr and Mrs Austin Judson's, Alexandra, by a party of young people from Charlottetown. Upwards of thirty of them went out in specially chartered sleighs. The journey out was accomplished without mishaps, except for the upsetting of one of the sleighs. Fortunately no one was hurt. Arriving at their destination the remainder of the evening was spent in playing games and in music. Supper was then served in fine style, and heartily partaken of by all. On last Friday evening the home of Miss Myrtle Stanley, Union Street Glace Bay, formerly organist of Knox Presbyterian Church was the scene of a very pretty surprise party. About 7.30 p. m. the members of Knox Church awaited on Miss Stanley and presented her with an address accompanied by a beautiful gold mounted Morrocc music port folio, suitably engraved. Miss Stanley was taken very much by surprise. She assured the members of the choir that the kind words of affection contained in the address were fully reciprocated and although other callings rendered it impossible for her at present to take an active part in the choir work she would in the future as in the past, always manifest a deep interest in its welfare. A couple of pleasant hours were spent in song and music and other parlor amusements. After lunch being served the visitors repaired to their homes, all singing the praises of Miss Stanley as a charming hostess, and hoping that she would again be in a position to assume the leadership of Knox Church choir.—Glace Bay Standard.—Miss Stanley is a daughter of Mr. F. J. Stanley, formerly choir leader of Zion Church in this city.

First Showing of Correct Suits for Spring

READY FOR YOU this morning with a splendid range of authentic styles in suits for spring. We have waited until fashion set her seal of approval on the models that well dressed women would want for this season--when the matter was settled--as settled it is--we saw to it that our range would be a representative one of the finally correct ideas.

Coats Are Shorter

One of the first things you will notice is the fact that all coats are shorter than in past seasons, 28 to 32 inches seem to be the popular lengths.

Skirts Are Pleated

You will notice that all the skirts show pleating of one sort or another. Some are pleated from knee down, others full length of skirt. The plain skirt is practically "out of it."

Suits For Little Women

A very strong feature of our showing this spring will be found in the range of what is called "MISSIES' SUITS."

These are designed for the little lady about five feet two—who finds it hard to get a ready-to-wear suit.

As To Prices

You know our "one price plan" do you not? All of OUR suits and coats follow this honest idea. Your neighbour cannot buy a suit one cent cheaper than you can. The prices that we mention are "net."

Twenty Million Mark is Passed

For the first time in the history of life insurance in Canada the twenty million dollar mark of policies issued in one year has been passed.

That the Sun Life has done this with largely increased profits and a reduced ratio of expense, makes pleasant reading for its army of policy holders.
