WEAK AND... PUNY CHILDREN

Become Strong and Healthy by using Dr. A. W. Chase's Nerve Food.

Children are frequently left weak and sickly as a result of measles, scarlet fever, etc., and in this state are easy prey to nervous disorders, rickets, spinal disease, or consumption, diseases which do not affect robust, healthy children.
The blood is weak and watery and the nerves improperly nourished. Feed the blood and nerves with Dr. A. W. Chase's Nerve Food, and the pale, pinched faces will soon become rosy and plump, and tiredness and weakness will give way to strength and animation.
Mr. E. W. Day, 62 Close Avenue, Toronto, writes: "My eldest daughter, aged eight, became very much run down. Her fretful, nervous, sleepless condition greatly alarmed her parents. She was taken from school, and in spite of the best nursing, the thin, weakened, bloodless face grew painfully worse. Fortunately we used Dr. Chase's Nerve Food. An improvement became apparent in a few days, it continued, and in a few weeks she returned to school built up anew, and greatly to our joy fully restored to health."
Dr. A. W. Chase's Nerve Food, 50c. a box, at all dealers, or Edmansons, Bates & Co., Toronto.

RAILROAD... KIDNEY

A Disease Peculiar to Railroad Men, which is readily cured by

Dr. Chase's Kidney-Liver Pills.

Did it ever occur to you that most railroad men die of kidney disease?
Such is the fact, however, and the disease is known among railroaders as "railroad kidney."
The first and most marked symptom is a weak, lame and aching back. You may think at first that you are only tired; but as this trouble increases day by day, kidney disease, with all its terrors, is fast claiming you as a victim.
Mr. Geo. Cummings, for over 20 years engineer on the Grand Trunk running between Toronto and Allandale, says: "The constant duty with my work gave me excessive pains in my back, racking my kidneys. I tried several remedies until I was recommended by my friend, Mr. Dave Conley, to try Dr. Chase's Kidney-Liver Pills. Two boxes have completely cured me and I feel to-day a better man than ever. I recommend them to all my friends."
Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c. a box, at all dealers, or Edmansons, Bates & Co., Toronto.

PRINCE EDWARD ISLAND

And Its Attractions to Tourists.

Prince Edward Island's summer climate is delightful, and the scenery is beautiful and quietly picturesque. Surrounded by the Gulf of St. Lawrence, it enjoys all the coolness of the sea breeze, and the advantages that can only be derived from sea bathing, at about 65 degrees.

Charlottetown has over 12,000 inhabitants, and is the capital. It has many great retail stores, besides a large wholesale trade. It has a Gas Light and Power Company, two Electric Light plants, and a street railway in embryo. It has a first class water works and sewerage system. It is famed for its wide and shaded streets, its many pleasant drives, the principal of which is the new Park Boulevard, its attractive surroundings, pure water, and clear, cool and bracing air. It is widely known as one of the healthiest cities in Canada. It has two hospitals, many churches and a large and elegant new Opera House. It also has several fine public buildings and a market which is one of the chief sources of the citizens' pride. It has one of the largest and best equipped pork-packing establishments in the Dominion. On its west side is Victoria Park—a favorite summer resort—while on the east are the magnificent new Exhibition Buildings and Driving Park. Chief among its public squares is Queen Square in the centre of the city, beautifully laid out with blooming plants of every description, fountains, and well arranged walks, and enlivened with a band of music during the summer evenings. The rural scenery in the vicinity of Charlottetown is charming, and horses for driving are abundant at very low prices. Boats can also be hired, and steamers run regularly on the bays and rivers, affording most pleasant excursions. The principal hotels are Davies, Queen, and Bevere.

Summerside has about 4000 inhabitants. It is situated on beautiful Bedeque Bay. It has the largest and finest departmental store in the Maritime Provinces, besides having other large retail stores. It has an Electric Light Plant, and a water works system and sewerage are being agitated for. The hotels are—Clifton, Russ, and Campbell.

Georgetown and Souris have a population of about 1,000 each. In the former are the Aitken, and Tapper hotels, and in Souris the Sea View.

At Cape Traverse, a very pleasant summer resort, is the Lansdowne hotel. In Alberton, the Albion Terrace and Wisner. In Tignish the Railway; in Kensington, Clark's and Commercial; in Montague, McDonald, and in Mount Stewart, Clark's and Manson.

The following hotels open for the summer season: At Hampton, Pleasant View; at Stanhope, Mutch's; and Cliff. At Brackley Point, Shaw's; at Rustico, Seaside; at Maipaque, North Shore; at Tracadie Beach, Acadia; at Alberton, Seaford, and at Pownal, Florida.

In addition to those already mentioned there are other towns and villages in the Province with hotel accommodations, while many farm houses prepare for the reception of tourists. The rivers and streams teem with trout, the bays with mackerel, while game of almost every description abounds.

N. B.—Visitors to Prince Edward Island, who desire full information regarding hotels and boarding houses, trains, boats, livery stables, etc., and how to reach the different seaside and country resorts, fishing places, etc., can obtain the same by writing to or calling on Messrs. Johnson & Johnson, Druggists, Prowse Block, Charlottetown, where all information will be cheerfully given free of charge.

Any person willing to accommodate, either in the town or country, should avail themselves of the opportunity and write at once.

SCHOOL GIRL'S NERVES.
Many a pale, weak school girl, suffering the evil effects of an exhausted nervous system, and thin, watery blood, has been fully restored to the vigor and buoyancy of robust health, by the using of Dr. A. W. Chase's Nerve Food. The beautiful glow on the cheek and the brightness in the eye tell of the building up process which is taking place in the body.
