

**MAGIC BAKING POWDER**

—IT PAYS to buy in this Provin 3.

—THE MORNING DAIL... Guardian can be obtained at Lafferty's Tonsorial Parlors, Summerside.

—MESSRS WILLIAMS & CRUE, Printers, Summerside, have moved into their new Office, Water St., three buildings west of the R. R. Station. 2139-7-19 m61

—ROADS IN GOOD CONDITION.—All praise is due the Roadmaster Mr. George McInnis for the good condition of the roads on the Miminagash district, considering the late heavy rains the roads are in a most creditable condition.—H.

—FARM SOLD.—Mr. Dan Horne has sold his farm property on the Dock Road to Mr. Walter Haywood of Tignish. There is a magnificent location on this property for a fox ranch and Mr. Haywood intends moving his foxes to this property.—H.

—PRESENTATION.—Mr. George McKay of Darnley, son of Mr. "Ed" McKay, who was employed at the Experimental Station and enlisted with the Heavy Artillery was on Saturday evening presented with a purse of \$45 by his chums in Darnley. The presentation was made at his home where a number of friends gathered and enjoyed a pleasant evening with him. Refreshments were served and afterwards Mr. A. W. Woodside acting as chairman, the presentation was made and a number of addresses given by friends present. The gathering dispersed with the old familiar hymn, "God be with you till we meet again."

—VISITING RELATION.—Mr. Charles Gilliatte and son Ira are guests at Mr. and Mrs. A. P. Wells Kildare Cape. Mr. Gilliatte is a brother of Mrs. Wells and lives in Wallaceon Maine. His wife will shortly join him here.—Z

—ON VACATION.—Mr and Mrs P C Jaynes of Boston Mass. are spending their summer vacation at the beautiful summer home of Mr. Alley at Tignish shore. This estimable couple love to sojourn around the beautiful and delightful shore of Tignish, and during the last three summers here they have made a host of friends.—Z.

## Charlottetown Druggist Pleases Customers

E. A. Foster, druggist, reports customers greatly pleased with the QUICK action of simple backboner bark, glycerine, etc., as used in Adler's-ka. This simple remedy deals the old foul matter from the bowels so THOROUGHLY that ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. Adler's-ka never gripes and the INSTANT action is surprising.

## WESTERN PERSONALS

—Mrs. Keefe and son Percy of Campbellton, was in Summerside Friday visiting friends.—H

—W. G. Simpson and Samuel Bernard of Kensington are attending the meeting of National Division.

—Miss Katie L. Mountain, Alberton, spent last week in French River visiting friends.—H

—Dr. Keirs wharf is undergoing extensive repairs under the management of Wilbert Delaney as foreman.—D.

—Mr. Cyrus P. Gallant, Urbanville paid an important visit to Abram's Village last week.—M.

—Messrs Ceophrude Arsenault and Dolon Gallant, Urbanville went to Summerside last Tuesday to work.—M.

—Miss Susie Mash, Miss Katherine Earl, Mrs. (Dr) Yeo and Irene Horn are visiting at Wright's Hotel, Bedeque.

—Miss Lena Wedge has returned home from the States to spend her holidays with her parents Mr. and Mrs. Paul Wedge, Summerside.—H.

—Mr. and Mrs. Bruce Bernard and little daughter Doris, returned home Wednesday evening from a visit to friends in Malpeque.—V.

—Miss Ruby Champion, the five and a half year old daughter of Mr. and Mrs. Leslie Champion Darnley is very ill and little hopes is entertained for her recovery.—D.

—D. N. McKay G. Treas. Ira McKay G. W. A. and J. F. Profit, Grand Secretary of the Sons of Temperance are among the representatives attending the meeting of the National Division.

—Dr. E. J. and Mrs. Kier of Alberton accompanied by some friends came by motor boat to Malpeque on Thursday. They will remain for a few days visiting friends and relations.—D.

—Miss Annie Gavin, Miss Laura McCarthy and Miss Annie R. Gaudet, three of Tignish's popular young ladies, who are attending the summer school at Charlottetown, speak very highly of the exercises and are greatly enjoying their brief stay at the capital.

—Mr. John O. Arsenault of St. Christophome met with an accident recently which though confining him to his house for a few days, is not expected to prove serious. Mr. Arsenault was on his way driving to Richmond to meet passengers, when some part of his harness gave way which necessitated his alighting from the wagon to readjust it. On getting into his wagon again the horse suddenly made a turn for home upsetting the wagon and throwing Mr. Arsenault in the gutter.—M.

—D. N. McKay G. Treas. Ira McKay G. W. A. and J. F. Profit, Grand Secretary of the Sons of Temperance are among the representatives attending the meeting of the National Division.

## POLITICAL MEETING IN KING'S COUNTY

(Continued from page three.)

They handed over to us as a parting gift. (Laughter.) But, remember, they did not pay all bills. They left besides that liabilities amounting to \$85,000. Put the two together and see the burden we have on our backs—\$168,000! Is that true? I have the records that will prove it. When we came to power, we were burdened in our first term by an outstanding indebtedness of \$168,000, and yet we were able to come out, at the end of our first term, with less than \$100,000 in debt. Instead of \$168,000 it was \$105,000. In other words, we had reduced it by sixty thousand dollars. Yet, the Liberal organs and their dupes over and over again repeat that we were responsible in our first year for a big deficit. If there are any Liberal gentlemen here I would ask them, as honest men, to take down these figures and remember them. Last year we had an excellent opportunity of buying a large quantity of creosoted piles, enough to do for two years, and got it at a great bargain because we took a cargo. We could not buy such material at all today. It is being sold on the shores. We paid in 1914, for two years' supply, and are going on with construction work this year with this \$10,000 worth of creosoted timber. Have we anything more to do the good? When the Dominion Government undertook the project to establish an experimental farm in the province, the then local Government spent about \$9,000 of our money for the farm. We objected; we said, "You should not do it; it is not done in any other province." They paid the money, and the Dominion Government owns the farm. The Dominion Government method a little. Out of the DOMINION GOVERNMENT FUNDS, we were able to buy, for the use of the farmers of the province, an agricultural hall in Charlottetown, which stands there today worth eleven or twelve thousand dollars. This province owns it; the DOMINION GOVERNMENT PAID FOR IT. (Cheers.) Under the former Government we paid the money and the Dominion Government took possession; now, the Dominion Government pays the money and we own the property. Which method is more beneficial to the province? We have another building in Summerside, and will do the equivalent for King's County. These buildings represent an addition to the capital of the province of \$18,000, and that is part of the three years' record. I cannot recall any other things which we have been able to do in that time, because we never lost an opportunity of doing what could be done to help along the affairs of the province.

—Hartney Hall.—A Union Service will be held in Hartney Hall on Sunday evening 25th. Inst. at 7 o'clock.

—W. K. McGOUGAN, Globe Fox Exchange, is Guardian Agent in Summerside.

—PICNIC SUCCESS.—The picnic held in Elmsdale on Friday last was a success, the sum of \$85 was realized in aid of the Red Cross Society.—H.

front winning honours for his district, helping to save our nation from the ever fatal foe with whom we have ever striven? Professor McPhail, now Capt. McPhail, the distinguished engineer who won fame throughout the Colleges of Canada and of Europe, taken by his people to represent his native district of Belfast, was absent from his seat last year. Why? Because he was doing his part to protect our country. A few weeks ago he was decorated with a medal for distinguished service, to the honour of Canada, the honour of his province and the greater honour of his district. He had been elected in contest against the editor of The Patriot, and he went away to the front leaving a vacant chair, and that Patriot who is playing the German game in regard to the oats, seeks to take the chair in his absence. What do you think of that? And yet that is the eternal fact.

Now there are a lot of petty things they talk about, and perhaps it might be just as well to pass them by unnoticed, but I shall refer to one or two. They say, yes, "We can't deny those things having been done, but you put a tax on dogs!" (Laughter.) And so they bark and howl and yelp (Laughter) and that is the only articulate sound they give. (Laughter.) We did tax the dogs, and if Mr. Richards had carried out his pledge he would have taxed the dogs too. Those of you who think it necessary to look up the agricultural report made by Mr. Richards will find there that he proposed as a remedy for dogs that they should be heavily taxed. So if he did keep his promise—and it is doubtful whether he would have done so (Laughter)—he would have taxed them heavily. We did not do it because he said he would. We did it because of a resolution passed by the institute of farmers asking us to put that tax on. We have put on the statute book a provision by virtue of which those who wish to join the Sheep Breeders Association will get such assistance from the Government as will enable them to get compensation for losses by sheep being killed. That is the dog business. What else is there?

They refer to the Premier's salary. I will tell you this, gentlemen: This is small, but you work a man in my position just as hard as he will work. If I were the Prime Minister of Ontario I would not have to work any harder, nor so hard. The average salary received is less than one-half that received by the others throughout Canada. You never heard any person complain about the salary the

THE CAR FERRY.

My friend, Mr. McDonald, has spoken of the Car Ferry. That is another fulfillment of promise long made and long deferred; and it will be a greater boon to the province than all the others combined. I have heard the estimate, and I believe it is true, that the operation of the Ferry will double the value of all the real estate in this province. In the time covered by our government of this province that boon has come, and we have done our share in endeavouring to obtain it. Now, gentlemen, these are some of the things that have been done. I wonder how many of you here would wish to go back to the days of even four years ago. Is there a single one in this meeting, or out of it, who would exchange the provincial prosperity of the present day for the bankrupt condition of three or half years ago? I cannot understand how any rational man can for one moment expect that the intelligent, fair-minded people of our Island are going to deliberately turn their backs upon prosperity that is opening to them and revert to the dark ages that extended back for twenty years at least. I believe, if we were to take a vote in this meeting tonight we would not find one single man or woman who would say it would be better to go back behind the second day or December, 1911, to the conditions that existed at that time, than to enjoy the conditions that exist here now. I would like to hear anyone who would make such a

choice; I am sure there is not one who would. And we are only opening up the possibilities of the province. We are on the margin of a prosperity that we might have had sooner; but it is too late to cry over that. One thing that is to be desired above all is, that having seized upon it we may hold it and continue for the future to grow and expand, to save our young men and women and have them grow up around us to support, assist and comfort us in our declining years. That concludes the general remarks I have to make, and it is but an imperfect survey.

THE WHOLE BODY NEEDS PURE BLOOD

The bones, the muscles, and all the organs of the body depend for their strength and tone and healthy action on pure blood. Hood's Sarsaparilla makes pure blood. It is positively unequalled in the treatment of scrofula, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling. There is no other medicine like it. Be sure to get Hood's and get it today. It is sold by all druggists.

choice; I am sure there is not one who would. And we are only opening up the possibilities of the province. We are on the margin of a prosperity that we might have had sooner; but it is too late to cry over that. One thing that is to be desired above all is, that having seized upon it we may hold it and continue for the future to grow and expand, to save our young men and women and have them grow up around us to support, assist and comfort us in our declining years. That concludes the general remarks I have to make, and it is but an imperfect survey.

MEAN, CONTEMPTIBLE MISREPRESENTATION.

There is one matter I wish to refer to for a few moments, because it is too serious to pass uncontradicted. We have allowed for three years and a half misrepresentation of all kinds to be made in the public press and by public men who should have known better because they were too busy trying to do things for the public benefit to pay attention to the slanders. But here is a statement outside the ordinary field of political slander which came out in the "Patriot" a few days ago,—that the Government was to blame because a quantity of oats subscribed by our people for the support of the British Army and her Allies was lying on a public wharf being eaten up by rats. Those who read the "Patriot" may have seen that. Those who originated this statement knew they were stating what is absolutely untrue. They were many things to be done in relation to the war, and for the purpose of doing these things well, committees were appointed last year—appointed first of all by the general committee, which you and the people from every part of the province selected at that meeting in the Council Chamber—loyal men who came there without regard to whether they were Conservatives or Liberals. I called upon that meeting to appoint a general committee to take charge of things appertaining to our share in the war, and they appointed a committee of men from every part of the province, and that committee appointed sub-committees to whom they assigned certain specific duties. One sub-committee was appointed to receive and ship oats subscribed by the people. That committee consisted of Mr. Aitken, head of the firm of Carval Brothers, Nelson Rattenbury, President of the Liberal Association for Queen's County, and Mr. Lyons, a well-known public man and ex-Mayor of Charlottetown. To them was assigned that duty, and they performed it as faithfully as men could. They sailed for the Atlantic coast for a ship to carry the cargo to the old country and considered every offer that came along, but there was only one ship to be obtained, the Morwenna, since sunk by a German submarine. That ship carried away sixty thousand bushels of grain. The owners, the Star Line, had represented she would carry eighty thousand, but she would take only sixty thousand when it came to the point. They did their best and sent that cargo away and it arrived safely in Havre. What remained was not put upon a public wharf, but stored in the best warehouse on Prince Edward Island, so the railway authorities tell me, who have judgment in these matters, so this committee tell me who know the different warehouses. It has been stored there since, and it has been under their supervision, housed and cared for and supervised; and Mr. Aitken told me Monday morning that he had made an inspection that very morning. He himself had thousands of bushels stored there for the winter. He said, "I never saw grain come through in better condition than the grain. A certain loss, as you know, always occurs; but the loss on that oats, those men will tell you, is the smallest loss they have known for grain to suffer; not more at the outside, so Mr. Clarkin, the railway official, assures me. That committee tried to get the oats away in the winter by the winter boats, but the storms came on and it could not be carried; and at first opportunity this spring arrangements were made, the War Office working into the plan, by which that grain was to be delivered in Havre. This shipment is delayed because it suits the plans of the War Office; because, no doubt, they are desirous of having that grain and hay go forward at a time when their market is barest and the need greatest. It will cost us the one-tenth of the amount it would by other transportation, even if other transportation were available, which is not possible. These men have done everything that they could do; I believe none could have done better, and my statement that there has been any neglect or any undue or unnecessary delay, or that there has been any waste that can be avoided, is ABSOLUTELY FALSE. It is worse than that. It is just such a statement as the enemies of our country would like to make and send broadcast. They want to shatter the faith of our people in the community in those managing the affairs of the country so that they might withhold the help which they are otherwise ready to give. The Germans would hope that all aid might be cut off—and that is the kind of work the "Patriot" newspaper has been trying to do. It is a public scandal; it is a disgrace; it is a disloyal act that will react upon them and all those who would support such a propaganda.

Government was to blame because a quantity of oats subscribed by our people for the support of the British Army and her Allies was lying on a public wharf being eaten up by rats. Those who read the "Patriot" may have seen that. Those who originated this statement knew they were stating what is absolutely untrue. They were many things to be done in relation to the war, and for the purpose of doing these things well, committees were appointed last year—appointed first of all by the general committee, which you and the people from every part of the province selected at that meeting in the Council Chamber—loyal men who came there without regard to whether they were Conservatives or Liberals. It is worse than that. It is just such a statement as the enemies of our country would like to make and send broadcast. They want to shatter the faith of our people in the community in those managing the affairs of the country so that they might withhold the help which they are otherwise ready to give. The Germans would hope that all aid might be cut off—and that is the kind of work the "Patriot" newspaper has been trying to do. It is a public scandal; it is a disgrace; it is a disloyal act that will react upon them and all those who would support such a propaganda.

Government receives, and yet it is nearly three times as large, with a free house and all that. A county court Judge is paid a higher salary and a hundred others here. No person can live on the salary that the Premier of this province now receives and keep up the position which his office demands. I have tried it and cannot do it; I have to use up my private resources. If you will search the records you will find my predecessors received sums from other sources, thousands of dollars. In other cases they were ruined and let the province. I have never been able to devote one single hour to the earning of money outside my office, for it has taken all the time I had, and I felt my duty to the province was the first charge above all. You will find thousands of dollars down to my predecessors for work done for the Dominion Government during their time. You will see in The Patriot statements made about amounts of money taken for delegations to Ottawa, and those statements are garbled and misstated and inflated. I will tell you this that not one cent of that but was absolutely necessary to spend, and it was all paid out-of-pocket and represents cost of printing our cases and a thousand and one different items that had to be paid for; and would you have had any means necessary in order to gain the great boon that we were able to recover? Every dollar that that organ of mis-statements has represented as having come to me is falsely so represented; it was all spent and spent for the purpose of aiding this province. Let us see something that was done in former years. I will tell you in a general way that and properly incurred, and every cent of which represented money paid out of our own pockets, do not amount to one-tenth of what our predecessors had to do. Every dollar that that organ of mis-statements has represented as having come to me is falsely so represented; it was all spent and spent for the purpose of aiding this province. Let us see something that was done in former years. I will tell you in a general way that and properly incurred, and every cent of which represented money paid out of our own pockets, do not amount to one-tenth of what our predecessors had to do. Every dollar that that organ of mis-statements has represented as having come to me is falsely so represented; it was all spent and spent for the purpose of aiding this province. Let us see something that was done in former years. I will tell you in a general way that and properly incurred, and every cent of which represented money paid out of our own pockets, do not amount to one-tenth of what our predecessors had to do.
