**Women's Institutes President Appeals For Registration**

The following appeal was made in an address last evening by Mrs. Walker Leard, Fernwood, President of the Women's Institutes: "Once again the women of Prince Edward Island in the rural districts as well as towns and villages are asked to help in a common cause—that of doing all they can to help win a war, which every day is coming closer to us. "We cannot seem to grasp the fact that what they are suffering in England may one day come to our land and we relax our efforts. Not until France was on her knees, and the Empire in danger more deadly than it has ever faced, did we really wake up to the fact that tomorrow

might be the day, our day, of trial and grim terror. "The women of Prince Edward Island are again asked to join with the women across Canada in a voluntary registration scheme. This may seem to many but a repetition of what has already been done earlier in the season under a Government plan and we ask ourselves the question—Is it necessary? "We are free women and each of us in our modest way should be our own leader, our own driving power, but let us not forget that we need a little over to add impetus to the drive of others who may be less aware of the urgent peril which faces us, and if we, who may be doing all now in our power to help, fail to register others who may have both the time and opportunity to be of greater service may be missed. "We were compelled to register in August, we are asked to do so in September. There are questions in the Voluntary Registration that were not in the one formed by the Government and some of the very important ways by which we can

further a great cause can be answered. It has already been stated that these forms will be ready for use before those of the Government, and I feel sure there is not one of us who would want to delay anything so important. "In the big things of life we are that every woman has a chance to register and with that oneness of spirit we will have served our country nobly and not be found wanting."

**IN MEMORIAM**

**MR. LEMUEL JAY**

In the eighty-fifth year of his age, Mr. Lemuel Jay, a much-respected citizen of Pisiquid, on August 15th completed his earthly journey. The funeral services were conducted on the 16th by his pastor, the Rev. S. J. Boyce, B. A.

After a brief service at the home the cortege made its way to the Mount Stewart United Church where the hymns "The Lord's My Shepherd," "Rock of Ages" and "A-bide with me" were sung and the minister delivered a message of consolation from the words: "When the fruit is brought forth immediate cause the harvest is come." (Mark 4:29). Interment was afterwards made in the Mount Stewart People's Cemetery beside his beloved wife who predeceased him on December 11th last.

Mr. Jay is survived by the following sons and daughters:—Lester, of Fanning Brook; Priscilla, Robert and Hannah at home; George W. of Pisiquid; John H. of Fort Augustus; Lee of Romford, Mass.; and Herbert of New York. There are also sixteen grandchildren.

**MAKES NO DIFFERENCE IF MAN OR WOMAN CURES A TOOTHACHE**

CLEVELAND, Sept. 12.—The feminine wing of the dental profession turned today to sex and found itself in disagreement. "Men like women dentists," said a comely feminine practitioner from Philadelphia. "Sex makes no difference," said another. Both were attending sessions of the American Association of Women Dentists. "I think it's in favor of us," said the Philadelphian, Dr. Muriel Robinson. "Men like women dentists. My father and I practice together and most of the time he takes the wives and I take the husbands." Dr. Rosalie Carter of Franklin, Tenn., was positive that "a man with a toothache is interested only in getting rid of it and doesn't care whether a man or woman cures it for him. Sex makes no difference." Only 1,287 of 70,000 dentists in the United States are women.
