NEWS FROM THE UNION COMMERCIAL COLLEGE

The special courses in penmanship at the Union Commercial College are being well attended. For all those who desire to improve their penmanship the Union Commercial College is the very best college to attend.

The Union Commercial College has turned out more expert penmen than any other college of its size in Eastern Canada.

George B. Cortelyou, who was private secretary to President Roosevelt when he was president of the United States, secured his position mainly on his ability as a stenographer and a penman. His ability brought him in touch with Roosevelt and Roosevelt furnished him with innumerable opportunities.

Loeb, who was a member of Roosevelt's Cabinet when he was President of the United States is another example of what an ambitious man with the gift of good writing and an unusual stenographic ability can do when he has the opportunity. This man had no better advantages than you have but he had the ability and Roosevelt furnished the opportunity. He is now Collector for the port of New York at a salary around \$35,000 a year.

THE CENTRAL GUARDIAN

THE NORTHUMBERLAND.—The S. S. Northumberland arrived in Charlottetown at 8.20 last evening.

THE EXPRESS.—The express train from Summerside arrived in Charlottetown at 10.20 last evening.

THE MORWENNA.—The Black Diamond liner Morwenna sailed last night from Montreal for this port via Summerside, with a large general cargo. She is due at Summerside on Sunday and at Charlottetown on the following day.

THE CASCAPELIA.—The above-named steamer came in yesterday afternoon from Pictou, where she had been coaling, in order to load a general cargo of produce, consisting principally of oats, lobster, and potatoes, for Montreal, for which port she sailed at midnight.

LARGE CARGO.—An unusually large cargo of agricultural produce was taken away from this port yesterday morning by the steamer City of Sydney, which left for St. John's, Newfoundland, via Sydney, C. B. Her cargo consisted of 2,800 bags of oats, 550 bags potatoes, 250 bags of vegetables, 324 bales of hay, 90 boxes of cheese, 215 packages of butter, 20 barrels and 84 boxes of apples, 2 barrels of oysters, 74 cases of eggs, and sundries. The cargo also included a quantity of live stock, comprising 50 head of cattle, one horse and 45 head of sheep.

PRODUCE FOR HALIFAX.—Among the arrivals at this port, yesterday morning, was the steamer Swansea Trader, which came from Halifax with a large cargo of general merchandise for this place. After discharging she loaded a cargo of hay, and left last night for Summerside, for which place she has cargo in transit, and where she will fill up with cargo for Halifax.

REMINISCENT.—Mr. M. M. McKinnon, Whitney Pier, writes the Sydney Post:—"I notice a great ado about a gentleman's visit to Sydney after an absence of 40 years. No doubt the change is great. Still, I must say, I see a greater change. It was in 1873, 55 years ago, I came to Sydney on board a small shallop called the 'Bee' of 17 tons, loaded with potatoes from Charlottetown and commanded by Capt. Alex McRae, (Rolling Sandy) of Pinette. We called at several harbors along the coast, retailing our fare at 15 pence per bushel. We were selling slowly at North Sydney when the Capt. decided he could sell a few bushels in South Sydney. So we sailed for South Sydney and anchored in the stream, for there was no pier or wharf in Sydney in those days. As far as I recollect there would be about half a dozen houses. Spruce woods ran down to the water's edge. The natives would come out in boats, punts, canoes and buy a bushel or more of our stock. In all we sold 18 bushels in South Sydney."

GREAT DOG FANCIER.—Mr. W. B. Purdie, the Secretary of the Massachusetts Silver Fox Co., Ltd., who at present has charge of the company's ranch in consequence of the resignation of Mr. McKendrick, is one of the most enthusiastic and best known dog-fanciers in America. He was one of the judges at the great dog show at Madison Square Gardens, New York, last year. Mr. Purdie is specially breeding French bull-dogs. He has one of the finest kennels on this continent, and some of the pups he has sold have fetched prices as high as \$1,500. Mr. Purdie has just returned from a 13,000 mile trip to the Pacific Coast. He will probably remain here all winter in charge of the Massachusetts ranch.

AUTO COLLISION.—A collision between motor cars occurred in the city on Wednesday night. At the corner of Queen and Euston streets Mr. W. B. Prowse's car, which he was himself driving, and which was coming along the latter street, and a car from Mr. Grant's garage, which was coming down Queen street, collided opposite Worthy's. Mr. Prowse's car suffered most in the accident; he had brought it to a standstill hoping to avoid or minimize the collision, and it was crashed into by the other machine. The radiator and other parts of the car's front gear were badly damaged, to the extent of about \$400, it is estimated. None of the occupants of either car sustained any hurt.

CHANGE OF OFFICE.—An interesting change is taking place among the business offices in Queen street. Messrs. Bustain & Bell, who since they opened business about three years ago, have had their business head office located at 36 Queen street, are removing these offices to No. 2 wharf, which lies at the foot of Queen street, and they will be situated in the premises formerly occupied by Messrs. Peake Bros. & Co. These premises have been thoroughly renovated and refurbished into a very fine suite of offices, among the finest in Charlottetown. The reason for the change is that the firm are desirous of centralising their business quarters, and their new offices are located at the wharf at which their coal yards are and the steamers for which they are agents moor.

THE WEATHER THE TEMPERATURE TIDE, MOON, ETC.

(Special to The Guardian) TORONTO, Oct. 31.—Fresh north-westerly winds; fair and cooler. Frost Saturday morning.

The first quarter of the moon will occur on Wednesday, Nov. 5th, at 2.34 p. m.

The length of today will be ten hours and eight minutes.

S. S. CONVENTION

Continued from page one the sorrowing family. The resolution was unanimously passed and the Secretary requested to convey the same to the relatives of the deceased.

TEACHER TRAINING DEPARTMENT.

The report of the Superintendent of the Teacher Training Department was then taken. The department, stated Mr. Weeks, the Superintendent, was becoming more and more recognised, but it was no easy matter to keep the class in regular attendance. If success was to be looked for, however, they must expect to make a big effort to gain it. He might say that he had been accorded a measure of credit for doing what perhaps he really had not done and that was in connection with the class at Cornwall. When he took up the office a year ago there were a number of classes already organized and some of them had taken two of the five books which comprised the course. The books contained ten lessons each. Brother Miller was the teacher at Cornwall. The speaker then gave in a tabular form the classes that were in existence a year ago as far as he knew. Among those which he enumerated were: One at Trion, with a membership of 241, Brother McNeil, Superintendent; one at Cornwall with 23 members; one at North Wiltshire with 9 and one at White Sands with 11. Mr. Weeks expressed the indebtedness of the department to the Rev. Mr. Murray for the interest he had shown in the work of preparing the examination papers. He had spent a great deal of time in weighing every item on the papers in order that no person should be given work which he did not deserve.

The report was unanimously adopted. Dr. McElfresh then gave a brilliant address on the "New Interpretation of Faith and Works" which was enthusiastically received. An address by the Rev. Mr. Martin, "The Problem of the Country Church," delivered with a pleasing distinctness of expression, was followed by a discussion of the subject, led by Mr. C. C. Reilly, Secretary of the Y.M.C.A., Mr. J. A. Clark, B.S.A., Mr. H. D. Dobbie, M.L.A., and others. The offering was then taken, after which the following reports were considered: Supplementary report of Treasurer; report of Nominating Committee; report of Enrollment Committee; report of Press Committee.

The Rev. Mr. E. E. Styles was the next speaker, making "a plea for the Sunday School Advocate;" and the Rev. Mr. Martin having delivered "A Message from the Word," the afternoon session closed with benediction.

EVENING SESSION.

At the evening session the Rev. Z. L. Fash presided. Dr. McElfresh delivered an address on "The Country Sunday School," which, of course, was highly appreciated. The principal feature of the proceedings was "Echoes from Zurich," by Rev. Mr. Z. S. Weeks recounting some of his impressions on the colossal Conference which was held at that place two years ago and at which were present representatives of the Christian Church from seventeen countries. Mr. Weeks' address was illustrated by stereopticon views which were shortly explained by the Rev. Mr. W. A. Ross.

The consecration brought an intensely interesting and instructive meeting to a close.

PERSONALS

Mr. J. N. McInnis was a passenger from Charlottetown to Murray Harbour yesterday en route to Montreal.

Among the passengers arriving in Charlottetown on the Northumberland from Pictou last evening were Mr. Fred McRae and Miss Sadie Ross.

Mr. Lawson, of the Canada Pipe Co., Vancouver, is on a visit to his home in Glenroy. He returns next week to Vancouver.

Everybody's saying it now, that Jas. Callaghan is the best tailor on P. E. I. Why? They are coming from all quarters to have their clothes made by him, his business has almost doubled in the last year. He is not only known here as a first class tailor, but his fame has spread abroad, he has customers all the way from the West Indies, California, New England States, British Columbia, Montreal, Quebec, New Brunswick and Nova Scotia, he had a compliment from a gentleman who has travelled almost all over the world and had tried all kinds of tailors, that he was the only tailor that ever gave him perfection. In fact, he said, "I don't believe I could get as good a fit in any part of the world." He can give you the gentleman's name if necessary. His number is 178, Queen St., Charlottetown.
