THE KING'S COUNTY GUARDIAN

Offices in Montague, Capt. W. A. Johnstone, Agent, and in Souris, A. J. McDonald, Agent.

...The latest news, first of all.

...W. T. Anderson, Morell, has returned to his home after a very successful season's work.

...R. N. Cox, Charlottetown, has returned to Morell in the interests of his lobster fisheries.

...Miss Lottie Smith has returned to Montague after spending a short vacation at her home in Appin Road.

...G. Walter Leslie, teacher, Morell, has gone to Charlottetown to take a course at the U. C. C. Thus another of the best teachers of this Province has left the profession.

...Just arrived, all the white wear, including waists, underskirts, corset-covers, night-gowns, etc., all of which is now for sale at the usual low prices. Alex. McLeod, Montague.

...In Montague yesterday dealers were paying forty-two cents a bushel for oats, twenty-two to twenty-five cents a bushel for potatoes; eighteen cents a dozen for eggs, ten and a half cents a pound for pork, twenty-two cents a pound for butter and ten cents a pound for hides.

...The following are the Souris market prices:—Potatoes per bushel, 28 cents; oats, per bushel, 42 cents; pork per pound, 10½ cents; beef, per pound, 10 cents; butter per pound, 27 cents; eggs, per dozen, 20 cents; hides, per pound, 8½ cents, and hay, per ton, $12 to $14.

FINE TERN SCHOONER LAUNCHED YESTERDAY AT PORT GREVILLE.

PARRSBORO, N. S., April 14—C. M. Cochrane launched from his shipyard at Port Greville today a fine tern schooner called the Novelty. She is built of spruce and hard wood, is classed for twelve years in American Lloyds, and will be supplied with a gasoline hoisting engine for anchors, sails and cargo.

She is 117.7 feet long, 30.6 feet wide and 11.1 feet deep and is 245 tons register and will be commanded by Captain David Ritchey, of Lunenburg, and will hail from the port of Lunenburg and go from Port Greville to load at Moose River for New York after which she will go into the south shore and West India fish trade.

ATTEMPTED HER OWN LIFE.

FORT WILLIAM, April 14—Suffering from insanity, Mrs Charles Puzurik of this city about 7 o'clock yesterday morning attempted to end her life by jumping into the Kam river. She was successful in diving into the icy water but was observed by the clerks of the C. P. R. coal office, who rescued her.

BRITISH TRADE INCREASES.

LONDON, April 14—The March statement of the Board of Trade shows increases of $30,534,500 in imports and $12,434,000 in exports. The principal increases in imports were in food-stuffs and raw material, and in exports in manufactured goods.

...Building operations have already begun in Morell and the fishermen in this vicinity are busily preparing for their season's work.

...In ready-made clothing for men and boys the patterns I am showing are the very latest; the same also can be said of the hats, caps, shirts, etc. Alex. McLeod, Montague.

...All amounts for Guardian advertising and subscriptions in Montague and vicinity should be paid to W. A. Johnstone agent, and in Souris and vicinity to A. J. McDonald, agent. 1—10drtf.

...The Mt. Mary School, Morell, is in a most flourishing condition under the efficient management of Miss Mary T. McDonald, assisted by Milton Jardine. The teachers and pupils of this school, assisted by local talent, recently gave in the Morell Hall a very successful concert. The program was a long and varied one, consisting of solos, drills, dialogues, etc. Each part was excellently carried out and showed the capable way in which the pupils were drilled in their respective parts. Although it would be useless to specialize each part, special mention should be made of the "good night" drill by eight little tots in their quaint caps and night-dresses, while the dialogue "Give and Take" by little Eddie Anderson and Mary Rossiter took down the house. Despite the bad condition of the roads, the sum of $48 was realized.

TO LOCATE 3,500 ACRES!

EDMONTON, April 14—A party of land seekers leave the city tomorrow to locate 3,500 acres of South African script in the vicinity of Athabasca Landing, north east of the city. Hundreds are locating homesteads in this vicinity, but are hampered by lack of railway facilities in some of the best sections.

KING EDWARD NOT SO VERY SICK IS OFFICIAL REPORT.

BIARRITS, April 14—Sir James Reid, physician-in-ordinary to King Edward, who accompanied his majesty professionally to this place said yesterday:

"The king has not had influenza, therefore he is not suffering from its after effects. He is living his usual life here. The weather continues stormy, even wintry. Consequently the king is outdoors less than he wished, but the alarmist stories about his condition are absurd."

PRIVATE MULLOY ADDRESSING MEETINGS.

LONDON, April 15—The Empire Messengers who will address first meetings in favor of tariff reform include Private Mulloy, Canadian, who lost his sight in the South African war, two Americans and one South African.

HIGH PRICE FOR CHICKENS.

CHICAGO, April 14—Chickens sold at 30 cents per pound on the South Water Street market today. This is the highest price ever recorded here in the history of the trade.

UNKNOWN WENT OVER FALLS

NIAGARA FALLS, April 14—The body of an unknown man went over the falls at dusk last night. It was seen by several people who stood on a rock above the cataract, but it was carried over the falls before aid could be secured. The body was that of a man between thirty and forty years of age, with dark hair, dark moustache, dressed in black. Search below the falls is being made for the body.

THE SUMMER TIME TABLE.

OTTAWA, Ont., April 14—Prince Edward Island members have been pressing for better train arrangements on the railway department ever since Easter. They had interview with the Minister of Railways today who took up the matter with Mr. Tiffin who is in Ottawa this afternoon. They say that they can make the western train get in on time at eleven thirty, giving several hours in Charlottetown. They want the time table to have a fair trial for a few weeks and if the trains cannot be made to run on time and to be satisfactory, other arrangements will be made.

MARYSVILLE WOMAN SERIOUSLY BURNED.

FREDERICTON, N. B., April 14—A shocking accident occurred in Marysville this morning when Miss Harriet Gallimore was almost burned to death.

While lighting a fire with kerosene her clothing caught fire. She managed to reach the street but not until nearly all the wearing apparel was burned from her body. Some people passing at the time came to her rescue and wrapped bedding around her, thus saving her life. The poor woman was taken to the home of Mr. Wheaton, nearby, where Dr. E. Bayard Fisher was summoned. It is a miracle that Miss Gallimore ever got out of the house alive. She is in a very critical condition but hopes are held out for her recovery. The fire in the house was soon extinguished, with but little damage.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

TORONTO'S TAX RATE.

TORONTO, April 14—"The tax rate this year will be 17½ mills on the dollar," announces City Treasurer Coady. "We have restored $5,000 which we had thought of cutting off the police estimates and $10,000 we intended to cut off the Board of Education's estimates. By doing this we have to make the tax rate 17½ mills instead of 17½ mills."

M. J. BUTLER ON C. B. TROUBLE.

ST. JOHN, April 14.—M. J. Butler, general manager of the Dominion Iron & Steel Company and Dominion Coal Company, passed through the city yesterday from Montreal en route to Sydney. Asked with reference to strike conditions at the mines, he referred with satisfaction to the shareholders' meeting in Montreal Tuesday endorsing the attitude of the management in the matter. The strike, he said, was fast working itself out, a large number of men having already taken the place of the strikers.

There were at work at the present time 3,200 men, but, owing to the present trade conditions 1,200 more could be used to advantage. U. M. W. men were coming back all the time and the company were not averse to giving places to them as long as there were openings, as Cape Bretoners would be given the preference, but if the striking miners did not avail themselves of present opportunities there was no telling how long present conditions would last as every steamer brought more men.

Speaking of affairs at the steel plant Mr Butler said that after present changes were completed the output would be increased about a third.

BIG OPERATORS MANIPULATING STOCK MARKET

NEW YORK, April 14—The stock market today gave further evidence of the ordered and systematized proceedings of the large operative forces which are supposed to be responsible for the advance of the day before. Stocks which wete strongest yesterday were subjected to a process of profit taking at different times today to take advantage of the new demand attracted from outside sources by the demonstration of yesterday. The new demand was reported to be considerable as shown by the buying orders received by the commission houses. It was those orders, matched by the selling orders to realize from yesterday's buyers, which gave the market its appearance of animation during the first hour. The narrowness of the price movement during that time was a noticeable feature, for the same reason.

There was not much specific news to account for the action of the market, but current discussion about the stock exchange dwelt largely on general considerations. Crop news was considered encouraging, and the decline in grain and cotton prices emphasized this view.

It has been on Thursday each recurring week for a long time past that the stock market has begun to show the depressing effect of the approach of decision day in the supreme court. That influence was decisively removed by Monday's action of the court in reassigning for argument the American Tobacco and Standard Oil cases. It is this change in the situation, which received most attention in stock market circles as supplying the favorable basis for the speculative movement which has been inaugurated.

The Pittsburg Coal Mining agreement was regarded with satisfaction There was a belief prevalent that a comprehensive advance in freight rates was in contemplation by the railroads as compensation for the rising wages of employes.

Bonds were firmer; total sales, par value, $2,804,000. United States bonds were unchanged.

EXCITEMENT IN GREAT BRITAIN.

LONDON, April 15.—Amid scenes of intense excitement, hardly paralleled since the Gladstonian Home Rule debate the House of Commons, by majority of 103 recorded its approval of Mr Asquith's resolution dealing with the veto power of the Lords, and heard the Premier's declaration of the Government policy for carrying them into statutory effect.

SALARIES OF CABINET OFFICERS COMPARED.

LONDON, April 14.—The proposal to raise Mr Burns' salary as president of the local government board to $25,000 a year calls attention to the remarkably high remuneration of members of the British cabinet as compared with the cabinets in this country are as follows:

Lord chancellor	$50,000
First Lord of the treasury	25,000
Secretaries of state—	
Home affairs	25,000

BIG LUMBER DEAL ON PACIFIC COAST.

TORONTO, April 14—The Fraser Lumber Company, whose mills at New Westminster, B. C., are said to be the largest in the world, have sold all their holdings to the Canada Western Lumber Company, which recently secured incorporation at Ottawa. The deal, involving $17,000,000 to $20,000,000, was closed in Toronto today.

SIX MEN PERISH IN NEW HAVEN FIRE

NEW HAVEN, April 14—Six men were burned to death in a fire which destroyed the workshops of the county jail here today. Three of their comrades were saved through the heroism of other firemen who were outside. The bodies of the six men were found late today after the debris had cooled. Many other firemen were fearfully burned but remained at work.

THE FIGHT AGAINST TUBERCULOSIS.

ST. JOHN, April 14.—The year 1909 will be marked in the calendar as a red letter year in the history of the crusade against consumption. The movement received a great impulse from the congress of distinguished physicians which was held in Washington, U. S., in the autumn of 1908 to consider the further measures to be taken to stamp out this dreadful enemy to the life and happiness of mankind.

Canada, in common with the rest of North America, perhaps we should say the whole civilized world, has participated in the renewed and increased activity which resulted from the deliberations of the congress.

Never since the organization of the Canadian Association for the Prevention of Tuberculosis has there been such activity displayed in Canada in this fight for life. Older branch associations have been reinvigorated, new associations have been formed which are showing in many cases a vogorous activity. Several new institutions for the relief and treatment of consumptives have been opened and the demand for our literature has been larger than ever. Take it all in all 1909 was a year of great progress in the work of the association.

The tenth annual meeting will be held in Montreal on June 7 next, and preparations are being made to make this one of the best, if not the best, meeting in the history of the association.

THAT LARGEST ORDER.

TO THE EDITOR OF THE GUARDIAN:

Dear Sir:—Allow me the use of some of your valuable space to correct a misunderstanding, re, large single orders of photographs. Mr Bayer in his letter in Thursday morning's paper says that "G. H. Cooke claims that his largest single order was for seven hundred photographs." Now if Mr Bayer will read carefully the item in Wednesday evening's Examiner he will see this is not what is meant. I merely mentioned this seven hundred order as one of our large ones, it being a theatrical contract for Patten & Perry. But for the benefit of Mr Bayer and any one else concerned, I will here state that my largest single order was for two thousand photographs, for a local man.

DAINTY DINNER AT SMALL COST.

Miss Fannie Merritt Farmer showed the class in her Boston School of Cookery how to prepare a dainty dinner at small expense. The bill of fare began with what the teacher calls mock duck, the rule for which is as follows: Bone a fore quarter of lamb, leaving leg bone. Stuff, truss and shape to represent duck, inserting blade to represent tail. Roast in a hot oven one and three quarter hours, basting every fifteen minutes with one-third cupful of butter melted in two-thirds cupful of water, and after that is gone with fat in pan.

English dumplings seem a natural accompaniment to a dish of this kind. Miss Farmer made them as follows: Force one-quarter pound of suet through meat chopper. Add to one and a quarter cupfuls of flour mixed and sifted with three teaspoonfuls of baking powder; then add salt, pepper, minced parsley and onion juice. Moisten the dough with one-half cupful of cold water shape and steam one hour.

Napoli spaghetti was made like this: Try out four slices of bacon cut in small pieces. Add one sliced onion one-half can tomatoes and one-half box Italian tomato paste. Season with cayenne mace and allspice, a bit of bay leaf and salt and pepper. Bring to the boiling point and let simmer one hour, and then pour it over cooked spaghetti.

Cheese custard was pronounced delicious. It was made by beating four eggs slightly (not with vehemence as some cooks do and wonder why their custards are water), adding three-quarters of a cupful of cold water, one-third cupful heavy cream, two and a half tablespoonfuls melted butter and three tablespoonfuls grated cheese. Season with salt, pepper, cayenne and onion juice. Turn into buttered individual dariole moulds and bake until firm. Remove to hot plates and pour around a bread sauce made like this: Cook one and one-fourth cupful of milk in double boiler with one-third cupful of fine stale bread crumbs and one onion stuck with five cloves twenty-five minutes. Remove onion and add one and a half tablespoonfuls of butter, salt and a few grains cayenne. Sprinkle with half cupful of course stale bread crumbs browned in butter. This must be thin and delicate—not pasty.

Huntington salad was prepared by peeling and chilling medium-sized tomatoes and cutting them in five vertical sizes, not severing sections. Mash a cream cheese, season and moisten with French dressing, pack into a timbal mould and chill thoroughly. Remove from mould, cut the one-fourth inch slices crosswise and fit slices between incisions in tomato. Serve on lettuce leaves with French dressing.

For coffee charlotte baskets, Miss Farmer baked sponge cake in buttered gem pans, removed centres and filled with coffee cream, garnished with whipped cream sweetened and flavored with brandy and vanilla, strips of angelica represent handles. For the coffee cream, scald one and a half cupfuls of milk with two and a half tablespoonfuls of ground coffee. Mix one half cupful of sugar, one fourth cupful flour and salt. Pour on gradually the scalded milk (which has been strained). Add yolks of two eggs slightly beaten and cook fifteen minutes. Cool, flavor with vanilla and add one-third cupful of English walnut meats broken in pieces. The whites of the eggs may be saved for a cake.
