# Jenkins For Mayor

Councillor R. H. Jenkins has had a long and active experience as a member of the Council Board—Six years has he assisted in the guidance of our municipal affairs. He is a man old enough to know the wise course, yet young enough to possess the energy and initiative necessary to force sound ideas to become realities. He stands for those principals in civic affairs which have won him an enviable position in business life—A Square Deal—A Clean Record—Prudent Progress.

He appears before the electors of the city as a candidate for the Mayoralty, a man widely known, everywhere respected, with a record of achievement behind him that

Mr. Jenkins, even before his election as a representative of Ward 5 saw the need of a system of storm sewers throughout the city and on April 12, 1915 moved a resolution seconded by Councillor Riley, asking for an issue of debentures to the amount of \$30,000 for street improvements payable, 25 years from date is-

few can boast. Both in public and private life he has proved himself, and as the first citizen of Charlottetown we may rest assured he will use his talents to guide our affairs in the path of progress, neither dazzled by false appearances, nor hampered by worn-out traditions.

There seems to be an impression in some parts of the city that Councillor Jenkins is a new man at the Council Board. This is not the case. He has been a member of that body for six years, leading the poll in Ward 5 with large majorities in the Civic Elections of 1914, 1916 and 1919. This statement may be verified at the office of the City Clerk.

sue at a rate of interest not to exceed 4 1-2 per cent. per annum, and with provisions for an adequate sinking fund. This money was chiefly devoted to storm sewers, and was really the beginning of the permanent work on our streets, which has been so commended in every quarter.
