FRENCH OPEN CHAMPAGNE OFFENSIVE

Eastward from Rheims French launched an Attack Covering Front of Four Miles, Capturing Several Fortified Trenches.

LONDON.—The expected battle in the Champagne region of France, following days of elaborate preparation by the French forces, which was answered almost shot for shot by the Germans, at last has broken. Synchronizing it, apparently, with the activity on the part of the British against the Germans in the Arras front, the French eastward from Rheims, launched an attack over a front of about four miles, from the south of Beine to the east of Mont Carillet, and captured several fortified German trenches.

Delivered at mid-day, the offensive was swift and sharp, and at its conclusion the French line had been driven forward into territory previously occupied by the enemy to depths ranging relatively from 500 to 1,000 yards.

Simultaneously to the eastward a thrust by the French northeast of Mont Haut netted them a gain of two-thirds of a mile and placed them virtually astride the Moronvillers-Nauroy road.

That the fighting in this region has not yet been brought to a conclusion is indicated by the official statement of the Paris War Office, which announces that artillery duels of violence are still going on. There also has been a continuation of the great artillery activity from St. Quentin to the Oise and along the Cahnin des Dames northeast of Soissons.

HOLLWEG TO MAKE ANOTHER PEACE OFFER

"World will be Astonished at Moderation of Offer," Says German Paper. Hollweg Likely to be Astonished at the Result.

THE HAGUE, Netherlands, via London.—Dr. von Bethmann-Hollweg, the German Imperial Chancellor, will make another peace offer in the Reichstag today, Thursday, according to an announcement by the Berliner Tageblatt.

"The world will be astonished by the moderation of the German peace terms," said the Anzeiger of Dusseldorf, Germany, quoting in a recent despatch from Berlin a statement given out to foreign correspondents in Berlin. For several weeks it has been intimated that Germany might soon make another peace offer, and recent information from Berlin shows that Chancellor von Bethmann-Hollweg was expected soon to make an announcement in regard to the international questions, although heretofore no announcement has come from a responsible quarter that a peace offer actually would be made.

For several months a controversy has been in progress in Germany as to the aims of the war. The Socialists, vigorously opposed by the Pan-Germans, are urging a clear statement of Germany's peace terms, on the basis of no annexations or indemnities. The Chancellor was recently reported to have decided to defer definite formulation of peace proposals.

The announcement of the Chancellor's expectation to make a peace offer on Thursday is given added weight by the fact that it appears in the Tagesblatt, one of the most widely circulated German newspapers.

AMERICANS DESCRIBE TURKISH SITUATION AS EXTREMELY GRAVE.

PARIS.—The American official delegation, which arrived recently from Vienna, has been joined by Americans from Constantinople, including the crew of the United States converted yacht, Scorpion. They left Constantinople a short time before the rupture of relations between Turkey and the United States and describe conditions in Constantinople as being extremely grave.

Fully 35,000 poor persons are reported to be on the verge of starvation. There have been from sixty to one hundred cases of actual starvation. Frequently food has reached prohibitive prices and can be bought only with gold, which is exclusively in the hands of the wealthy classes. Sugar costs \$5 a pound, coffee \$9 a pound and tea \$6 a pound, while other articles are of a correspondingly excessive price.

It is stated that the popular sentiment is strongly in favor of breaking relations with Germany and making a separate peace with the Entente Allies, but that the German officials, realizing this, have taken extreme precaution to prevent defection. The Goeben, formerly a German cruiser, is being kept in the harbor of Constantinople with the purpose of bombarding the city if any popular manifestation occurs.

A similar feeling is said to exist in the Turkish army, but its effect has been largely reduced owing to a considerable part of the army being affected with typhus fever, due to unsanitary military conditions.

A GREAT SOCIALIST DEMONSTRATION IN SWEDEN.

(Canadian Press Despatch) LONDON.—A Stockholm despatch says that the greatest Socialist demonstration ever seen in Scandinavia was held throughout Sweden on May Day. The demonstration was brought to a peaceful conclusion, although the result had been anticipated with anxiety and nervousness.

HUN PEACE SPEECH HAS BEEN POSTPONED.

(Canadian Press Despatch) COPENHAGEN.—Via London.—The speech, which was to have been made in the Reichstag by Dr. Von Bethmann-Hollweg, the German Imperial Chancellor, on peace, and international relations, has been postponed to a more fitting occasion, according to word received here.

EXPLOSION DAY IN GERMANY

Two Powder Factories Blew Up Killing 521 and 30 People Respectively.

COMBATting THE SUBMARINE MENACE

(Canadian Press Despatch) LONDON.—Important re-organizations of the staff and methods of the Admiralty will shortly be put into effect for the purpose of meeting the submarine menace, according to The Daily Mail.

The changes are being planned by Premier Lloyd-George in collaboration with Sir Edward Carson and the war cabinet. The Premier has lately been devoting much attention to the problem and has directed important inquiries with a view to the introduction of new methods. An examination of the administrative machinery with which the Admiralty has been fighting submarines in the past is said by the Mail to have convinced the Premier that a re-organization is desirable. The paper specifies two directions, in which important changes are contemplated, namely the Admiralty inventions board, of which Lord Fisher is chairman and the department in control of sea traffic. The Mail claims that the direction of sea traffic has been inefficient, owing to the failure to realize the great proportions of the submarine menace.

BOMBS HURLED IN RUSSIAN STREETS

An Unknown Young Man Killed Major-Gen'l Kashtalinski.

PETROGRAD, via London.—There were street disorders here yesterday, during which bombs were thrown. Major General Kashtalinski was killed. The executive committee of the Workmen and Soldier's Delegates placarded the city with the following proclamation: "Yesterday many regrettable incidents occurred in the capital, notably an unknown young man killed General Kashtalinski. Shots were fired on a group of political demonstrators and bombs were thrown."

"Some individuals, posing as members of the executive committee, arrested landed proprietor Lodievski. "Only mad men or enemies of national liberty are capable of such revolting acts, which might compromise the Russian revolution. The executive committee condemns them severely, and appeals to all citizens to prevent a repetition of such acts as would provoke anarchy and a disorganization of the forces of the revolution."

BRITISH NATIONAL DEBT ANNOUNCED BY MR. LAW.

(Canadian Press Despatch) LONDON.—Andrew Bonar Law, Chancellor of the Exchequer, in his speech introducing the fourth war budget in the House of Commons said that since the beginning of the war £22,000,000 had been advanced to Great Britain's allies and £142,000,000 to her Dominions.

Mr. Bonar Law said he had no new taxes to propose and additional taxes only in three cases.

The National Debt, Mr. Bonar Law stated, stands at £3,544,000,000 less advances to the Allies and Dominions.

LARGEST BUDGET OF THE WAR IN BRITISH HOUSE

LONDON.—The fourth and largest budget of the war has been prepared by Chancellor Bonar Law for introduction in the House today although the intervention of the United States in the war is expected to relieve Great Britain to a large extent of the necessity of financing her allies the government's expenditures for the present year, if the war continues, probably will exceed the cost of preceding years. New sources of revenue must be found. The charges on the war debt are increasing and excise returns are diminishing on account of the restrictions placed on the liquor trade. The House is prepared for an increase of the levies on excise profits, tobacco and amusements.

ANOTHER SMASHING CANADIAN VICTORY

Canadian Column of Veteran Troops Carried the Fortified Village of Fresnoy east of Arleux and Vimy on the Road to Douai.

OTTAWA.—Stewart Lyon, Canadian Press Correspondent with the Canadians in France, cabling this afternoon says that this morning a Canadian column, composed of veteran troops, carried the fortified village of Fresnoy, east of Vimy, the advance carrying them further toward Douai. Fresnoy is about a mile east of Arleux which the Canadians captured a few days ago at the point of the bayonet. Arleux was a sort of cover-point to Fresnoy, the latter being strongly fortified. This brilliant achievement by the Canadians, to whom much of the glory of the Battle of Arras has fallen, brings General Haig's troops appreciably nearer their present goal, Douai, which is still ten miles distant with a number of fortified villages yet to be taken. Vimy, and Fresnoy are in a straight line for Douai. Izel, Query and Esquerchin and possibly Culny, are yet to be taken before Douai is reached.

Details of the battle of Fresnoy are not yet available.

GRAND ENTERTAINMENT IN PRINCE STREET SCHOOL

The was a crowded attendance in Prince Street School Hall last night when an entertainment organized by Mr. Walter Burke on behalf of the Women's Patriotic Society was successfully carried through. The Hon. Justice Hazard presided and made a short and effective appeal on behalf of the Red Cross of which the Women's Patriotic Society is a Branch. He said that the need for assistance in carrying on the work of the Red Cross is greater today than ever before in its history. An urgent appeal had within the past few weeks been made to the people of P. E. Island from Headquarters for additional assistance for carrying on the work at the front. They could realize how great the need was when he mentioned that the number of Canadian casualties on the Western front since Easter Monday totalled over 12,000 killed and wounded. To understand what that meant they had just to think for a moment what their feelings would be if tomorrow the whole population of Charlottetown were wiped out or disabled. The whole population of Charlottetown was less than the number of Canadian casualties since Easter Monday. There was no greater work, no more needed work, no more patriotic work than that carried on by the Red Cross Societies throughout Prince Edward Island. The work of the Women's Patriotic Society in Charlottetown was especially worthy of support.

"Only mad men or enemies of national liberty are capable of such revolting acts, which might compromise the Russian revolution. The executive committee condemns them severely, and appeals to all citizens to prevent a repetition of such acts as would provoke anarchy and a disorganization of the forces of the revolution."

The principal part of the programme was that contributed by Mr. Burke who gave a first class edifying and entertaining cinematograph exhibition. The pictures exhibited included three series of the Mutual Weekly, showing scenes in Canada, United States and England. Travel pictures were thrown on the screen illustrating the industries and scenery of St. Paul and Minneapolis while two comedies were also portrayed. In moving a vote of thanks to Mr. Burke Mr. Justice Hazard said that the class of cinematograph films exhibited was just that which parents would like their children to see and he hoped Mr. Burke would continue to give similar entertainments in the City and elsewhere. The proceedings concluded with the National Anthem.

Most of the American ships on the list were owned by the American Trans-Atlantic Company and several of them were seized by the British. The cases of the Saginaw, the Kankakee, the Genesee and the Hocking have been before the British prize court for many months. These cases were postponed recently in the expectation that a settlement would be effected, in view of the entrance of the United States into the war.

taken on behalf of the funds of the Society.

The programme was a most enjoyable one. Grace Church Orchestra, under the direction of Rev. F. H. Littlejohns contributed several pleasing selections and vocal solos were rendered in excellent style by Mrs. Henderson and Prof. Hinton while Miss Edna Gordon recited a charming ghost story.
