## BOYCOTT OF BRITISH GOODS ADVOCATED

### Dublin Shops Plastered With Signs, Which Police Re- move At Request Of Free State Gov't.

(Associated Press)  
DUBLIN, Irish Free State, July 17.—The capital of the Free State today to find almost every shop in Dublin plastered with signs reading "Boycott British goods."  
One large streamer with those words had been strung across the principal street of the city.  
While the residents were going to work this morning, the police went about systematically removing all the signs at the request of the Free State government.  
The latest manifestation of feeling in Anglo-Irish affairs apparently was inspired by the breakdown of an economic peace conference between Premier Ramsey MacDonald and President Eamon De Valera.  
They failed to smooth over differences, and as a result an Anglo-Irish tariff war is developing.  
Great Britain imposed 20-per-cent duties on the Irish Free State to offset an equivalent of land annuities defaulted on orders of De

## Willing To Buy Canadian Flax

(Canadian Press)  
OTTAWA, July 17.—The linen industry in Northern Ireland would gladly buy Canadian-grown flax if that commodity could be secured on one of its objects in coming to this country is to survey the flax-growing situation in Canada, was the statement of Lewis Gray, prominent Belfast industrialist, who arrived here early this morning for the Imperial Conference. At present practically all the flax bought by the Belfast linen trade is grown in Russia. The manufacturers of Northern Ireland, however, would be perfectly willing to transfer that buying to Canada provided the Dominion could supply the market.  
Mr. Gray will discuss this matter with Hon. Robert Weir, Minister of Agriculture, and intends also to have touch with representatives from the flax-growing areas in Canada. Very little flax is grown for export in this country, Mr. Gray commented adding that Northern Ireland would welcome any Canadian expansion in that line of production.  
With the Northern Ireland party also is His Worship Mayor W. McCorkell, Chief Magistrate of Londonderry. Mr. McCorkell is also interested in the Empire-grown flax situation.

## ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC

- Orchestra tonight at Welcome Hall, Brackley. 4457-7-18-11.
- Popularity—Ladies who know the Green Wins. Ask your merchant. 4447-7-18-31.

- Dance in Millview Hall on Tuesday, July 19th. Admission 25c. 4456-7-18-21.
- Kelly's Cross Dramatic Club presents "Under Blue Skies" at Hope River Hall, Monday, July 18. 4419-7-18-31.
- Festival and Dance at Cardigan Head School, Wednesday, July 20th. Unfavorable, Thursday night. 4443-7-18-21.
- Ice Cream and Strawberry Festival at Fernald Hall, July 20th. Unfavorable, Thursday night. 4443-7-18-21.
- The Stella Maria Club of North Brackley will give concert in South Hall, Wednesday, July 20th. If not fine, the following night. Step dancing a specialty. Admission 50c. 4450-7-18-21.

## Ireland Contented And Prosperous, Says Archbishop

HALIFAX, July 17.—(By the Canadian Press)—Ireland today is contented as never before, according to Rt. Rev. Thomas O'Donnell, Roman Catholic Archbishop of Halifax, who returned on Saturday from the Eucharistic Congress in Dublin.  
"Ireland is enjoying prosperity such as it never before enjoyed," he said. "I am an Irishman. I know Ireland—the Ireland of annual famine, from 1845 to 1849. It is today a new people with a new life and energy. As to Mr. De Valera, he is regarded in Ireland not as the dreamer and idealist as is pictured in the press of the world, and in particular on this side of the Atlantic. He is looked upon in the Irish Free State, on the contrary, as a practical statesman. His father, it is true, was not an Irishman, but his mother was an Irish woman and he was born in Limerick, and he himself was brought up in the country. I believe that he had a majority of the people of the Free State behind him in his present policies."  
Referring to Ireland's defaulted land annuities, to the British government, he said: "I believe that this will ultimately be settled between the two countries. Mr. De Valera has asked for a board of arbitration. He and the English government do not see eye to eye as to the composition of that board. England declines to have outsiders. Mr. De Valera desires them. However, I think the good sense of the leaders of the two countries will find a way out."

## Demonstrations In Liverpool

LIVERPOOL, England, July 17.—(Canadian Press Cable)—Further Protestant demonstrations disturbed Liverpool today as the new Anglican cathedral was being dedicated. Members of the Protestant Reform League demonstrated around the edifice, four of whose stained glass windows were smashed last week, in protest against "high" Anglican tendencies of the church.  
The trouble was not ended until police reinforcements were called up to quell several ugly rushes by the crowd.  
The Bishop of Liverpool, Rt. Rev. Albert David, dedicated the edifice, which is the largest cathedral in England, and while the bishop and clergy and choir were passing around the church in procession, singing hymns, members of the Protestant Reform League, gathered in large numbers, sang in competition "Dare to be Daniel," and the old reformer's song of the iron-sides.

## Says Duties Will Not Benefit Either Country

OTTAWA, July 17.—(By the Canadian Press)—The general effect of the tariff duties imposed by Great Britain against imports from the Irish Free State and the retaliatory measures on the part of the Free State government itself would simply be to injure the people of both countries without any compensating benefit to either, in the opinion of Dr. Joseph Ryan, Minister of Agriculture in the De Valera administration. Dr. Ryan arrived here early this morning with the Irish Free State delegation to the Imperial Conference.  
While it was true that Great Britain was the Free State's best customer, said Dr. Ryan, the reverse was equally true. Also, the Free State bought more from the United Kingdom than she sold to Britain. The balance of that inter-charge was considerably in favor of England. That the duties would be an obstruction to trade was obvious, the minister declared, adding that they would hurt both countries to the advantage of nobody.

## Lumbermen Are Heavy Losers

BLACKVILLE, N. B., July 16.—Nearly two million feet of lumber was destroyed by fire of an undetermined origin here in a lumber yard. No estimate of the extent of the loss sustained by four companies who used the yards has been made and the loss is only partly covered by insurance.  
The heaviest loss was sustained by Schaffer, Ltd., Blackville, which is estimated at nearly a million feet, mostly white pine which at the present time is valued at about \$25 per thousand. Bamford Brothers, Ellsfield, were also heavy losers losing about between one and two hundred thousand feet while the Gray Rapids Company losses will reach about 50,000 feet. Ashley A. Colter Ltd., of Fredericton, losses will reach somewhere in the vicinity of \$1,000,000.

## ORANGEMEN PARADE TO SERVICE

### Local Lodges And Visitors Marched To Central Christ- ian Church Yester- day Morning.

The annual church parade of the Boyne Orange Lodge was held yesterday morning at 11 o'clock, when upwards of 100 members of the local men's and women's lodges, accompanied by a number of visitors from outlying points, marched to the Central Christian Church.  
The parade, which was headed by the Salvation Army Band, after leaving the Lodge Rooms on Richmond Street, proceeded to Queen Street, thence to Kent, to the Church. Mr. H. H. King acted as Marshal. The Grand Master for the Province, Mr. W. W. Muttar, Summerside, was among those present.  
The sermon of the morning was preached by the pastor of the Church, Rev. W. L. Outhouse. A special musical number was rendered by the male quartette, composed of Messrs. C. L. McKay, W. L. Outhouse, F. V. Beck and Milton Stewart.

## Ontario Judge Is Very Ill

TORONTO, July 17.—(By the Canadian Press)—Hon. J. F. O'Grady, Justice of the Ontario Court of Appeal, is "making a strong fight for his life but his condition is still serious," attending physicians said tonight.  
Mr. Justice O'Grady suffered a severe breakdown in health after he had concluded in June the hearings of his royal commission enquiry into certain affairs of the Ontario Hydro Commission. His illness took a sharp turn for the worse Saturday.

## King's Message Reaches Ottawa

OTTAWA, July 16.—(Monday)—(By the Canadian Press)—Completing the first of the Imperial Conference air mail flights from the Straits of Belle Isle to the capital—Flight-Lieutenant Dave Harding, of the Royal Canadian Air Force, landed at Rockliffe aerodrome at 12:55 E.D.S. time this morning. He made the flight from Montreal in one hour and five minutes.  
Included in the mail was the message from the King which the Earl of Beesborough will read at the opening of the Imperial Conference here Thursday morning. The letter in which it was enclosed was delivered early this morning to the Governor General's private car just before he left for Petawawa military camp which he will inspect tomorrow.

## Lady Drowned In Sydney Harbor

NORTH SYDNEY, N. S., July 17.—(By the Canadian Press)—Mrs. John S. McDonald, a frequent contributor to Canadian and United States periodicals and wife of the former editor of the North Sydney Herald, was drowned in Sydney Harbor today.  
She left her home this morning to take a walk. A few hours later her body was found in shallow water at a wharfedale and it is believed she took a weak turn and fell over the wharf. She had been ill for several months. A verdict of accidental death was returned at an inquest conducted by Dr. J. W. McLean, coroner.  
Mrs. McDonald, a graduate of Forest Hospital, Boston, Mass., was the first registered nurse to practice in Sydney. In recognition of admirable work rendered with the Red Cross during the war years she was presented with a life-membership in that organization. Her husband, John S. McDonald, and one daughter survive.

## Prime Minister EMPIRE WATCHING HIM

Rt. Hon. Richard Bedford Bennett, Prime Minister of Canada, whose economic proposals at the coming Empire Conference are the subject of wide conjecture.

## U.F.O. PARTY AGITATING AT OTTAWA

### Prime Minister, Busy Preparing For Im- perial Conference, Refuses Request To Attend Meeting.

OTTAWA, July 17.—Refusal of Prime Minister R. B. Bennett to appear before a meeting sponsored by the United Farmers of Ontario was protested here on Saturday. The delegates included representatives from Ontario, parts of Quebec and, it was stated, a few from Western Canada. Mobilized by special train, motor car and any other adequate conveyance, the "farmers' array" had come to Ottawa two thousand strong to advise the Government of their views of agriculture at the Imperial Conference.  
The Prime Minister had replied that time did not permit him attending the meeting. He had an appointment with Lord Rothermere which had been arranged weeks ago by telegram, and the members of his Cabinet were also busy.  
Strong criticism of the Prime Minister's reply was made by Miss Agnes McPhail, U.F.O. member for Southeast Grey in the federal Parliament, and others in the audience.  
Dr. M. J. Maloney, and Dr. I. D. Cotnam, members of Parliament for South Renfrew, emphasized the interest which the Prime Minister took in agriculture, and the fact that one of the primary purposes of the Imperial Conference was to assist the farmer.  
A resolution adopted at the meeting affirmed the right of the delegation to a hearing. The resolution represented the meeting to be representative of "men and women of Ontario, Quebec and the rest of Canada."  
The question then arose as to what should be done. A memorandum setting forth briefly the views of the meeting on Empire trade, Empire currency, and agricultural representation on advisory boards at the Imperial Conference, had been approved.

## 15 KILLED IN GERMANY OVER WEEK END

BERLIN, July 16.—(Monday)—Fifteen persons were slain and many scores injured in seven bloody political affrays in various parts of the Reich this weekend.  
More than 6,000 persons were involved in a battle between Adolf Hitler's Nazis and Communists at Altona, a city of 170,000 persons near Hamburg. Twelve were slain and 50 were in hospitals before police cleared the streets at midnight.  
Two persons were killed and 25 seriously wounded at Griefswald, a small town in Pomerania near the Baltic Sea. Police finally succeeded in quelling the disorder, which involved Nazis and Communists.  
A pistol fight between Nazis and anti-Nazi manifestants occurred Sunday in Alle Jakobstrasse in the heart of Berlin, and when the police rushed up they found a Nazi dead in the gutter.  
Political feeling flared into riots at four other points, continuing the disorders which have brought increasing bloodshed in recent weeks.  
These were at Ketschendorf, 20 miles southwest of Frankfurt-on-the-Oder; at Griefswald, near the Baltic Sea in Pomerania; on the highroad between Aurich and Norden in East Friesland, on the North Sea and in Berlin.  
It was necessary to call a squadron of Reichswehr cavalry from nearby Furstenwalde, to quell the riot between Nazis and Communists at Ketschendorf. The local police sent in the alarm when they were unable to stop the melee. After it was all over four Nazis were found stabbed and many weapons had been seized by the troops.

## Back - To - Land Movement In N. B. Abandoned

SAINT JOHN, July 17.—The "Back-to-the-land" movement in New Brunswick has been abandoned according to an announcement made tonight by Mayor James W. Brittain. Neither Premier C. D. Richards nor Hon. L. P. D. Tilley, Minister of Lands and Mines, would comment on Mayor Brittain's statement that the Government had not approved the plan.  
The scheme was evolved several months ago as a means of altering employment in this province. Applications were received from men and women who were to be charged to the municipalities in which they lived. It was planned to assist the seamen in clearing and settling land with the Dominion Government, Provincial Government and city, town or municipality concerned each bearing one-third of the total cost which was not to exceed \$60 for each individual case.  
The plan, open only to those who had previous experience in farming or lumbering, met with opposition in several parts of the Province, particularly from the counties of Sunbury and York. In those counties it was felt that those whose applications were granted might become charges on the municipalities to which they were moved.  
Premier Richards had said an agreement would be made for a period of a few years—five years or seven—the applicants would "be-join" to the municipality from which they came.

## Go To Europe

Meet Miss Helen Park Cant of Douglaston, N. Y., who has just sailed for Brussels, where she will represent United States at the international beauty pageant, Miss Cant can't fail to be popular with the judges, eh?

## Waterfront Fire Destroys Piers And Box Cars

BALTIMORE, July 17.—Three Pennsylvania railroad piers and between 10 and 15 box cars were destroyed late today in a waterfront fire over a 10 acre area near the lower end of the Baltimore harbor. Railroad officials here placed an estimate of \$1,000,000 on the loss. Fire officials said at 6:30 p.m. E.S.T., they did not have the fire under control, but would be able to prevent it from spreading to adjoining piers. The origin of the fire was not determined.  
Most of Baltimore's land fire fighting apparatus and its two fire boats struggled with the flames for several hours before they stopped its spread.  
Five firemen and one civilian were overcome. Fire Chief Robert Tate was overcome in one building where the exits had been cut off temporarily. He was revived and returned to duty.

## FREE STATE DELEGATION IN OTTAWA

Irish Representatives  
Are Warmly Wel-  
comed On Arrival  
in Metropolis.

(By W. W. Murray, Canadian Press Staff Writer)  
OTTAWA, July 17.—A huge throng of cabinet ministers, departmental officials and the general public pressed into the Union Station shortly after midnight this morning to extend a welcome to the first of the national delegations to the Imperial Conference, the Irish Free State group. Their course of action belauded by some uncertainty in view of the breakdown of the negotiations between President De Valera and Premier Ramsay MacDonald yesterday, the Free Staters nevertheless have the declared purpose of making efforts toward concluding arrangements for reciprocal trade with the other Dominions. This was emphasized yesterday to a Canadian Press representative on board the S. S. Laurentic, which brought the party to Canada, by Sean T. O'Kelly, head of the Free State delegation.  
This is Mr. O'Kelly's second trip to Canada. His first, some years ago, was only of an hour's duration when he crossed from the United States to Niagara Falls, Ont., on a sight-seeing tour. Most of the other members of the group are, however, total strangers to this country.  
The arrival of the delegation in Ottawa was the occasion of a warm demonstration by representatives of various Irish societies in the metropolis. Standing alone on the upper deck of the Laurentic, Mr. O'Kelly was loudly cheered by a large and generously beribboned assembly on the wharf below, while a cornet player rendered "The Soldier's Song," the national anthem of the Irish Free State. The delegation held joined in the singing.  
At the station here, Mr. O'Kelly was met by the Prime Minister, Rt. Hon. R. B. Bennett, and Dr. O. D. Skelton, Under-Secretary of State for External Affairs. The Premier escorted Mr. O'Kelly to the hotel.

Five firemen and one civilian were overcome. Fire Chief Robert Tate was overcome in one building where the exits had been cut off temporarily. He was revived and returned to duty.

## DEATH OF LORD PLUMER

Famous Military Com-  
mander Passes  
Away After a  
Lengthy Illness.

(Canadian Press Cable)  
LONDON, July 17.—Another of the British military leaders of the Great War has passed from the scene. Field-Marshal Lord Plumer, well known to Canadians, commander of the Second Army for the most of the duration of the Great War, is dead after a lengthy illness. He was 75 years of age.  
The War Office tonight announced the funeral service will be held Wednesday morning, preceded by a military procession from the Guard's Chapel at Wellington barracks. The service itself will be held in Westminster Abbey as befitting the soldier's rank and preference in allotting seats is being given to the relatives and those associated with the Field-Marshal during his career.  
Officers of the fighting services will wear full uniform.

## Lady Beatty Dies In Sleep

DINGLELEY, Leicestershire, Eng., July 17.—Lady Beatty, wife of Earl David Beatty, died in her sleep tonight.  
She had been ill for several days and despite the efforts of the best physicians her condition grew steadily worse.  
Ethel Field, only daughter of Marshall Field of Chicago, was married in 1901 to Earl David Beatty, who subsequently became Admiral of the British Fleet and served with great distinction in the war. She was prominent in London society and of late years had interested herself actively in philanthropic and public enterprises. Last year she assisted her son, Viscount Borodale, in his campaign for the parliamentary seat representing Peckham. He was elected.

## Congress Ends Long Session

WASHINGTON, July 17.—(A.P.)—The 72nd United States Congress adjourned its long session at 11:25 o'clock last night, raked to the last with dispute, such as has embolled it for many of the months since December, but able to say that at the very end it had settled its differences over the long pending relief and home loan bank legislation.  
The agreement on the \$2,122,000,000 relief bill came through the Senate's yielding to the House of Representatives on the controversial clause for publicly on reconstruction corporation loans.  
Conversely the House gave way on the home loan bill, accepting the Glass rider which will make possible nearly \$1,000,000,000 expansion of the currency. President Hoover is expected to sign both with in the next few days.

## Kaye Don Breaks World's Water Speed Record

(Associated Press)  
LONDON, July 18.—Kaye Don, noted British speed boat pilot, broke the world's water speed record at Loch Lomond this morning with his boat, Miss England III.  
The figures were not announced immediately but Arthur Gray, who was appointed by the Marine Motoring Association to supervise Don's attempt announced by a signal that the record was broken.

## Treaty Will Be Signed Today

TORONTO, July 18.—(Monday)—(By the Canadian Press)—The St. Lawrence waterway treaty will be signed in Washington Monday, says a despatch to the Toronto Globe from its Ottawa correspondent, Hon. William D. Horridge, Canadian Minister to the United States, is said to have left Ottawa Saturday for Washington, where he will sign on behalf of the Dominion.

## Waterfront Fire Destroys Piers And Box Cars

BALTIMORE, July 17.—Three Pennsylvania railroad piers and between 10 and 15 box cars were destroyed late today in a waterfront fire over a 10 acre area near the lower end of the Baltimore harbor. Railroad officials here placed an estimate of \$1,000,000 on the loss. Fire officials said at 6:30 p.m. E.S.T., they did not have the fire under control, but would be able to prevent it from spreading to adjoining piers. The origin of the fire was not determined.  
Most of Baltimore's land fire fighting apparatus and its two fire boats struggled with the flames for several hours before they stopped its spread.  
Five firemen and one civilian were overcome. Fire Chief Robert Tate was overcome in one building where the exits had been cut off temporarily. He was revived and returned to duty.

## DEATH OF LORD PLUMER

Famous Military Com-  
mander Passes  
Away After a  
Lengthy Illness.

(Canadian Press Cable)  
LONDON, July 17.—Another of the British military leaders of the Great War has passed from the scene. Field-Marshal Lord Plumer, well known to Canadians, commander of the Second Army for the most of the duration of the Great War, is dead after a lengthy illness. He was 75 years of age.  
The War Office tonight announced the funeral service will be held Wednesday morning, preceded by a military procession from the Guard's Chapel at Wellington barracks. The service itself will be held in Westminster Abbey as befitting the soldier's rank and preference in allotting seats is being given to the relatives and those associated with the Field-Marshal during his career.  
Officers of the fighting services will wear full uniform.

## Lady Beatty Dies In Sleep

DINGLELEY, Leicestershire, Eng., July 17.—Lady Beatty, wife of Earl David Beatty, died in her sleep tonight.  
She had been ill for several days and despite the efforts of the best physicians her condition grew steadily worse.  
Ethel Field, only daughter of Marshall Field of Chicago, was married in 1901 to Earl David Beatty, who subsequently became Admiral of the British Fleet and served with great distinction in the war. She was prominent in London society and of late years had interested herself actively in philanthropic and public enterprises. Last year she assisted her son, Viscount Borodale, in his campaign for the parliamentary seat representing Peckham. He was elected.

## Congress Ends Long Session

WASHINGTON, July 17.—(A.P.)—The 72nd United
