DIRECTORS OF THE C.N.R. WILL STAND BY ORDER 42

President Hanna Declares That No Camouflaging
Can Cloud the Point at Issue, Namely, That There
Shall be no Politics in the Administration.

(Special to The Guardian)
TORONTO, Dec. 28.—President D. B. Hanna of the C. N. R. stated today that the Board of Directors did not intend to be drawn voluntarily into the work and operations of the recently appointed Board of Conciliation, which was recently appointed by the Minister of Labor to look into the dispute over order 42 which was issued some time ago in reference to the participation of employees in the political arena. "The Board of Directors of the Canadian National Railways," said President Hanna today, "notified the Minister of Labor that they

could not, consistent with their appointment as directors under which the railways were to be operated free from politics, nominate anyone to represent them in this matter. "No camouflaging of the question by stating that men have been dismissed can get away from the main issue. The Board of Directors of the C. N. R. accepted office on the distinct understanding that politics would have no place in the administration of the railways," continued Mr. Hanna. "We are standing strictly on that declaration."

U. S. EMERGENCY TARIFF STILL UNDER DISCUSSION

WASHINGTON, Dec. 28.—The efforts of the Republican leaders to isolate the country has ever a democratic filibuster against the House on the emergency tariff measure were unavailing. The democratic motion to send the measure to the Commerce committee instead of the Finance Committee was laid on the table by a vote 33 to 3, but Senator Harrison, democrat, Mississippi, promptly moved a referendum to the Interstate Commerce Commission and a fight over the Bill continued. Senator Harrison denounced one Republican Senator for attempting to hasten the

France Votes Credit To Help Poland

(Special to The Guardian)
PARIS, Dec. 28.—France will help Poland again if she is threatened by the Bolsheviks, according to Minister of War Raiberti, arguing for the department before the Chamber of Deputies today. He persuaded the Chamber to vote credits of 400,000 francs for war material. In presenting the item Raiberti frankly said it was intended for Poland if the need arose. Poland has saved the world's peace once already by heroism. Should she need help again she will find France ready.

Germans Complain Of Foreign Position

(Special to The Guardian)
BERLIN, Dec. 28.—Complaint that Germany's foreign position is "continually becoming worse as the Versailles Treaty is carried increasingly into effect," is made by Dr. Walter Simons, German Foreign Minister, in a signed article which is appearing in Frankfurt Zeitung today. "Not a week passes," he says, "without the former opponents addressing demands that can only be fulfilled by sacrificing important German interests. With America we still live in a state of war and that is not simply a matter of speech has been shown by the incident between the German and American Ambassadors in Paris. Dr. Simons then refers as "gleam of hope" to the possibility of the Brussels conference making possible the fixing at Geneva, of the German War debt, within tolerable limits. He concluded his article by saying "we may be sure the new President of the United States will not hesitate to restore a state peace with Germany."

IRELAND SCENE OF MORE CRIMES OVER HOLIDAYS

DUBLIN, Dec. 28.—The holidays passed fairly quietly in Dublin contrary to expectations. The curfew order was not relaxed, but on Christmas eve it was to some extent ignored by rioters throughout the night and there was much alarm and shooting, several persons being slightly injured. A young soldier in civilian clothes was shot dead by a sentry in the grounds of the Royal Hospital in Kilmalham on the west of the city for refusing to halt when challenged. In different parts of the country men were shot dead by armed gangs. The young woman Elizabeth Seal who was killed in Lermick, lost her life in a brave attempt to protect her companion, Constable Richardson. She rushed in between him and several assailants and received a bullet in her heart.

FOUR PERSONS WERE ASPHYXIATED IN HOLLAND DAY DRINKING BOUT

FALL RIVER, Mass., Dec. 28.—A holiday drinking bout caused the asphyxiation of four persons, in the opinion of officers who investigated the finding of the bodies of three men and a woman in a South End tenement today. The victims were Thomas Burke and his wife, John O'Connell and Jos. Richards, all mill workers. The men died in a room in which a gas stove was found with one exhaust open, and Mrs. Burke's body was in an adjoining room. Evidence of heavy drinking was plentiful, the police said.

INDIGNATION MEETING HELD AT GLEN WILLIAM, KING'S CO.

Government Unanimously Censured For
Incapacity, False Promises and Extravagance. Sitting Members, Messrs. Butler and Sutherland, Who Failed to Attend Meeting, Asked to Resign. Resolution Signed by Many Electors

A very large and representative meeting of the electors of Glen William poll and surrounding districts was held in Glen William Hall on Monday, December 20th, as announced through the press. This meeting was called for the discussion of the provincial questions now agitating the public mind, especially the tax question. Mr. Sutherland and Mr. Butler, the representatives of the Murray Harbor District were asked to attend. After waiting until a late hour for those gentlemen who failed to put in an appearance the meeting was called to order by appointing Mr. J. J. Beck of Murray River chairman and the undersigned secretary.

The chairman briefly addressed the meeting stating the object for which it was called and expressed his disappointment that the representatives of the district were not present although the conditions were favorable for travelling. He threw the meeting open and asked anyone present who wished to speak to express their opinion with regard to the questions before the meeting. Mr. George MacLean of Lewis, an elector of the Belfast district, was the first to speak. He clearly and logically showed up the present government to be the most incapable aggregation ever elected to represent the people of Prince Edward Island.

Trade Name For Fur Selling Association

Some weeks ago an advertisement appeared in local papers, in the Montreal Star and in Toronto and Ottawa papers offering a prize for the best trade name for the Association Silver Fox Fur. Over twelve hundred replies were received from all parts of Canada and United States and as far as San Francisco. Some two thousand trade names were submitted and there were so many good ones to choose from, that the choice was made very difficult. The Directors however settled on the word "Silfole" submitted by a Mr. Megloughlin of Ottawa. This name was considered especially appropriate representing as it does an abbreviation of the words SILVER FOX ISLAND.

The furs marketed through the Fur Selling Association will all be marked with the word "Silfole" and care will be taken that no silver fox fur is marketed under this trade name, that is, not first class quality. Offices have been opened at Summerside and Charlottetown for the receipt of furs from members of the association. These furs will be chosen with great care, trade marked and disposed of to the best possible advantage. When the necessary number of pelts have been received they will be exhibited at Charlottetown and Summerside and owners and the public invited to view them before they are marketed. This will be educational as the owners will have an opportunity to compare notes. It is expected that the furs so received will be the choicest and most valuable ever gathered together in one lot, and the prices received and the publicity that shall be given should prove of great value to the Association and to its members.

Next season the Association will enter into an advertising campaign to educate wearers of high class furs in the superiority of the Association's Silver Fox Furs and to create a demand for same, and it is expected that from year to year, the demand can be thus enlarged to absorb the increased production of the Association's "Silfole" Furs.

THE TRAIL OF THE LONESOME PINE

Pleasing Presentation of This Play at Prince
Edward. Tonight's Attraction, "Dr. Jekyll
and Mr. Hyde."

"The Trail of the Lonesome Pine" was the title of last evening's bill by the Young-Adams Co. The play for tonight is Robert Louis Stevenson's masterpiece, "Dr. Jekyll and Mr. Hyde" a story which is one of the most unique literary productions of modern times. The press of the neighboring provinces have given the Young-Adams Company credit for putting on one of the best dramatic versions of the story seen for some time. Mr. Young makes the transformation from Hyde to Jekyll right on the stage and Miss Adams gives a fine impersonation of the Vicar's daughter.

Speculating On Missing Airmen

(Special to The Guardian)
NEW YORK, Dec. 28.—Lieut. A. W. Evans, returning today from Ottawa, where he organized a search for three U. S. naval officers missing since they sailed from Rockaway Air Station in a free balloon two weeks ago, expressed the confidence that the aviators were safe. AIRPLANES DEFEAT SHIPS IN BATTLE.

PARIS, Dec. 27.—The British are not hesitating between capital ships and air-craft according to a high French naval authority. This informant through his official connection has read the official report of a sham battle which took place recently off the English coast between the fleet and air-craft, in which the impresides the warships were annihilated in less than half an hour by bombs from the airplanes. The Admiral Commanding the Fleet accepted a challenge from the Commander of the Air Forces who volunteered to state the hour when his airplane squadrons would attack the warships. The battleships were ready for action and lookouts were gazing at the sky when suddenly the air raiders approached at the altitude of 22,000 feet. Before the anti-craft guns on the warships could find the range the first bombs were dropped. These burst when they came in contact with the water and released black smoke which created a screen. The Admiral ordered full speed ahead to escape the black pall and when the fleet emerged into the sunlight, eighteen airplanes were flying low above each ship. The reef decided the entire fleet was destroyed.
