

**Foster's Guaracol Emulsion**

With **Hypophosphites**

This preparation contains full 50 per cent of Cod Liver Oil, and is much stronger than most emulsions sold. The taste of the oil is so disguised as to make it as pleasant to take as any cough mixture.

We recommend it for Bronchitis, Scrofula, Emaciation and general debility, also for chronic coughs.

**EXPERT EYE SERVICE**

We have recently had the privilege of visiting the offices of some of the most expert Opticians in Canada. We have studied their methods and seen them practically demonstrated, and it is a matter of gratification to be able to say that the service we are giving our patrons, we believe is quite equal to that obtainable in the larger centres.

We solicit your patronage.

**G. F. Hutcheson**  
Optician

**NEW LONDON ICE RACE**

The second race of the series of races scheduled for this (1917) winter was pulled off on Long River ice on Wednesday afternoon, Jan. 24th. About five hundred people enjoyed the sport. The weather was ideal, and the heat of good fellowship prevailed among the owners of the large number of horses in the races. Every race in New London gives lovers of "the sport of kings" something to look forward to with pleasure. A track 35 feet wide has been cleared with a road machine, and with little work can be kept clear for each race. The club is in a flourishing condition financially, having a membership of over one hundred members. The New London Club is unique from the fact that it is the only club in the maritime provinces running regular schedule races at the present time. It is the intention of the club to make a donation to the Patriotic Fund. The club intends to run a big free-for-all on a date to be announced later, and it behooves other clubs to have elimination contests, and send their winners to the grand contest at New London.

"Oma," the speedy three-year-old mare owned by Wm. Paynter, Burlington, was the star performer of the race. "Oma" is a colt from "Owma," who was a racer of considerable note five or six years ago. "Oma" was raised by Mr. Ed. Urch, Kensington, who had great pride in her performance. "Merry Widow," owned by Wm. Profit, Margate, received a great cheer when she captured the first heat of the 250 class. This little mare is a popular, consistent racer.

There was a large field in the three-minute class; seven horses made the starter, "Lady Mac" owned by John McKay, Clifton, won in three straight heats, with "Baden," owned by Wm. E. Profit, Burlington, a close second. The judges were, G. R. Harding, W. B. MacArthur, Wm. Taylor, Timers, Ed Urch and Hugh Morrison.

**PHILADELPHIA, Jan. 27.**—The decisive period of the great European war is coming next summer, and it will find the English ready to launch an offensive of such magnitude and on such new plans that Germany will be forced to give ground and accede to peace upon terms dictated by the Allies.

This is the opinion given this afternoon in a statement made by Frederick Palmer the noted war correspondent, who has recently come here from the front and who arrived in Philadelphia, today. Mr. Palmer said:

**Aim of Sub Campaign**

"The big armies are resting now for the most terrific struggle of all next summer. Meanwhile the Germans are going to make the most of their submarine campaign. The Germans aim to cut out the transport of munitions and food to the British and French armies and particularly to Russia.

"The British and the French are accumulating twice the number of guns they had last summer. If they have double the number that the Germans have and the Germans do not find some way of holding back the advancing waves of infantry under cover of the curtains of fire according to the system invented by General Nivelle, the Anglo-French offensive is going to crush at regular intervals through two or three miles of defences, and the German western front must inevitably be broken.

**Lantic Sugar**

Its purity and "fine" granulation give it the highly sweetening power. It dissolves instantly in your teacup or on your breakfast cereal.

**REPLY TO "BIRD FANCIER."**

"I have misused the press damnably," H. V.

Sir,—Even the prosaic hen has presented her bill in the columns of the Patriot. She tries to imitate Balaam's ass and add her cackle to the already discordant notes which greeted the ears of our farmer delegates to the meeting of the Central Institute.

The gabbling of geese in the Capital once saved Rome but the cackling of hens in our Capital cannot restore to their ancient pedestal, the fallen worshippers whose "clain is

"Picked from the worm-holes of long vanished days

"And from the dust of cold oblivion raked."

They filled us with wonderment in our Salad Days, and they reaped a rich harvest in prizes and the product of their prize-winners. Of course the fanciers would not allow their fancies to mar their symmetry by the vulgar habit of laying eggs. They sat in the chair of Moses and decreed, such a combing, and such a number of bars to a feather, just as the old Pharisees followed in the matter of fringes and phylacteries. We were taught to judge of their excellence by certain arbitrary markings, by a criterion

"much akin to the meretricious taste which would prefer an artist's model to a Christian mother."

It would be extremely hazardous for an admirer of merely utility birds, to criticize the small cotter who claim to have fostered the love for fancy birds. Now, while the government, has greatly assisted in a scientific basis, they have allowed these fanciers a place in the sun, but we do not consider they absorb all its light.

Receiving due credit for whatever good they may have accomplished should not blind them to what the government, through its representatives, Messrs. Benson and Kerr have accomplished. The technical knowledge of the egg producing industry instilled through the egg circles, together with the raising of utility birds has brought about such a revolution in this industry that the last wall of "the man with the grouch" is scarcely audible.

The egg circles are fortunate in the personnel of their executive and the society may be classed as a hundred per cent. efficient.

The committee are to be commended on sticking to their business as directors of one of our largest and most profitable industries. There was an increase of nearly 50 per cent in the quantity and a corresponding increase in the quality of their products for the past year. With renewed public confidence, an increased floor space of 10,000 feet and a reserve fund of \$20,000, they can leave to preachers, teachers and politicians the prohibition of rum and jitneys, and consign to the scrap heap cranks, grumblers and professional exhibitors.

Perge quo coepisti sic itur ad astra.

I am, sir, etc.,

H. E. N.

**\$3,000,000 FIRE IN PITTSBURG, PA.**

(Special to the Guardian.)

PITTSBURG, Pa., Jan. 28.—Fire, which swept through a section of the retail building district here today, destroyed Frank and Sedar departmental store, the opera house, and a dozen or more smaller buildings with a loss estimated at from three to four million dollars. Four firemen were seriously hurt, and a dozen or more so badly injured that they were sent to hospitals.

**JAP EMPEROR DISSOLVES HOUSE**

TOKIO, Jan. 27.—The Emperor has dissolved the House of Representatives. A political crisis developed at the opening of the diet on Tuesday. The chief reason was the appointment of Field Marshal Count Terauchi as Premier by the Emperor last October. This appointment was a surprise, both in and out of Japan, and was criticized unfavorably by Japanese political leaders, who contended the Premier did not command public support. He is regarded as a representative of the radical militarist faction in Japan, although in an interview with the Associated Press shortly after his appointment he disavowed any policies or aggression. Japanese newspapers said the Premier did not command a majority in parliament and predicted that the outcome would be dissolution of the House and a new election.

**WOUNDED SOLDIER IMPROVES**

Mrs. John Clary, Milltown Cross, P. E. I., has received the following letter:—

Dear Madam: I beg to inform you that Lance Corporal Daniel Clary, No. 468401, 60th Battalion, who is now at Bath War Hospital, Bath Somerset, England, was admitted to the Hospital in France on 4th of October with gun-shot wounds in thigh and left foot. At first they were afraid they would have to amputate his foot, but fortunately it kept on slowly improving and now is getting on very well. It is simply wonderful how his foot has been saved and although he is still in bed and quite weak yet, I trust he will be up shortly and be about at least on a chair for a time. He wishes us to tell you he had a very nice Christmas.

I remain, yours truly,

BEATRICE CAVERHILL,  
Bath War Hospital,  
Jan. 9th, 1917.

**THAT TIGNISH RACE**

Sir,—According to a letter in your issue of the 26th, the decision of the judges seems to have caused a lot of dissatisfaction, which will never be remedied by letters to a newspaper. The ice is the spot, and Little Augie will meet Semicolon for any amount his followers wish to put up. "Fair Play" would like to give the public the impression that Semicolon wasn't given a square deal, and if he had, he would have beaten Augie. The only way of deciding this, is by a match race between them. Little Augie is

**ROADMASTER'S PATRIOTIC FUND**

A Start Made—Who Follows in the Trail?

In response to several appeals, Mr. A. W. Bruce, Red Point, has opened a Roadmaster's Patriotic Fund, the idea being that every Roadmaster contribute \$2.50 to the Fund. The money may be sent to Mr. A. W. Bruce, to Mr. H. W. Binning, Bank of Nova Scotia, or to the Editor of the Guardian and it will be acknowledged in the columns of the Guardian.

Angus Dart, Appin Road, 2.00  
James Dingwall, North Lake 2.00

**IN MEMORIAM**

**MRS. MARY SULLIVAN**

The death occurred in the city on Saturday of Mrs. Mary Sullivan, widow of the late Mr. Andrew Sullivan. The deceased lady who had been in failing health for some time had attained the age of 74 years. As a kind hearted, generous neighbor, she will be greatly missed. There are left to mourn two sons, Dr. J. Sullivan, of Souris, and Mr. James Sullivan, at 8:45 o'clock this morning to St. Dunstan's Cathedral, where a high Mass of Requiem was sung by Rev. Maurice McDonald. The pallbearers were Messrs. D. J. Riley, Joseph Purcell, John McKinnon, E. F. Maddigan, John McKenna and F. P. McCarron. The service at the grave was also performed by Rev. Maurice McDonald.

**MRS. SEYMOUR MYERS.**

Never, perhaps, in its history, has Mt. Albion and vicinity been so deeply stirred as it was on the afternoon of Saturday, January 20th, when the news spread that Mrs. Seymour Myers had passed away after an illness of only a few weeks of heart trouble and bronchitis, trusting in the merits of her Lord, on whose breast she so peacefully rested during her illness and in Whom she placed her trusts. The late Mrs. Myers was of a kind, lovable disposition, and by her pleasant good humor and friendly ways, had endeared herself to the whole community, in which she took an active part in social and church work.

She will be missed greatly in the home, where she was a devoted and loving wife and an ideal mother. Besides her husband she leaves to mourn two little daughters, Julia and Margaret Ethel, respectively; her mother and father, Mr. and Mrs. Wm. J. Carver; three sisters and three brothers—Mrs. Benjamin Horton, Mt. Albion; Mrs. A. D. Fraser, Charlottetown; Miss Julia M. Carver of Charlottetown; C. Carver, Mt. Herbert; Leigh in the United States; and Heath at home; who sincerely mourn their loss. The funeral took place from her friend's home in Hazelbrook at 2 p. m. on Monday, Rev. D. McLean, officiating in the absence of her pastor, Rev. Ewen MacDougall, who is in Cambridge, Mass. Mr. McLean spoke in touching words of the sterling worth of the deceased lady and of the loss sustained by the family in her death at the early age of thirty-two years, when life seemed brightest. The remains were tenderly laid to rest in the Birchhill Cemetery, the pallbearers being, Joshua Balem, Frederick Robertson, Frank Lund, Lincoln Wood, Aubrey Myers, and Milton Horton. The sympathy of the whole community is tendered to the relatives and friends so suddenly bereaved. (—Patriot please copy.)

**WANTS FRANCHISE EXTENDED TO EVERY SOLDIER**

OTTAWA, Jan. 27.—Dr. Steele (Salcoats) has given notice of a resolution in the Commons providing for legislation this session to extend the franchise to every British citizen who enlisted with the Canadian force for overseas service and who was a resident of Canada at the time of enlistment.

The passing of the resolution would mean the extension of the soldiers' vote bill passed in 1915 to include not only soldiers whose names are on the voters' list in their respective constituencies but also every member of the overseas forces.

**TO PUT MILITIA ACT INTO FORCE**

TORONTO, Jan. 27.—A big military conference at the mining building of the University of Toronto, concluded this afternoon with unanimity among the 200 officers present as to the necessity of putting the Militia Act into force with regard to the first class, which means the calling out of all single men between the ages of 18 and 30 and widowers without children for service in Canada from which it is expected drafts could be obtained voluntarily for overseas service.

**ADDITIONAL SUBSCRIPTIONS TO CANADIAN PATRIOTIC FUND**

**HADFIELDS CANNOT PROCEED WITH THE AMERICAN CONTRACT**

LONDON, Jan. 27.—The British government has refused permission to the Hadfields, Limited, to proceed with work on the contract for shells for the American navy "so long as the exigencies of war keep up."

The announcement is made in the form of an official notice by Dr. Christopher Addison, the minister of munitions, in which attention is called to the fact that the entire steel output is under his control.

Washington, Jan. 24.—Contracts were awarded Hadfields' Limited for \$3,141,000 worth of 14 inch and 16 inch armor piercing shells at about \$200 apiece less than the lowest American bid.

Secretary Daniels had not received any official notice that the British Government had declined to permit Hadfields to fill its contracts.

**A Message To Thin Weak Scrawny Folks**

An Easy Way to Gain 10 to 30 Pounds Of Solid, Healthy Permanent Flesh

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good nourishing food. The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food, instead of passing them out through the body as waste."

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. A splendid way of working to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to try Sargol, the famous flesh building agent that has been so widely sold in America in recent years. Take a little Sargol tablet with every meal and if you check your weight quickly, fill out your body, healthy flesh form over your body, covering each bony angle and projecting point.

All good druggists have Sargol or can get it from their wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each large package. It is inexpensive, easy to take and highly efficient.

If you find a druggist who is unable to supply you with Sargol send \$1.00 Money Order or registered letter to the National Laboratories 74 St. Antoine St., Montreal, and a complete ten days treatment will be sent you postpaid in plain wrapper.
