Mrs. W. D. McIntyre of this city will have the heartf lt sympathy of the community in the terrific loss she has sustained by the death of her son, Private William McIntyre, who was killed while fighting for King and Country in France. The sad news was received by elegraph on Saturday. The late Private McIntyre was a bright and very promising lad whose career, had he lived would doubtless have been a brilliant one. His father, the late Mr. W D. McIntyre was Inspector of Schools for Prince County in this province and many people throughout the Island who knew him, for his scholary attainments, will regret to learn of the death of his son. Private McIntyre was wounded in action over a year ago but recovering returned to duty. A younger brother Montague McIntyre is also enrolled in the service of his country as a bugler in the 105th Batalion, now at Valcartier. SORROWFUL NEVS FOR KENSINGTON.— The stern reality of the war was brought home orcibly to the people of Kensington when the telegram came telling of the death of Lieut. Ralph B. Rogers. Ralph is the first volunteer from Kensington to give up his life for the Empire, and while all have genuine sorrow for Mrs. Rogers and their two small children, his father, mother, sisters and brothers, each realize that it is the noblest sacrifice that man can make. Ralph was brought up in Kensington and attended Kensington High School, he travelled considerably through the west and far Northwest while still quite young and came back and settled in his home town a few years ago. He was well off in the world's goods and all that makes life worth living but when the call for volunteers came he was one of the first to offer his service. His schoolmates and friends are shocked and thrilled by the news of his death and the sympathy of the community is extended to those left to mourn his death.—K.

Throw Away Your Eye-Glasses!

A Free Prescription

You Can Have Filled and Use at Home.

Do you wear glasses? Are you a victim of eye-strain or other eye-weaknesses? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing, say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they could pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared all trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a glass of water and allow to dissolve. With this liquid, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time. The Vamas Drug Co., of Toronto, will fill the above prescription by mail, if your druggist cannot.

A prominent City Physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. It can be obtained from any good druggist and in one of the very few preparations, I feel should be kept on hand for regular use in almost every family."

"E. A. Foster and Reddin Bros. fill many Bon Opto prescriptions, and will gladly fill yours!"

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money back guarantee.

The ceremony was performed by Rev. L. J. Leard. The bride looked very pretty gowned in white shadow lace over white silk. She wore the conventional bridal veil and orange blossoms and carried a bouquet of white carnations and maiden hair fern. The bridesmaid Miss Lottie Houston, cousin of the bride was daintily gowned in pink ninon. The groom was supported by Mr. Warren Huston.
