MR. GEORGE WEBSTER
 A gloom was cast over the community of Cove Head on the morning of May 18th, when it was learned that the messenger of Death had visited the home of Mr. and Mrs. Robert Webster, and claimed for its own their son, George. Death, under whatever circumstances is attended with pangs of sorrow, but especially so, when it marks as victims those still in the flower of youth. Only a few days illness brought this strong young man to the grave. Those who knew him during life on earth, unite in testimony to the cheerful kindness of his disposition and the quiet strength of his character. He will be much missed from the circle of companions, and most of all by the sorrowing family. He leaves to mourn a father, mother, two sisters, and three brothers. The funeral services were conducted by the pastor, Rev. E. A. Westmoreland, and the remains were laid to rest in the cemetery at York.
 We miss thee from our circle,
 We miss thee from thy place
 A shadow o'er our life is cast,
 We miss the sunshine of thy face.
 We miss thy kind and willing hand,
 Thy fond and earnest care,
 Our home is dark without thee
 We miss thee everywhere.

The Central Guardian
PEOPLE'S CHURCH—The Rev. Dr. McKinnon, Principal of Pine Hill College, will preach in the People's Church, Sabbath evening, at 7 o'clock.
GOLF—There will be ladies' singles at the golf club this afternoon, play to start at 2.30 p.m. sharp. An admission of 10 cents will be charged for prizes. 1934-6-19m11.
CONVENT CLOSURE—The closing of Notre Dame Convent took place yesterday afternoon at 2 o'clock and was presided over by His Lordship Bishop O'Leary, assisted by Fathers McQuaid and Hughes. There was a very short musical programme. The closing this year was of a private nature and the prize list will not therefore be published.
CENTRAL CHRISTIAN CHURCH—Evangelist Lowell C. McPherson, of New York, General Evangelist for the Christian Church in the Maritime Provinces, will preach at both morning and evening services in the Central Christian Church to-morrow. Mr. McPherson made many friends in this city while conducting a series of meetings in this church last November, who will no doubt glad of the opportunity to hear him preach again to-morrow. He is an earnest and eloquent speaker and a cordial invitation is extended to all members and friends to attend the services. Sunday School meets at 10.15 a.m. All are requested to note this change. All seats free and unappropriated.

TECHNICAL AND INDUSTRIAL TRAINING
 (Continued from page three)
 sum to be distributed among the various Provinces of Canada proportionately to population and subject to certain suggested requirements and conditions.
 "Of the amount named, the Commission recommends that the sum of \$350,000 should be applied particularly to the development and furtherance of elementary education in relation to industrial training and technical education the larger sum of \$3,000,000 becoming a Dominion Development Fund, to be applied more generally to the same end.
 "The recommendations of the Commission include suggestions as to the plan under which the appropriation is to be controlled and expended. The Commissioners favoring a system ascending from local urban and local rural boards through provincial development councils and commissions to the Dominion development conference and a Dominion development commission, the last named body being the central authority.
SUMMARY OF THE USES OF THE PROPOSED FUND
 1. The service in each province of an adequate supply of persons (teachers, instructors, demonstrators, executive officers) properly qualified to carry on Industrial Training and Technical Education.
 2. The establishment or extension and maintenance of classes, courses, schools or other institutions or means for Industrial Training or Technical Education.
 3. The provision of suitable and adequate appliances, apparatus and equipment for teaching purposes, but not including school buildings, furniture or consumables.
 4. The provision of scholarships to equalize opportunities to young people and other workers to profit by classes, courses, schools or other institutions.
 5. The provision of experts with experience in Industrial Training and Technical Education whose services for counsel shall be available to provincial and local authorities.
 6. The services of central institutions when and where required to supplement the work carried on by the several provincial and local development authorities either for providing and maintaining or by assisting in providing and maintaining such central institutions.
 What then can we do?
 It seems evident that just as soon as this war is over there will be a great wave of industrial advancement. The nations are striving to-day to get a share of the immense booty that has been destroyed by our Navy. It is only by individual efficiency and organization that we can hope to get our share.
 The Province of Ontario formed an Association for the Promotion of Technical Education in April 1914, representing Boards of Education, Boards of Trade, Canadian Manufacturers Association, Trades and Labor Councils and Institutes, Arts, Crafts, Home Industries, etc.
 Many of the ablest men of Ontario are among the Councillors. As stated in the Constitution "The objects of this Association shall be to bring to public attention the importance of industrial education as a factor in the industrial and educational development of Ontario, to provide opportunities for the study and discussion of the various phases of this problem, and to make available the results of experience in the field of industrial education."
 The plan of organization is unique. The committee is composed almost entirely of representatives of various provincial organizations and interests having relation to Technical Education, and now includes nearly 15 such "allies" more or less vitally concerned in the Promotion of Technical Education. The Association thus forms a rallying center for the various forces which are pushing the interests of the work throughout the Province, and in turn sends inspiration along these several lines to workers in the allied organizations. The Association may be likened to the palm of the hand and the affiliated organizations to the fingers; or to employ the more popular military phrase the several organizations may be considered as allies which have united their forces for the promotion of common ends.
 "It is well understood by all concerned that the Association is in thorough sympathy and seeks hearty co-operation with departments and officials of the Provincial Government without regard to political affiliations, and of course sectarian lines are not drawn in Technical Education."
 Some of the busiest men and women have generously volunteered as lecturers. These have already conducted a vigorous campaign:
 1. To inform and assist artisans and home makers.
 2. To implant among the people the habit of thinking along scientific lines.
 3. To arouse and mould public interest in favor of Technical Education, their efforts are intended to supplement and make more effective, and not to supplant, those of government and municipal bodies and officials.
 The President of the Ontario Association, Mr. R. B. Fairborn, in January, 1914, urged the Commission of Conservation to as-

PRINCE EDWARD ALL STAR PROGRAMME
 An excellent summer programme of pictures was provided at this popular theatre last night. There were two special two-part features, "The Lieutenant Governor," a tense story adopted from "The Smart Set Magazine" by Essanay Company. The treatment of the story by Director Joseph Byron Totten, who also plays one of the principal parts, carries out the intention of the original, namely, that the spectator is supposed to be viewing a version of occurrences that have taken place.
 The cast is excellent. The lead, the part of the Lieutenant Governor, is very forcefully sustained by Eugene O'Brien, who makes his first appearance as a moving picture actor. Mr. O'Brien formerly played the star part in "Kittie MacKay."
 Ruth Stonehouse is seen to excellent advantage as Helen Rathbun, the millionaire's daughter, and enacts the role in her usual fine style.
 The second of the series Terrence O'Rourke Gentleman Adventurer, featuring Warren J. Kerrigan, was also shown. In this series O'Rourke, gentleman adventurer, and in love with Princess Beatrice, leads an expedition into the Sahara Desert to rescue her foolish brother, who has attempted to establish an empire there. The Princess' husband, in order to get control of the brother's money, has urged him into the desert and has planned his death. On arriving there is a terrific battle between Arabs and Frenchmen led by O'Rourke. The Princess is abducted by an Arab chief. O'Rourke rescues her and kills the chief. Meantime the Princess' husband is killed in a duel. Another battle follows in which O'Rourke escapes death only by the nerve and quick wit of the Princess.
 Three other pictures were also shown, a splendid one-reel drama entitled "A Man's Faith" featuring Arthur Johnson and Lottie Briscoe. The Hearst-Selig Weekly up-to-date news of the war and other events, and last, but by no means least, Charles Chaplin, styled the funniest comedian on earth in a comedy scream, "In The Park"—fifteen minutes of hearty laughter.
 Mr. Edwards scored a great success with his vocal number "All Aboard for Dixie." Two new pictures will be shown to-day when crowded houses should again rule.

Beware of Ointments for Catarrh that Contain Mercury,
 as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

HAPPENINGS OF THE WEEK
 The rainy weather this week spoiled many happily planned outings and made it exceedingly dull for the young people, especially those who have just finished college and are entering upon their holidays. The picture theatres seemed to be the principal solace, followed by refreshments at the several restaurants, where jolly crowds could be seen nightly having a real good time.
 Kosy Korne opened this week and as its name implies is a very daintily appointed spot to while away an hour meet friends, and enjoy a cooling ice or other refreshments.
 Mr. and Mrs. J. H. Hare who have made for themselves a wide circle of friends during their short sojourn in Charlottetown leave early next week for Western Canada. Mrs. Hare will be especially missed in social and musical circles as she possesses a voice of rare charm and sweetness which has given great pleasure to her friends.
 Among the distinguished visitors this week will be the Archbishop of Nova Scotia, Dr. Worrell, who is to be the guest for the week end of Canon Simpson.
 At the Golf Links this afternoon tea will be served by Mrs. Bulman and Mrs. Fred Morris.
 Miss Curran of Montreal has arrived in the city to take charge of the Summer Resort at Holland Cove. Miss Curran is a favorite socially and is being quite widely entertained by her circle of friends.
 Summer visitors are daily arriving in the Province to spend a holiday. Among the guests this week is Mr. Ching, Counsellor at Law in the State of Massachusetts and Assistant General Manager of the Boston Street Railway. He is accompanied by Mrs. Ching.
 Mrs. Poole who has been visiting her daughter Mrs. H. L. Reddy, Montreal, has returned home. Mrs. Reddy now has as her guest Mrs. Beer of Ottawa.
 Among the Canadian visitors in London, England, this week is Lieut. A. D. Sharp of Summerside.
 The Victoria Tennis Courts are kept busy by the young people many of whom are expert players. This afternoon tea will be served by Mrs. F. R. Heartz, Miss Katie Stanley and Miss Kathleen Moore.
 Mr. and Mrs. H. Shaw and Mr. Douglas Shaw who were attending the Fitzgerald-Shaw nuptials have returned to Montreal having greatly enjoyed their short visit to the Garden Province.
 The St. James Tennis Courts held their opening on Monday afternoon. Notwithstanding the unfavorable weather the courts were in fairly good condition and several sets were enjoyed. Quite a number of visitors took tea which is always served on Monday afternoons.
 The family of the late Mrs. Donald McKinnon, McGill Avenue, will have the sympathy of a wide circle of friends in their bereavement. Although ill for quite a long while Mrs. McKinnon's death came very suddenly while talking to a member of her family.
 The wet weather of Wednesday was quite disappointing to those who were in charge of the opening of St. Vincent's Orphanage, causing its postponement until Thursday and necessitating the cancelling of the special train from the West. Thursday however the sun shone bright and clear and the lawn party was a most successful affair, financially and otherwise. The ladies responsible for its success did splendid work making the time pass pleasantly for the very large numbers who attended.

Some Good Bargains in Second-Hand Organs
 It's a long time since we have been able to get enough second hand organs together to make it worth our while offering them for sale through an advertisement—in fact we have been kept busy supplying and existing demand, but during our recent piano sale we took in exchange as part payment on new pianos several splendid organs, these we have had carefully overhauled and are now in the finest condition—some as good as new. If you have been wanting a good second-hand organ at a low price, but have been able to get one at any price—one of these organs is yours, come and claim it at once or you'll lose it. This sale will last but a very short time—a week at the most. Call, write or phone us today if you wish for one of the bargains offered.
 A nice MELODIAN organ in first class repair \$15
 A CANADIAN ORGAN COMPANY, roll top with six stops, four sets of reeds and one knee swell \$20
 A DOMINION organ, no top, five sets of reeds, couplers, sub bass, two knee swells and twelve stops at \$30
 A DANIEL F. BEADY organ, (American make) roll top, twenty-two stops, seven sets of reeds and two knee swells. \$40
 A DOMINION organ with high top, bevelled glass mirror, eight stops, four sets of reeds and knee swells \$45
 A W. L. BROWN organ in piano case with six octaves ten stops, two knee swells, four sets of reeds and couplers. \$47
 A DOHERTY organ with large bevelled glass mirror, eight stops, four sets of reeds and couplers. This organ is as good as new and a very special bargain at \$55
 A BELL organ with high top, bevelled glass mirror, ten stops, four sets of reeds and couplers. This organ has been used but little and is just as good as new in every respect, is splendid value at \$60
 A \$500 DOMINION Church Organ for \$140
 Just think of purchasing a large, beautiful and very powerful church organ that sells when new at \$500 for \$140. This organ has been thoroughly overhauled by an expert and is now in the finest condition. We guarantee it for three years.
 This is the famous Dominion church organ. It is a pedal style with two manual solid walnut case, has 23 stops, 21 sets of reeds and a low lever. If desired, it can be used without low-lever and pedal base. The height of this organ is 9 ft 10 inches, a beautiful imitation pipe top gives it the appearance of a much higher priced instrument. It will be sold for \$140.
 Select the organ you want from the eight different makes described above and we will ship it to your nearest railroad station freight prepaid, accompanied by a stool and music book absolutely free. The organs are priced so low that it should inconvenience you but little to pay cash, but if necessary we can arrange terms by adding interest at the rate of 8 per cent per annum. Every one of the organs listed above are guaranteed for a period of five years. You can't appreciate how big these organ values are until you call and see them. We'll expect you today.

The Coffee Drug
 Do you know what it is?
 It's caffeine—a poisonous and powerful nerve irritant—from 1 1/2 to 3 grains to the average cup of tea or coffee.
 Listen to what physicians say:
 "Coffee and tea are poisonous drugs. The caffeine they contain is of the same nature as uric acid. They impair digestion and produce various disorders of the nerves."
 If you haven't suspected tea or coffee as the cause of headaches, biliousness, heart flutter or sleeplessness, suppose you test the matter by a change to the pure food-drink, **INSTANT POSTUM**.
 There's no caffeine nor any harmful substance in this delicious beverage—just the nourishing elements of wheat, roasted with a bit of wholesome molasses—with a delicious, snappy flavour.
The sure, easy way out of tea and coffee troubles is to shift to INSTANT POSTUM
