THE NEW YORK CORRESPONDENT

of a well known journal says: "One of the most significant signs of the times in the investment business is the great increase in the number of reputable and high class dealers and bankers who are offering bonds in the American market in units of \$100. Up to very recent times it was practically impossible to find in the purely investment lists, practically any piece of less than \$1,000."

CHARLOTTETOWN AND QUEEN'S COUNTY

It pays to buy in this Province. Miss Ethel Kelly, St. John is visiting friends in East Royalty. Today's Guardian contains twelve pages of assorted reading matter.

The long selected night for the poor fund of St. James is the 14th. No one should forget that the poor have pre-empted Monday, 14th, at St. James' Hall. It is all for the poor; the concert in St. James' Hall next Monday night.

Miss Maggie Bearisto and Miss Bearisto, City, returned last night from Sydney where they had been visiting. "The Boston Bunch" are getting ready in their own way to give everybody a great entertainment at St. James Hall Monday 14th.

His many friends will be sorry to learn of the illness of M. C. Macdonald, purser of the S. S. Northumberland. Owing to the big Saturday paper advertisers are requested to have their changes of ads. in not later than 10 a. m. on Fridays to insure insertion the following day.

Mrs Phillip Bridges, Mrs. J. J. McKinnon, Miss Alice Boreham, John McNevin, F. H. Seller, W. C. Whitlock, and Charles Drew, City, returned on the Northumberland last evening from New Glasgow where they had been attending the sessions of the I. O. O. F. Grand Lodge and the Rebekah Assembly of the Maritime Provinces. They report a splendid trip and were most enjoyably entertained by the New Glasgow brothers and sisters.

Mr. and Mrs. Lewis, Texas, were among the arrivals in this city on the Northumberland last evening. They have been travelling for the past seven weeks and have spent a week in St. John and a week in Halifax. This is their first visit to this Province and they were particularly pleased with their first glimpse of the Garden Province. They will not return home until the last of October, and will spend some time in New York en route.

A citizen reports a strange aerial visitant which passed over this city on Wednesday evening from south to north. It was believed to be a flying machine, although in the dim moonlight its outlines were not very clear. It was moving at an elevation of about half a mile and was observed for some five minutes or more by several persons. A headlight was plainly visible described as resembling that of a locomotive at a distance. No sound was heard of the working machinery or propeller. It would be interesting to learn whether this strange object was seen by any others than those who informed The Guardian.

Brigadier Adby, St. John, left yesterday morning for Halifax after conducting special meetings in this city on the previous evening. The occasion of the Brigadier's visit this time was marked by stirring meetings. The first was the open air evening which was held in this city in the usual energetic manner. At the Citadel later the best attended summer meeting for a long time was held and the Brigadier addressed those present in a spirited manner. Not the least interesting part of the evening was Brig. Adby's singing; his powerful voice is too well known to need any comment. He will return next month.

LUCKY MISTAKE: A lady writes from Brookline, Mass.: "A package of Postum was sent me one day by mistake. I noticed the grocer, but finding that there was no tea or coffee for breakfast next morning, I prepared some of the Postum, following the directions very carefully. It was an immediate success in my family, and from that day we have used it constantly, parents and children, too-for my three rosy youngsters are allowed to drink it freely at breakfast and luncheon. They think it delicious, and I would have a mutiny on my hands should I omit the beloved beverage. My husband used to have a very delicate stomach while we were using tea and coffee but to our surprise his stomach has grown strong and entirely well since we quit tea and coffee and have been on Postum. Noting the good effects in my family I wrote to my sister, who was a coffee toper, and after much persuasion got her to try Postum. She was prejudiced against it at first, but when she presently found that all the ailments that coffee gave her left and she got well quickly she became and remains a thorough and enthusiastic Postum convert. Her nerves, which had become shattered by the use of coffee have grown healthy again, and today she is a new woman, thanks to Postum. Name given by Canadian Postum Co., Windsor, Ontario, and the "cause why" will be found in the great little book, "The Road to Wellville," which comes in packages. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest."
