If Your Throat Is Husky, Catarrh May Be Starting

A weak or irritated throat is the first step towards catarrh. Everything depends on your remedy. A cough mixture slips quickly over the weak spots, drops into the stomach and does little but harm digestion. It's altogether different with Catarrhose—it cures because it gets right at the trouble. You inhale Catarrhose, breathe in the vapor of healing balsams that strengthen and restore the weak throat tissues. You'll never have colds or coughs. Throat trouble and catarrh will disappear with the use of Catarrhose. A single bottle of dollar outfit which includes the inhaler, it lasts two months and is guaranteed to cure. Smaller sizes 25c.

---A New Piano, Now, at the Price You'd Have Paid a Year Ago

Prices have advanced (on a general average, about 96 per cent on all materials used in making pianos. It costs far more to make a piano today than it did last year. So prices on all pianos have advanced—and will go higher yet.

We were fortunate, though, in having an accepted order with the makers before the big increase in prices came—and we can now offer you—

- 3 Heintzman Pianos
- 6 Sherlock-Manning Pianos
- 3 Karn Pianos
- 2 Ennis Pianos

at the same prices you would have paid a year ago—and many dollars less than they are selling for now. These pianos are brand spanking, shining new, right fresh from the factories—without a flaw—the same styles and quality that are selling in other cities at the new advanced prices.

But You Can Have Your Choice of Any Instrument at Last Year's Price

But it is up to you to act today—right now. There are only 14 pianos in the lot and at these money saving prices they will go quickly.

If you ever intend to buy a piano NOW is the time of all times. The saving you can make by buying now is well worth while.
