TRUSTEES ARMSDALE SCHOOL DISTRICT. Miss Leslie, who was deeply affected, made a feeling reply, and then took their leave, expressing to their guest of honor their best wishes for her continued happiness through many coming years.

THE entrance of the park the explorers hope to photograph the great migratory caribou herds that start down from the Arctic during the latter part of August, and the reindeer herds grazing in Broad Pass. Entering the park they will spiral to an altitude of perhaps 25,000 feet, reconnoiter over the plateau several miles square at the summit and if the ice will permit, actually make a landing on the "Roof of the Continent," 20,300 feet above the sea.

BRITISH ASKED TO SETTLE DISPUTE OVER HOLY CARPET—CAIRO, Aug. 9.—King Fuad of Egypt is having a lively conflict with his brother ruler, King Hussein of the Hedjaz, over the Holy Carpet. This does not mean that Fuad has Hussein "on the carpet" for any cause. It simply means that the Egyptian monarch insists that a detachment of Egyptian doctors shall accompany the annual pilgrimage of the faithful with their Holy Carpet to Mecca. Hussein argues that the Hedjaz produces excellent doctors of its own and he desires no Egyptian importations.

ATTEMPT TO SCALE "ROOF OF CONTINENT" BY PLANE—ANCHORAGE, Alaska, Aug. 9.—Mount McKinley the highest elevation on the North American continent will be scaled for perhaps the first time during August, if the attempt of Carl B. Eliason former army aviator, and C. J. Lincke, Anchorage newspaper man, to land in an airplane on the frozen plateau at its summit proves successful. The trip will be made for the purpose of securing air photographs of the famous peak and the national park which encloses it. Close-up photographs of great herds of mountain sheep and the great Alaskan brown bear which range the mountain fastnesses will also be taken.

THE start of the trip will be made at McKinley station, at the entrance to the park, where there is a natural landing field. Other landing places are also being located in various sections of the park.

LEAGUE OF NATIONS SPLIT—BUENOS AIRES, Aug. 9.—The question of Argentina's return to the League of Nations promises to cause a spirited political fight in the present congress before it closes in September. While the chamber recently voted to pay the League secretariat's bills for due decision has yet to be made with a view to ratifying the admission given to the League by the Yrigoyen government, and if this is done without Argentina should continue to remain aloof from participation in the League Assembly until that body acts favorably on the Argentine amendments making all sovereign states members of the League and "democratizing" the representation in the council.

FAREWELL PARTY—The home of Mr. Hugh C. McPhee, Selkirk was the scene of an interesting event on the evening of Tuesday, July 31st, the occasion being a farewell party for Miss Eleanor Leslie who vacated the school after something over a year of highly satisfactory service.

Dear Friend: As we learn with regret that you are shortly to take your departure from amongst us, we wish to express to at least some small degree the sentiments by which all of us are animated upon this particular occasion.

The success which characterized your work here as teacher is a source of gratification alike to children and parents, and, we venture to hope, must also have proved to one of your own unostentatious disposition a greater reward than can be measured by any pecuniary standard, the consciousness of duty well performed.

Your persistent and effective efforts which led recently to the formation of a branch of the Women's Institute here demonstrated your appreciation of the fact that "Education" comprises more than incanted within the walls of the school room only, and the work which it is hoped this organization may achieve shall be a perpetual reminder to members, both present and prospective, of the worthy spirit which prompted your active association with its inception.

The unfailing interest which you displayed upon all occasions in every movement for the general welfare of the community set a worthy example, and within that spirit of cheerful self-effacement which each may profitably emulate.

And now that you are to go from us, "forsaking all things," to dedicate your life to still nobler service, we can but fervently voice the prayer in the hearts of all, and humbly wish you "God-speed" in your chosen calling.

The space, though all too brief, during which it has been our privilege to know you, shall ever remain for us as a golden link in the chain of memory, and we trust that you also, on your part, may look back occasionally with kindly recollection to the days you have spent amongst us.

Words failing to express what the heart would utter, we ask you to kindly accept this little token, "A keepsake, in which is wrought Each giver's loving thought."

Signed, MRS. H. C. MCPHEE, (MISS) RETA O'HANLEY, ARCH'D P. MCCORMAC, HUGH C. MCPHEE, R. D. MCKINNON.

THE brilliant colours of the Orient are to be found in the gauzes, silks, laces and Chinese figured chintz, now so much in vogue for window hangings.

You need not feel that window grime and dust must damage your most precious draperies.

Wash them in the rich Lux suds. The creamy lather gently dissolves the dirt, and gives you back your hangings with colour undimmed and texture unharmed.

Sold only in sealed packets—dust-proof!
