AQUATIC MEET NEXT TUESDAY

The Aquatic Sports which were postponed some time ago, will take place next Tuesday evening at Kensington Beach at 7 o'clock, daylight saving time.

Mr. Fred Gaudet, who is one of the chief promoters behind this creditable idea, opines that by Tuesday a great list of entries will have been received by him.

No better situation can be found anywhere on the Island than this beach for aquatic sports. There is a stretch of about half a mile of clear sandy bottom, almost without a stone.

Mr. Gaudet, who conducts a refreshment booth in close proximity to the beach, is also showing every consideration and kindness to bathers by way of looking after all valuable, etc., free of charge.

Don't forget fellows—Tuesday evening, so get your entries in early.

Mr. J. A. McDonald Gets Big Reception

A very successful political meeting was held at St. George's on Monday night. Mr. P. W. Farrell presided and there was a crowded attendance.

The speakers in order were Hon. Dr. Grant, Hon. J. A. MacDonald, Hon. J. P. MacIntyre, Hon. J. D. Stewart, Mr. Thane Campbell and Mr. P. A. Scully.

Hon. Dr. Grant occupied the most of his time in telling funny stories, especially with reference to his own experiences, and did not touch in any serious strain on the important issues before the electors.

There was a marked difference when the Hon. J. A. MacDonald addressed the audience. He was received with loud applause and immediately impressed it with his serious discussion of questions of the utmost importance and his thorough grasp of the issues.

He had a splendid hearing throughout. The Hon. Mr. MacIntyre spoke at some length, and was followed by the Hon. J. D. Stewart, who had a most magnificent reception and dealt with the vital questions fully and effectively, especially the tariff question and the question of Old Age Pensions.

When he sat down there was thunderous applause. When Mr. Thane Campbell started to speak the audience immediately began to leave the hall, and by the time he had got under way only about a dozen and a half were left to hear him, Mr. Scully and Dr. Grant's rebuttal.

This was an extraordinary experience for St. George's, where the people, as a rule, will sit to all hours of the night to hear a political discussion.

SPORT JOTTINGS

May E. Grattan, 2.01 1-4, is the wonder pacer of the year without a doubt.

And Calumet Adam (2, 2.04 1-2), a three-year-old, was second in the \$25,000 Derby.

New Yorkers, at least, seem to expect that Al Einger will take Frankie Mandell's lightweight crown away from him when they meet at Yankee Stadium tonight.

Bessie McKlyo, 2.01 1-4, former queen of the Down East pacers, is ready to start in a free-for-all pace and Presque Isle people want such a race staged at Fredericton next week.

Primo Carnera is to box three opponents in Montreal, July 23, and two in Buffalo on Aug. 11. In each case he is to receive \$7,500 with the privilege of 60 per cent. of the gross gate receipts, he to pay the "opponents."

Louis Direct, 1.58 1-2, finally reached his new home at Armidale, New South Wales, on May 9. The stallion boarded the boat at New York on January 17, arriving at Sydney on March 8, after which he went into quarantine, not being liberated until May 8. R. C. Simpson, the new owner of the handsome stallion, is delighted with him.

"Kid" Chocolate, when so inclined, seems to be able to win by a knockout in return bouts with boxers who have previously gone the distance with him. That has been the case in

his last two bouts. At New York he stopped Dominic Petrone in the sixth, having previously just outpointed him in ten rounds. Last week at Buffalo he won in the third from Vic Burrone, who had twice gone the distance with him. Chocolate's next important bout will be on Aug. 7 against Jackie ("Kid") Berg of England. The bout is being promoted by the Madison Square Garden Corporation.

Three clubs in each major league are having a battle for the flag and as a result there is a merry spinning of turnstiles in six cities: Brooklyn, Chicago and New York of the National League are away ahead of last season's earnings at this period of the race. Boston is making money, too, thanks to a surprising fight made by McKeechne's men. Philadelphia is ahead of the game, but the Cards have not been getting the crowds and neither has Cincinnati. Pittsburgh will do better than break even. In the American League the Yankees have played to immense throngs. Washington, the surprise of the race, turned away 20,000 applications for seats on July 4 to see the twin bill with the Yankees. The Athletics have moved to big houses and are way ahead of last season. They are drawing well on the road, too. Boston is enjoying a fairly prosperous season. Detroit and Chicago have not lost any money up to date, but St. Louis has been cold to the team of Brownies under Killefer. Cleveland is away ahead of the game despite the recent slump of the Indians.

ROVERS LOSE TO STARS 3-2

League-leaders Drop Second Ten Inning Tilt in As Many Starts.

Gus McDonald, husky starboard flinger of the Stars again came into his own last evening, when he held the fast and clever Rovers to a few scattered hits and won a 3 to 2 victory in a nerve racking tilt that went one inning over the full route. Last night's game was easily the best ten inning fixture played on the Abergwilt diamond this season; from beginning to end it was six of one and half dozen of the other so far as picking a winner was concerned, and the score surely gives one a fair indication of the snappy baseball handed out by both nines.

FRASER GOOD

Young Art "Barney" Fraser, made his debut as a moundsman last evening. Working for the Rovers over the full stretch, he showed gameness under fire and lots of reserve and canniness, where a slight let-down or a bad pitch meant runs scored against him. Although on the losing end by a tenth frame run, he has nothing to reproach himself with. He hurled brilliant ball in every stanza and was cool and collected all the way. Great things are expected from "Barney" in the very near future.

As per usual only a sprinkling of fans were in attendance last evening, but those who were fortunate in being on hand, certainly got their money's worth.

With the City League about singing its "Swan Song," its now up to the Stars and Rovers to play off for the title, and judging by last evening's exhibition it looks as if the playoffs will develop into one herculean struggle before finis is written.

Farmers, Your Potatoes Are In Danger!

Farmers, your home market for potatoes is in jeopardy! The Dunning Budget has wiped out all Canadian tariff duty on potatoes, leaving only the Washington countervailing duty.

We give herewith from the Dunning Budget, now law, the tariff on specific items, and Mr. Dunning's own explanation of the working of countervailing duties:

Table with columns: Item, Tariff. Animals live: British pref. 25p.c., General 22 1/2 p.c.; Live hogs: British pref. Free, General 1 1/4c per lb.; Eggs in shell: British pref. 1 1/2c per lb., General 2c per doz.; Butter: British pref. 4c per lb., Intermediate 6c per lb., General 7c per lb.; Oats: British pref. Free, Intermediate 9c per bus., General 10c per bus.

(Provided that, if any country imposes upon oats produced in and imported from Canada rates of duty higher than are enumerated in this item, equivalent rates of duty shall be imposed upon oats entering Canada from that country.)

Table with columns: Item, Tariff. Potatoes: British pref. Free, Intermediate Free, General Free

(Provided that, if any country imposes on potatoes grown or processed in and imported from Canada, an equal duty shall be imposed on potatoes coming into Canada from such country.)

Mr. Dunning's explanation of this clause is as follows: "It has been decided, however, to embody within the wording of a limited number of items of this class provision for a 'countervailing duty,' whereby Canada, while not generally raising its scheduled rates, imposes upon such products from another country rates equivalent to those imposed by that country upon the identical Canadian product. WHERE THESE ARE HIGHER THAN THE RATES ENUMERATED IN THE CANADIAN TARIFF SCHEDULE. This means that other countries that both buy and sell to us these commodities, HAVE IT IN THEIR OWN POWER, BY RECIPROCAL ACTION ON THEIR PART, TO ENABLE US TO REDUCE DUTIES TO THE LEVEL OF THE RATES STATED IN OUR TARIFF."

These are the words of Mr. Dunning himself to be found on page 1711 of Hansard of May 1.

THE LEVEL OF RATES ON potatoes (stated in the Dunning Tariff, item 83, page 1715 of Hansard), IS FREE.

Therefore, farmers, let there be no mistake about it. When your potatoes are ready to market, your home market may be already flooded with DUTY FREE AMERICAN POTATOES as the result of Mr. Dunning's Budget.

WHAT HAPPENED TO BUTTER WILL CERTAINLY HAPPEN TO POTATOES through this interference with our Tariff in favour of the Americans.

Messrs. Sinclair, Jenkins, and MacLean fooled you over New Zealand butter, don't let them fool you over Maine potatoes.
