FINANCIAL NEWS BRIEFS

(Received over Pitfield and Co's Private Wire)

NEW YORK, Aug. 21—Not the least of the days unsettlement was in U. S. Government bonds. It is not unlikely that there is some selling of government issues by European holders who have been liquidating stocks and miscellaneous bonds. New York city and interior banks have been lightening their holdings of governments moderately with the steady increase in commercial loans. There is nothing immediately disturbing in this situation. There was buying of National Biscuit throughout the day and the stock closed at its high of the day at 25 3-8 against an early low of 24.

NEW YORK, Aug. 21—The far east still remains unsatisfactory. The wage discussion between the railway employees operating brotherhood and the management seem to be making no progress and it looks as though they may collapse. Congress will probably adjourn today for about the only important measure still to be taken care of are the Wagner Steagall Bill and a deficency appropriation measure. Car loadings last week showed a slightly better than seasonal expansion and still do not reflect the movement of the larger crop this year in the northwest. There is no overnight news which should help the market today except the probability that Congress will adjourn. However, after the fifth successive day of decline in stock average, it would be most unusual if the market closed lower today.

MONTREAL, Aug. 21—Cons. Chibougamau—Cons. Mining and Smelting has advised the Department of Mines at Quebec of the forthcoming closing down of operations at McKenzie Chibougamau property which statement that development did not justify any expansion of their operations. A. O. Dufresne director of the Bureau of Mines told Canadian Dow Jones today.

NEW YORK, Aug. 21—General market action is a trifle better. Howevtr, volume is small and would be inclined to look on over the week end.
