

**Resolution of Condolence.**

TO BROTHER JOSEPH CANNON.  
Whereas it has pleased Almighty God in his infinite wisdom to call to her eternal rest your beloved mother, we the officers and members of this Lodge do hereby tender to you and your family our most sincere sympathy in this time of your sad bereavement, and we most sincerely pray that He who guides the universe for His own glory may comfort you in this time of sore distress. You have lost a loving mother, and others a dear friend. We feel that these words of condolence cannot relieve you and your family, but we look with you unto Him who doeth all things well.  
Afflictions sore long time she bore,  
Physicians were in vain;  
But God gave ease when He did please,  
And freed her from her pain.  
CHARLES S. MILLAR, W. M.,  
W. B. HAYES, Rec. Sec.  
Signed in behalf of Kenneth L. O. L.,  
No. 1463.

**ENTRANCE TO BUFFALO.**

Brantford, Ont., Feb. 18.—There is an important railway rumor here to the effect that the Canadian Pacific Railway intend to continue its lines from Woodstock to this city in order to tap the Toronto, Hamilton and Buffalo railway, and thus obtain entrance to Buffalo for the Pan-American Exhibition business. Mr. Lumsden engineer is now here presumably in connection with this contemplated project.  
Another railway rumor is that the Grand Trunk will use the Buffalo line running from this city for the bulk of their exhibition travel.

**PRESIDENT SCHURMAN**  
of Cornell University.

**PRES. SCHURMAN'S OPINION**

President Schurman is in favor of buying the land possessions of the unpopular friars in the Philippines. This is in accordance with a suggestion of the Taft commission. Perhaps it is the easiest and cleanest way out of the difficulties presented by the Catholic church question in the islands. By the treaty of Paris the property rights of the religious bodies are recognized; but it is thought not inconsistent to take the extensive holdings of agricultural lands as by right of eminent domain, paying a reasonable compensation therefor. Some persons think that President Schurman's Binghamton speech was made by desire of the President to stimulate consideration of the subject by religious bodies and newspapers in order that he may discover whether public opinion will warrant the course. The question is one upon which no opinion that is worth much can be formed without a thorough knowledge of the situation. If the proposed new Spooner bill is passed, the President's authority will be absolute and one result is likely to be that people will trouble themselves less about the details of measures of pacification, although they may take a keen interest in the results accomplished.—Boston Herald.

**A WARNING.**

To feel tired after exertion is one thing, to feel tired before is another.  
Don't say the latter is laziness—it isn't but it's a sign that the system lacks vitality, is running down, and needs the tonic effect of Hood's Sarsaparilla.  
It's a warning, too—and sufferers should begin taking Hood's at once.
