POTATOES BEING HELD - Potato buyers, Traverse City, estimate that northern Michigan warehouses hold 1,000,000 bushels of potatoes for which the growers are demanding \$1 per bushel. They are being offered 60 cents. Some buyers are predicting a recurrence next spring of the experience of 1914, when hundreds of thousands of bushels of potatoes were dumped. Complaint is heard against competition with Canadian growers, which they declare is unfair owing to the short haul across the border at Detroit, and the duty-free privilege.
