OLYMPIAN ORCHESTRA

ADMISSION 35 CENTS

—VISITING FRIENDS — Miss Ruth Colpitts of Sackville is the guest of Mrs. T. Brenton Waugh, Wilmot Valley.—S

—CORRECTION—In the obituary notice of Mrs. Henry Compton the names of her three brothers were incorrectly given as her three sons. Mrs. Compton had no family. The names of her brothers are Fred and Leopold in St. Eleanors and Clifton in Wetaskiwin, Alta.—S

—GASPESIA CALLED — The S. S. Gaspesia made her regular trip to Summerside on Sunday. Among her large passenger list was Mrs. Major Small of Anticosti Island, who will visit friends in Summerside and surrounding districts.—S

—FISHERMEN DISCOURAGED —The lobster season opened on the South side on the 15th but so far the fishing has been very poor. Many of the fishermen report that owing to the extreme heat the lobsters have died in the boats before they arrived at the factory. When cooler weather arrives it is hoped the fishing will improve.—S

—HIGH TEMPERATURES—During the past few days some high temperatures have been recorded in Prince County. At Coleman the thermometer registered 99 in the shade on Monday; O'Leary 97; Linkletter Road 102, and at the Summerside Post Office 91. This is the highest recorded in the past twenty-six years, according to natives of the places mentioned.—S

—FUNERAL SERVICES — The funeral services for Mrs. Henry Compton were held on Tuesday afternoon at St. John's Church, St. Eleanors. Ven. Archdeacon C. de W. White officiated at the church and grave. The pallbearers were Messrs Arthur and Harry Jones, Bruce Bernard, Frank Sweet, Richard Hunt and Benjamin Mills. Interment was in the cemetery adjoining the church.—S

—GIVEN ONE MONTH IN JAIL —Two young men were arrested at Borden by Constable MacArthur of the R. C. M. P. on Monday night for stealing a ride on the train. They appeared on Tuesday morning at the Court House, Summerside before Mr. John E. Campbell, J.P. One of the young men said to have come from Charlottetown was fined twelve dollars or one month in jail. He took the month. The other man, said to belong to North Sydney, N. S., had his case held over until today.—S

—CONFIRMATION SERVICE — On Sunday afternoon at Mont Carmel Church His Excellency, Rt. Rev. Bishop O'Sullivan, administered the Holy Rite of Confirmation to 56 children. There was a very large congregation. In the morning His Lordship held confirmation service at St. James Church, Egmont Bay, where 143 children were presented to the Bishop by the pastor Rev. F. X. Gallant. There was a very large congregation present.—S

—ENJOYABLE BOAT SAIL — Miss Jean Townsend of Sherbrooke, entertained a number of friends on Tuesday evening in honor of Mrs. Walter Bar and Miss Louise Marshall of Fort William, Ontario; and Miss Ruth Colpitts of Sackville, who are visiting friends in the district. The first part of the evening was spent in an enjoyable sail along the north shore. Later in the evening the guests returned to the house, where refreshments were served. The remainder of the evening was spent in music and other entertainment.—S

—BLESSING OF THE BOATS—The ancient custom of blessing the fishing boats prior to their starting out for the season's fishing was observed on Sunday at Mont Carmel with all the time honoured ceremonies of the Roman Catholic Church. The day was fine and a large crowd assembled on the shore as well as in the fishing boats to witness the ceremony. Rev. Fr. Gallant, Parish Priest at Mont Carmel performed the ancient ceremony from one of the boats, with the fishing fleet gathered around. A Vesper service was held on the shore prior to the blessing. Two choirs, one in the boat and one on the shore sang hymns appropriate for the occasion and chanted the Psalms of the Vesper service.—S

—KENSINGTON CREAMERY REFRIGERATOR—A large new ice box was designed or draughted by Urg. McNutt C. E. of Malpeque and built into Kensington butter factory recently. The work was well done by Mr. Byron Thompson. It was on the suggestion and earnest solicitations of the butter maker Mr. Leo Hughes and Dairy Supt. W.H. Brenton that the addition was undertaken. Mr. Brenton pronounced it one of the best when finished. The factory, one of the oldest in the province, has a considerable increase in cream received over last year. The butter sells for the highest prices procurable, and the price paid to patrons for cream per pound is comparably high. The Secretary W. L. Delaney is introducing innovations in the management, for instance, semi-monthly payments to patrons, etc. He is trying to launch a campaign among the patrons for more intensive winter dairying and better feeding during the season when butter is high. With better winter feeding the factory would soon come back to its high position of production. —K

—NEW BARN AT HOPE RIVER—Phoenix like, from the ashes of the one destroyed by lightning on Sunday morning about four weeks ago, a beautiful new barn structure has risen on the farm of Leander Reid of Hope River. It is a shining example of what co-operative community effort and good will can accomplish in a comparatively short time. On Monday morning a tract of standing timber was bought—men gathered and cut the frame and hauled it to Simpson's mill and by Saturday night most of it was hauled to the building location. All the shingles, boards, nails, etc., were delivered by truck from R. T. Holman Ltd. The framing, etc., was superintended by Walter Reid of Hope River. The roof was shingled in time to house the hay crop. Seventy thousand shingles were used. Mr. and Mrs. Reid were shocked and considerably discouraged by the second barn burning within a few years, but "sweet are the uses of adversity" —they are both feeling better now, Mrs. Reid having returned from the hospital and is nearly recovered from the shock.—K.

Metal Group Lead Uptrend In Montreal

(C.P. By Guardian's Special Wire)

MONTREAL, Aug. 21 — Metals soared on the Montreal Stock Exchange today and provided the necessary impetus for the list to halt its reactionary downtrend.

Buoyancy here was in sympathy with the metal group in Wall Street, following recent strength in the price of copper and heavy demand for this commodity, as well as the sustained and increased activity in the United States steel industry.

Consolidated Mining and Smelting closed at 173, which erased yesterday's substantial loss of four points and added another four for good measure. International Nickel moved up to 29 1-4, its highest point since 1930, before closing at 29, up 1-4 point net.

Power issues, on the other hand, did not fare so well. Brewery stocks with only one exception, were stronger. National Breweries common advanced 1-2 point to 37 while the preferred stock picked up 1 1-2 points at 41 1-2 to recover ground lost Monday.

Dominion Coal preferred at 15 3-4, was off 1-4 to a new low while Dominion Steel and Coal "B" gained 1-4 points to 5 1-4 and Canadian Steamships preferred eased 3-4 to 7 3-4.

Total sales were 10,275 shares; bonds $22,300.

Cubs Turn Back Ramblers 9-7

"Dope" Daly's Cubs gave the Ramblers their first defeat of the season on Monday evening. These two Industrial League teams have been playing outside competition and this was their first meeting. The Ramblers for the most part have been playing western teams while the Cubs have been playing games against Charlottetown opposition.

Seven innings were completed and the large crowd present were kept on their toes during the whole game. A certain amount of comedy was in evidence which, however, did not interfere with the quality of the baseball and indeed the fans are clamoring for another game between the same two teams for this weekend.

The younger Ramblers got away to a rather shaky start which saw them on the short end of a 7-1 score at the end of the third. From then on however they waged a game fight and in the final frame could have tied the count with a timely hit which however did not come and runners perished at second and third.

The two features of the game were the pitching of Arsenault and Sheen and "Al" Clow's scintillating play at short for the Ramblers. The diminutive infielder pulled off two remarkable catches of hard liners which would have scored runs for the Cubs had they not been fielded.

The pitchers too, excelled themselves and mixed speed with fast breaking slants to good advantage. Both bore down to leave many stranded on the paths. A certain amount of "crabbing" was heard from a few of the players and it is to be hoped that these few will refrain in future games as nothing but harm can come from disputing officials and it is not at all popular with the crowd.

BASEBALL'S BIG SIX

(A. P. by Guardian's Special Wire)

Buddy Myer shoved Hank Greenberg out of the big six yesterday in one of the almost-daily changes in the ranking of the American League hitting leaders while Arky Vaughan, big six pace setter, went hitless four times at the plate and still didn't drop below the .400 mark. Myer, hitting three times in six attempts, sent his average up two points to tie Doc Cramer for the second American League berth while Greenberg hit only one out of seven for a three-point loss. Jos Vosmik led the clouting with four hits in nine times up while Joe Medwick and Gabby Hartnett each hit three out of five. The standing:

St. Eleanors And Linkletter Even-up Series

St. Eleanor's won an exciting softball game from Linkletter by virtue of a three-run splurge in the last inning. The game was rather late in getting under way and only five innings were completed.

Going into the last half of the final frame Linkletter enjoyed a 1-run lead but St. Eleanor's were not to be denied and pushed the tying and winning markers across and threw in one for good measure. The final score was 11-9.

This is the seventh game which these two teams have played, each having won three and there was one tie game. After the harvest a final game is to be played to try and decide a winner.

The winners will then enter a team to play in the county championship and if not eliminated will attempt provincial honors. Both teams have an abundance of backers who will be pulling for their home team.
