Tortures of Chronic Dyspepsia Cured By "Fruit-a-tives"

SYDNEY MINES, N.S., JAN. 25th, 1910
"For many years, I suffered torture from Indigestion and Dyspepsia. Two years ago, I was so bad that I vomited food constantly and lost 25 pounds in weight. I was afraid the disease was Cancer."

I read about "Fruit-a-tives" and the wonderful cures this fruit medicine was making, and I decided to try it. After taking three boxes, I found a great change for the better and now I can say "Fruit-a-tives" has cured me when every other treatment failed, and I recently say "Thank God for 'Fruit-a-tives'"

To All Dealers Who Handle BUTTER

We wish to point out briefly the advisability of placing butter in COLD STORAGE during the season of plentiful supply, carrying it over to the time of usual scarcity. In this way supply and demand, with corresponding prices, are more evenly balanced, resulting in benefit to all concerned.

The BUTTER is held in our storerooms at an even temperature, under the most up-to-date system of mechanical refrigeration, which actually improves the quality.

Details of storage rates, with any other information possible, will be furnished on application. We are open to purchase a limited quantity of Strictly First-Class DAIRY BUTTER, and would be pleased to hear from dealers having any of that grade to offer.
