THE WESTERN GUARDIAN

—IT PAYS TO buy in this Province

—MR. FRANK LAFFERTY is Guardian Agent in Summerside.

—THE MORNING DAILY Guardian can be obtained at Lafferty's Tennis Parlors, Summerside.

—BASEBALL.—The fourth game in the Prince County Baseball League was played at the school grounds on Monday evening between the Independents and the Pioneers and was a well played game although the score would not indicate such. Seven innings were played the Independents winning by a score of 9 to 0. The batters were pioneers: F. McNeill, Willard McNeill and Somers; Independents Morrison and Oliver; Umpires McCollough and Whitney.—J.

—TOWN COUNCIL.—The regular monthly meeting of the Summerside Town Council was held in the council chamber on Monday evening, the Mayor and all the Councillors present. After the reading of the minutes of the last meeting a communication was read complaining of the bad state of the pavements and the inadequate lighting and fire protection on Poplar Avenue this was referred to the street and wire and light committee. The term of Mr. Neil McQuarrie as School Trustee having expired Mr. Neil McLeod, K. C. was appointed in his stead. A petition from the residents of Granville Street asking for a concrete sidewalk on the west side of that street led to some discussion in which it was shown that it was fair to build a concrete sidewalk on both sides of the street when there was so many streets having none on either side, it was finally decided that where a concrete walk exists on one side of any street no more would be made to build one on the other side this year. A request from the concrete workers asking for a raise to 20 cents per hour or a half holiday on Saturday, providing that full time had been put in during the week was met by resolution to pay the men the same rate of wages as was paid last year. The Mayor submitted an estimate of the cost of permanent work on Water Street, made by a prominent engineer, the work being done with concrete. The estimate was for the building of concrete roadway 30 feet wide the concrete being laid 7 inches thick, the total cost of such paving and drainage being \$20,226.15. It was stated that the Local Government was asking for possession of Market Building as soon as possible and that no time should be lost in obtaining plans for the new civic building on the property recently purchased from Mrs. James McLeod on Summer and Poultry streets the buildings on which were sold by auction last evening. Other business was discussed by no action taken after which the council adjourned until next regular meeting.—J.

CITY OF SYDNEY WRECK OFF SAMBRO ISLE

MONTREAL, June 6.—Captain Lind say, Dominion wreck commissioner, who, with Captains Neil Hall and R. MacDonald, as assessors, investigated the stranding, off Sambro Island on March 17th, of the City of Sydney, has given his finding in the case.

This is to the effect that the accident was caused by D. M. MacDonald, the master, not allowing sufficiently for a westerly set along the southern coast of Nova Scotia. The court also finds that the master should not have proceeded after hearing the fog signal on Sambro, and that had the engines then been stopped, the accident would probably have been avoided. Besides censuring the captain, the court severely criticized what appears to be the common practice on the coast of vessels proceeding at full speed in fog, which is contrary to section 16 of the international rules of the road. The crew and passengers on board at the time of the accident were saved, but the steamer was so badly damaged that it was abandoned.
