PROGRESSIVE BREEDER—One of our most progressive young breeders of Clydesdales is Mr. George Kitson of Hampshire. Mr. Kitson imported last year from Quebec a very fine Clydesdale stallion "Argenteuil Eey", with which he has been doing good service in his section of the country. Some very fine foals have been sired by this horse, and, as an encouragement to the owners and the horse breeding end in general, Mr. Kitson has offered in the Prize List of the Charlottetown Exhibition the sum of \$15.00 to be divided into two prizes for the best foals sired by the above mentioned horse. Mr. Kitson also owns a very fine Clydesdale mare, winner of seven championship ribbons and three gold medals put up by the Clydesdale Horse Association of Canada for "champion mare, any age" shown at the Charlottetown Exhibition. With a foundation of this kind this progressive young breeder should make rapid strides in the production of horses of high type and quality.

New Annapolis And Vicinity

July is here with days of heat, which make the crops to grow. The turnips, spuds and gardens all

Are ready for the hoe. The farmers never lack a job. But each day brings its work. And always think they're right on It doesn't pay to shirk.

The strawberry season is here again, and needless to say many are taking advantage of the luscious fruit. There is a fine crop of the wild ones in this vicinity.

Although Monday, July 2, looked doubtful, a great many cars passed thru' New Annapolis en route to Summerside where they attended the Races there. There were a large crowd in attendance and the racing, it is said, has never been better.

for HARD-BOILED SERVICE

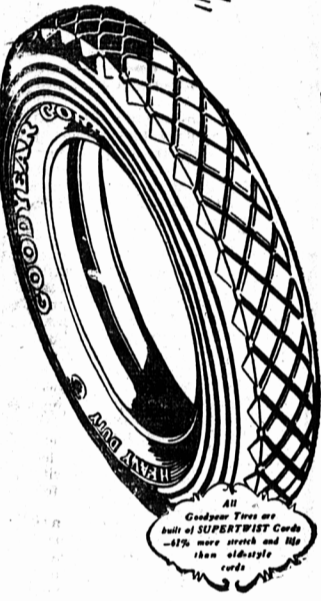

THOUSANDS of tires face real, hard-boiled service.

Tires on light trucks and delivery cars—often carrying excess loads. Tires on taxicabs—going day and night. Tires on trucks. Tires travelling mostly on stony, rutty roads.

A tire must be rough and tough—filled with brute strength—to take such punishment. Goodyear has provided such tires in the Goodyear line. That they do a job is proved by the fact that more people use them than any other brand.

And if they do a job in that kind of service, what a job they will do under easier work.

If for any reason you find ordinary tires not giving the service you want on your car or truck, ask the Goodyear Selected Dealer to show you Goodyear Heavy Duty Tires which will.

ent to the Throne of Poland, it is said and two daughters of the Spanish Monarchs will be wedded, one to a foreign Prince and the other to a titled member of one of the most aristocratic families of Spain.

He decided to give any statement on the conference at the moment beyond saying that it was not by any means what the Province had hoped for.

"We have not given up hope yet. We have nothing definite but there may be some developments in a few days which will improve the outlook," the Attorney-General stated.

Hen. W. J. Major, Attorney-General, returned to Winnipeg to-day from Ottawa.

He decided to give any statement on the conference at the moment beyond saying that it was not by any means what the Province had hoped for.

Confidence

Unless one has as much confidence in his tires as the polo player has in his mount—the element of uncertainty steals half the joys of motoring.

MONKEY GLANDS CHANGE GREY HAIR

LONDON.—Dr. Serge Voronoff, who claims that human beings should live 140 by his grafting of monkey glands treatment, states that re-

their hair, but the hair which grows handicapped, owing to your anti-vivisection laws. Grafting can only be carried out in England when the glands are taken from a human being between three and six years. A person can easily be grafted, be operated on unless one holds a licence.

Results similar to those obtained with men are only got after three monkey glands are grafted into a woman. He added.

"A peculiar difference between the effect on men and women is that women regain the natural color of
