HOW CHILDREN ARE QUICKLY STRENGTHENED.

Develop Them with Ferrozone, which Makes Rich Blood, Hardy Muscles, Steady Nerves.

Children brought up on Ferrozone are known by their strong rugged frames, their chubby cheeks and beautiful appearance.

Mother find it an indescribable tonic and body builder, and in thousands of homes no other remedies are used.

Mr. F. Montgomery, of Pittsburg, writes: "A little niece came to visit me, and noticing her pale and haggard looks, I sat at her side on a rainy afternoon and administered Ferrozone. The change that girl underwent in a few weeks was marvelous. Her appetite cheered up, she had more spirit and strength, and a rosy colour came into her cheeks that I never saw there before. I weighed my niece about the time she started to pick up and in seven weeks she gained almost 15 pounds, and just looked the picture of health. I think this should be no example to many mothers, and I hope that others will try Ferrozone for their little boys and girls. I am thoroughly convinced that it's the most strengthening tonic. It has my strongest endorsement."

The reason Ferrozone works so beneficially on the blood, freeing it of all unhealthy matter, at the same time giving it an additional supply of iron, is that it at once results in more strength, new spirit and renewed vitality. Just one tablet at meal time works wonders.

Refuse to accept any other. Get Ferrozone, and the result we guarantee will be satisfactory. Price 50c per box or six boxes for \$2.50 at all dealers.
