IN MEMORIAM

MR JAMES MOFFATT.

In the passing of Mr James Moffatt, which occurred at New Glasgow yesterdayday, the province loses one of its finest citizens. He was born in Scotland in 1817 and was one of a family of six. He followed farming from his youth and was justly and widely regarded as one of the prominent and enterprising agriculturists of the province. His farm is situated at New Glasgow, and besides his agricultural pursuits he was a successful stock raiser and engaged considerably in dairying.

The late Mr Moffatt was eminently respected, and was one of those to whom the people look for wise counsel, both by precept and example. He was a Liberal in politics. In church and state he was a notable man, being a consistent member of the Presbyterian Church for nearly sixty years, and for a long period elder and precentor in the congregation. He was a man who kept himself abreast of the times and took the deepest interest in all that pertains to the advancement and the moral and spiritual welfare of the community. In 1847 Mr Moffatt married Miss Jane Arthur. They had six children, of whom the following are now living: William, a prominent farmer on Mayfield; Artemas, who resides on the homestead; Mrs John McDonald, Mrs P. P. Archibald, and Janie at home. The Guardian extends respectful sympathy.

MADE IN BRITAIN.

Immensely Popular British Medicine Now on Sale in Canada.

It is well always to know where to lay one's hand upon a really reliable home remedy for the more frequently accurring ills of life, and we are pleased, therefore, to call attention to the announcement of Dr. Cassell's Tablets which appears in this issue. These Tablets are entirely a British production, made in Manchester, England, and owned exclusively by British citizens. As a remedy for dyspepsia and nervous troubles, Dr. Cassell's Tablets have proved so successful that their sale in the old country exceeds that of any other preparation of their class. An ever-increasing Canadian demand has now induced the proprietors to establish an agency in Toronto, from which retailers in all parts of the Dominion will be supplied. The Tablets can, therefore, be obtained now from any Druggist or Storekeeper. For testimony to the efficacy of Dr. Cassell's Tablets we refer readers to the firm's advertisements and may add that no testimony is ever published in connection with this medicine until full investigation of the case has been made by experienced representatives of Dr. Cassell's Company.

THE UNITED STATES POTATO MARKET

The value of the United States market to Canadian potato growers may be gauged by the following extract from a letter received yesterday by one of the largest produce merchants in Charlottetown in reply to an enquiry in Boston as to the potato outlook:

"I cannot see much chance for any importation of potatoes from your province as there are more potatoes in this country than will ever be used. We are buying white potatoes in Maine at the present time at from 15 to 17 cents per bushel and are having hard work to sell them to get our money back even at that price. There is more than 60 per cent. of last year's crop still left on the farmers' hands and we can see nothing but a bad market for the balance of the season."

Our farmers, as The Guardian has repeatedly pointed out, must depend upon other than United States markets for their potatoes.

TIGNISH

—INTENDED RECEPTION.—If all plans now under way are carried out, a rousing reception awaits Senator P. C. Murphy upon his return home here, in honour of his splendid speech in the Senate the other day. His friends, irrespective of party politics, his constituents and the general public admire the diplomacy and statesmanship of this well known orator and politician. Senator Murphy, in championing Britain's cause in the present warfare only voices his past devotion to his country and King, for it is no secret that he sacrificed two of his young sons to enlist, who are now in training preparatory to going to the front soon.—Z.

—FOX KING AWAY.—Texas and the Southern Metropolis will be visited by the Hon. Charles Dalton while on his extended visit in the United States, which the writer learns will be several weeks longer. The hon. gentleman mantains a superb home in Tignish, having a gifted wife and daughters, who take leading parts in all the Red Cross work, besides entertaining their friends royally.—Z.

—HOME FOR WINTER.—Mr Melvin Gallant, son of Capt. Frank Gallant, of Leoville, with his wife are home from Maine for the winter months. Having been recently married, this young couple are being entertained by Mr Gallant's former friends here.—Z.

— MARDI-GRA FESTIVALS. — Never in all the history of this part of the province has Mardi-Gras season been celebrated as it is this winter. For the last week whist parties, socials and dances have been held nightly, and weather being examplary, with roads unexcelled, pleasure seekers have availed themselves of these conditions and kept up the merriment which will soon end by Lent coming on Ash Wednesday.—Z.

—COMING SOON. — Negotiations have ended favourably to Mr Amable Bernard, qf Sydney Mines, in his purchase from Mr C. F. Morrisey of a valuable site on Main Street, which will be opened as a tinshop about May 1st. Tignish was formally the home of Mr Bernard, who while here carried on a similar business, but when the boom was on in Sydney Mines moved his business there and amassed a snug fortune. In an interview with him recently the writer was informed that at the present time competition was too close throughout Cape Breton in this line of business, hence after much deliberation Mr Bernard decided that Tignish was making such progress that he was certain he could carry on his business successfully here.—Z.

—GOOD BUSINESS.—That the war scare has no effect on the stores in general throughout this part of the province is shown by the large shipments of goods arriving daily to the retail stores of Tignish and Alberton. From several managers of the leading retail and wholesale establishments the writer learns that the business in general since the war broke out has shown no decrease and the expectations of good business in the future are such that a great deal more goods are being bought now than what was bought last year at this time.—Z.

—USE THE SOFT PEDAL.—To all those who are the loudest advocating the dismissal of the police officer and doing away with the office entirely, the writer counsels the above warning. All fair minded citizens know that since this town became incorporated and has had police protection it has been a decided change for the better, liquor selling has decreased, the crowd of ruffians who constantly congregated around the corners daily have vanished and people no longer fear to drive away at night in the dark expecting a missle of some sort being thrown at their heads, or have their property stolen or destroyed, for such was the case here on several occasions previous to having police protection.—Z.

—PASTORAL LETTER. — Both Palmer Road and Tignish Catholic Churches were crowded Sunday the 14th during Mass, to hear the annual Pastoral Letter read from the pulpit dealing with the general review of the Catholic Church during the fiscal year, besides the lenten regulations as laid down by His Holiness Pope Benedict. In this year's letter quite a space was devoted to the generous donation of Hon. Charles Dalton to the St Dunstan's College. The letter as a whole dealt with the present war situation, exhorting all Christians to pray for universal peace.—Z.

A FRIGHT FOR THE KAISER.

Effect of Officer's Pleasantry.

From German sources there has reached Holland an amusing story of how a Landstrum officer, wishing to please the Kaiser, gave him instead a very sharp shock. While the Emperor was visiting his troops in the Argonne, he was invited to accept the hospitality of an underground buffet which the officers of one of the trenches had fitted up and made amazingly snug. There he drank a glass of wine and chatted pleasantly to those who were following him, but as he left he suddenly found himself face to face with or rather almost in the middle of what appeared to be a strong force of the French. The tension for the moment was great. Then a German officer stepped forward. He was covered with confusion at the shock which had been created by what he had intended as a pleasant surprise. He explained falteringly that the Frenchmen were a company of prisoners whom he had brought to see his Emperor.

ROUNDING HIM OFF

An affable book agent approached a prominent Texan.

"Colonel," said he, "those are mighty fine boys of yours."

"The finest ever,' stranger," acquiesced the colonel. "The finest in Texas."

"I reckon you buy them anything they want?"

"Why, sure, stranger: I buy them anything they need, whether they want it or not."

"Then colonel, let me sell you a cyclopaedia for them. There's nothing else that will benefit them so much."

The colonel looked at the agent in astonishment.

"Why, stranger," said he, "them boys of mine don't need no cyclopaedia. They ride mules."

SEIZED LIQUOR WAS DESTROYED BY THE POLICE.

(Fredericton Gleaner, Thursday.)

It took Chief of Police McCollom, assisted by Sergeant William Duncan and Patrolman Marshall five hours to destroy seized liquor to the value of upwards of $1,000 at the police station last evening. Rev. Dr. W. H. Smith, Rev A F Newcomb, Rev J E Wilson, Rev Thomas Marshall, Rev S A Baker, Ald Joseph Walker, chairman of the Administration of Justice Committee and ex-Ald. John J. Weddall were all present on the invitation of Chief McCollom to watch the operation. Forty barrels of bottled liquor, including whiskey, brandy, gin, ale, porter, etc., as well as a number of bottles of champagne, sherry and port wine were in the lot, being the product of several raids. The policemen started at work at seven o'clock and were breaking the last bottle as the clock struck 12 o'clock. Some of the former owners of the liquor endeavored to have it turned over to the hospital instead of being destroyed, but were unsuccessful.

NO FORMAL CHARGES HAVE BEEN MADE

FREDERICTON, N. B., Feb. 12. — Rev. Thomas Marshall, chairman of the Fredericton Methodist District, returned this morning from St. John, but up to this afternoon he was not prepared to make any statement as to what action the Methodist Church will take in the matter of the charges that a minister of the Church on the Nashwaak Circuit had been preaching anti-British sermons, discouraging the Belgians and Canadian soldiers, and otherwise showing a lack of patriotism which should characterize Christian ministers' actions. Rev. Mr. Marshall said, however, that as chairman of the district, he had not as yet received any formal charges against the minister involved and was unable to tell what action would be taken by the church authorities in the event of no formal complaints being made.
